FOOTBALL TOURNEY TODAY.

Association Games Between Portland and Ladysmith, B. C.

In spite of rumors to the contrary, the Portland Association football club will proceed with its football tournament today, tomorrow and Saturday, at the Multnomah Athletic Club grounds, the only opponents of the Portland Club being the strong Ladysmith Association football club, from British Columbia. Play each day will start at 2:30 P. M., and the contest for the gold medal will be determined by the best two games out of three. That is to say, the Portland and Ladysmith will play each of the three afternoons, commencing this afternoon. The Ladysmiths are one of the strongest teams in British Columbia, and play the game in hard-checking, skillful combination fashion such as is seen in Canada. The famous Pilgrims, composed of the pick of English players, now on tour through the Eastern States and Ontario, went up against hard-checking Canadian eleven the other day at Berlin, Ontario, and to every one's surprise were not only defeated but severely punished. The Canadians have introduced a new fighting—but not mauling—element into football that counts, and the Ladysmiths have come here at their own expense from a far-off city determined to win that gold medal. On the other hand, the Portlanders are composed of hardy Canadians now residents of this city, and athletic-looking Scotch, English and Irish. They have all played a strong game for years, and go into the fight eager to demonstrate that Oregon has a team that will take care of anything on the Pacific Coast. Up to a few days ago there were good hopes that association clubs from California and Ilwaco and South Bend, Wash., would take part in the Portland tournament, but they have backed out. This is a pity, as Portland, which sent out a weak team to Ilwaco three years ago and was then easily defeated, is now in a position to beat Ilwaco. It is now up to the Portland and Ladysmith to show fast play and illustrate what association football really is. All interested in this new game are invited to attend.

TREAT ALL RACES ALIKE.

Many Fall Under Ban of Immigration Bureau. The Chinese are not the only nationality to fall under the strictures of the immigration bureau. It is equally severe in enforcing the laws when applied to citizens of other countries. Yesterday Kirk Aplitz, a subject of King Edward, and a sailor on the ship Thistle, who desired to become an American citizen, was taken from the County Jail for deportation, after having been incarcerated for 21 days because he had attempted to enter the country in violation of its immigration laws.

Steward Confesses Theft.

Least Captain Schwarting, of the German ship Oregon, might blame others for the loss of provisions from his galley and chest, the ex-steward of the Oregon, situation of the fight made by the Masters and Pilots' Association of this Coast is recounted in the story emanating from San Francisco that Captain John Rinder of the Hill liner Minnesota had left the boat in Chinese waters to avoid prosecution for illegal naturalization. A thorough, but unofficial investigation made by the steamship company seems to show that Rinder's papers are regular. He had resigned from the royal naval reserve before he secured his citizenship papers and had resided in San Francisco, where he married, for 16 or 17 years before coming here. Attorneys for the company, after conference with representatives of the Government, declare that there could be no prosecution, and this is verified from the Department of Justice. A complete inquiry into Rinder's standing was made before he signed for the present voyage, for stories cropped up of him as soon as he brought the Minnesota in the last time.
