BUCK’S HOT-BLAST HEATERS

Time now for careful consideration regarding the heating of the house during the coming season. Where economy and perfect heating qualities are to be considered Buck’s “Hot-Blast” Heaters combine those and many other necessary and exclusive features. The true “Hot-Blast” principle, as contained in Buck’s Heaters, induces a constant circulation of air in the room thus insuring against dead air. In our store department is now shown a complete display of modern heaters.
