Dr. Haynes Pleads Before Seattle Baptist Church.

ASKS FOR A SQUARE DEAL

No Mention Is Made by Chicago Minister of Difficulties With Western and Transcontinental

Passenger Association.

SEATTLE, Wash., Sept. M.—(Special.)— The Rev. Myron W. Haynes, black-listed by the Western Passenger Associa-tion, pleaded before the congregation of the First Baptist Church here this morn-ing for a "square deal; a chance to make good."

The minister whose coming has split the church into two factions announced yesterday that he would make a statement to his new flock this morning, but he did not mention either the difficulties with the Western and Trancontinental Passenger Association of the charges con-tinually advanced by Mrs. John Gray. His reference to church factions was in-

this was the call of God." Dr. Haynes told his congregation, speaking of the invita-fion to come to Seattle, "but when I de-cided it was, no power on earth could have kept me away."

Dr. Haynes believes in visions; he said so this morning. He believes that "God speaks to his people," and he cited two instances that he claimed affected his life: The first a vision that came to the widow of his predecessor at Belden-avenue Church, telling her of his name as the successor to that pastorate, and a later vision, the recipient not named, which carried him westward.

The Chicago minister insists he has come West to stay; whether he remains with the First Baptist Church or not, he told the congregation that he proposed to live in the West for the next quarter of a century. His bridges, he declared, were burned behind him.

His plea for a "chance to make good" here prefaced a short sermon. The key-

note of the sermon was "making good" arising to a situation and interspersed through it all ran an enthusiastic story of future Seattle and the opportunity for ng men. It was a most politic sermon, wered forcefully and to an audience that gave him rapt attention. Dr. Haynes is a strong pulpit orator and his initial service unquestionably affected the anti-Haynes faction. He referred incidentally the fact that this service concluded his 26th year in the ministry.

The hour has arrived for which we have been looking." Dr. Haynes said boldly at the outset of his self-defense introduction. 'I am here: I am here to stay. I have burned every bridge behind me. I have come to make Seattle my home for the next quarter of a century. I do not know that I will be your pastor for a quarter of a century: I do not know that you would want me to stay or that I would want to stay with you, but I have come to make this city my home. I have come here to demonstrate my nobility of purpose and the stability of my Christian

Asks Venezuela to Reconsider Note Breaking Off With M. Taigny.

CARACAS. Sept. 24.—The French government has asked the Venezuelan government to reconsider its last note.

'The government holds documents proving that the French Cable Company has accepted the result of the judicial proceedings brought against it. More than 100 fine, new pianos were sold by Ellers Piano House at retail last week.

New records are being established, new standards for future endeavor have been given to this store and to the world, for that matter.

The enduring, every-day pianos, the terms of seiling, the warranty and the low prices that other concerns would despair of achieving, all combine to make this business possible. The world's finest instruments are here: Boston's best—the Chickering, New York's hest—the Weber. Chickering, New York's hest—the Weber. Chicago's best—the Kimbail, Philadelphia's best—the Lester, and many other pianos and organs of worth and merit.

The stock was never so great, so thoroughly comprehensive and attractive. All demands have been met, from those who want the reliable Hinze, or Charendon piano, or even a Bailey or a Marshall, or a Weber Orchestral, up to those who require the magnificent Chickering at from 1500 to 18000, or a Weber or a Weber Planola-Plano at 1800 and 18000.

What an array this is! What chance for comparison and selection! Is it any wonder that the Ellers Piano House leads the world?
