Stepdaughter and Niece Each Seeks Appointment for Old Lady.

ESTATE SUIT IS INVOLVED

Mrs. Margaret Lyle, Who Had Her Brother Removed as Administrator of Estate of Another Brother, Too Feeble.

A conteat whethehr Mrs. Kate Protsman or Mrs. M. S. Weodcock shall be appoint ed guardian of Mrs. Margaret Lyle, o this city, who is \$2 years old, may reveal facts of a sensational character concern-ing the estate of the late John A. Craw-

ford, said to be valued at \$150,000. John A Crawford was a pioneer resident of Alhany, and he died on January 31, 1900, and a short time before his death he deeded most of his property to his brother, R. M. Crawford. Mrs. Lyle is a sister of the deceased and of R. M. Crawford, and she took legal steps to obtain her share of the property and to set aside the deeds.

Each Seeks to Be Guardian.

Now that she is very old and in need of a guardian, Mrs. M. S. Woodcock, a niece residing in Corvailia, filed a petition ask-ing that she be appointed, and this petition is also signed by John Simpson, of Corvallia, and George Simpson, of Albany, nephews of Mrs. Lyle, and R. M. Crawfurd. In opposition to this is a petition presented by Mrs. Kate Protuman, a step-daughter, asking that she be made guar-dian, and accusing the others of acting dian, and accusing the others of acting in the interest of themselves and R. M. Crawford, and to deprive Mrs. Lyle and her heirs of their portion of the estate of John A. Crawford. The hearing is before County Judge Webster, who is taking tes-timeny so as to determine if there is any undation for the charges made by Mrs. rotyman

Removed as Administrator.

Soon after the death of his brother, R. M. Crawford was appointed administrator of the estate, and he filed an inventory stating that the property was worth only 1980. Mrs. Lyle sued to have R. M. Craw-ford removed as administrator, and sucreseded in October, 1994, she also began suit in the State Circuit Court of Linn County to set adde the deeds conveying practically all of the property to R. M. Crawford by J. A. Crawford prior to his death, alleging that they were procured through fraud and without consideration. This action is still pending. Mrs. Lyle has for some time past been making her home with Mrs. Protzman, her stepdaughter, in this city, and is now unable to take care of herself or manage her affairs. For this reason Mrs. Proteman desires to be appointed guardian and to defeat the othappointed guardian and to defeat the oth-ers, who, abe says, are standing in to-gether. Judge Webster will decide after hearing all the facts. Carlton E. Sax, of Albany, appeared as attorney for Mrs. Protaman, and M. L. Pipes, of Portland, and W. R. Bilyeu, of Albany, for the oth-

Cities Asked to Join Portland.

Letters are being mailed to all the Mayors of cities in the Northwest, inviting them to participate in Portland day at the Lewis and Clark Exposition. The letters state that all the cities participat-ing in this monstrous celebration, the biggest of the entire Exposition, will re-ceive very valuable publicity as munici-

palities. The management suggests that the dif-ferent cities provide suitably decorated floats emblematic of their principal industries, to take part in the grand parade of Portland day. It recommends the ad-visability of a local committee being appointed by the Mayors, to prepare for the participation. The letters state that representatives will visit all of the different cities that have been invited to co-operate in the celebration of Portland day. Similar communications have been sent to all of the state commissions at the Exposition

HE SPEAKS TO THE CONGREGA-TION AHAVAI SHOLOM.

Life and Character of the Preacher Are All Important, Declares the Speaker.

The synagogue of the Congregation Ahaval Sholom at Park and Clay streets was packed to the doors last night to hear the first sermon of Rabbi Wolff Willner. The doctor impressed his audience very favorably with his quiet and dignified delivery and manifest earnest ness. His continuous and fluent flow of

excellent English pleased all present.' His

topic was "The Declaration of Principles," and he enunciated the fundamental principles of the spiritual guide. Basing his remarks on the verse Malachi regarding the priest's duty he reiterated the sentiment of the rabbis of old that the message delivered by the preacher to his congregation could be effective only then when the preacher like a true measurger of God practiced and performed all the duties put upon him by the one who had sent him. The first regulaites of the minister therefore were sincerity and good character.

"Eloquence," continued the doctor, "is required but not all important, life and example set in the daily work of the preacher give better lessons than mere rhetorical flow of language.

Syrup of Figs has also met with the approval of physicians generally, because they know it is wholesome, simple and gentle in its action. We inform all reputable physicians as to the medicinal principles of Syrup of Figs, obtained, by an original method, from certain plants known to them to act most beneficially and presented in an agreeable syrup in which the wholesome Californian blue figs are used to promote the pleasant taste; therefore it is not a secret remedy and hence we are free to refer to all well informed physicians, who do not approve of patent medicines and never favor indiscriminate self-medication.

Please to remember and teach your children also that the genuine Syrup of Figs always has the full name of the Company-California Fig Syrup Co. —plainly printed on the front of every package and that it is for sale in bottles of one size only. If any dealer offers any other than the regular Fifty cent size, or having printed thereon the name of any other company, do not accept it. Crawford was removed as idministrator of his brother's estate, and John Simpson, a nephew, was appointed administrator. The gist of the story is here. From the foregoing it will be seen that the Crawfords, by deeds, etc. effectually carried out the law of prime-

geniture to which they were accustomed in the old country. The property went to the oldest male heir every time, and un-der the same influence Robert Crawford our the same inductive Robert Crawford would leave his property to the Simpsons. If Mrs. Kate Protzman, the adopted daughter of Mrs. Lyle, could be appointed guardian of Mrs. Lyle, she could institute inigation that might restore to the John Crawford estate for administration property worth thousands of dollars.
