John P. St. John Declares Women Should Have the Ballot in Order to Fight the Saloons.

The Temperance Congress closed yesterday with two large mass meetings in the one for men the other for afternoon, women. The men's meeting was held in the Marquam Grand Theater under the auspices of the Young Men's Christian Association. Clinton N. Howard delivered an address upon "Ten American Problems." before a big audience. The speaker said the ten great problems

before the American people for considera-tion are the saloon, increase of crime, mob law, divorce, social impurity, gambling, suicide, insanity, idlocy and mur-der. His discourse was mainly directed against the saloon, which he classed as the most important of all the problems to be dealt with, being the chief source of the other evils. Mr. Howard continued:

Cost of the Edifice Is Entirely Provided For by Efforts of Members.

Dedication of the new Hebrew School Synagogue, Dr. Magker, rabbi, took place yesterday afternoon in the edifice on First street near Hall, the ceremonies, which were largely attended, being conducted entirely in the orthodox manner. Features of the services were the Hebraic re-sponses by several of the Sunday school

children to the chanting by Instructor Metzog. The pronunciation of the pupils was said to be remarkably correct, and the uniqueness of the idea is apparent when it is realized that no other synagogue in the Northwest possesses this

distinctive feature. The cornersions of the building was laid five or six weeks ago. There was then considerable indebtedness. Through the

efforts of the Sunday school children \$300 was raised toward the liquidation of the indebtedness, and at the dedicatory cereindebtedness, and at the dedicatory cere-monies yesterday an additional 3000 was subscribed, leaving but 3000 due, which has already been promised by several members of the congregation, and which will be donated before next Friday, when construction work will be entirely include: construction work will be entirely finished Although the building was not fully completed, it was deemed sufficiently ad-vanced to justify holding the services there as planned. The programme in-cluded the opening anthem, by 46 Sunday school children, after which the first cir-
