EGGo-Large stocks of Eastern depress market.

The wheat market holds steadily here, no abroad. Players are quoting club at 71 and cents and bluestem at 74 and 75. Constdcrable buying has been done in the interior by Puget Sound millers, who have lately re of a number of large Oriental flour orber, and Portland dealers find it necessary : set the Northern prices. The movement im facilities, but this condition will improure long, as the trouble is due to the un great demands on the railroad company's Wheat trading in the Valley is limted, as buyers are not seeking to purchase much and farmers are not prowing sales. Local scontions on Valley wheat are 71872 cents. the latter for the best grades. Red wheat b spected at 45 cents.

comewhat. Buyers appear indifferent now, and are apparently well stocked up. A good sugartity is going forward on past sales, and all space has been taken on the Portland & Astteamers for the remainder of the year, The barley market is a shade firmer, with \$20 quoted by local dealers. Oate are also at \$24 for white and gray, though there

loss in expecting countries;

has issued preliminary estimates of this year's crops, girling the probable enthurn of wheat in the 12 governments of European and Asi-atic Russia as 525,000,000 pashels, against 664. the Russia as \$28 coc.100 bischels, against 664, 200 coc bushels the Russi estimate for 1904, 200 coc bushels the Russi estimate for 1904, 200 coc bushels the Russi estimate seas possibilities for the Root VEGETABLES-Turning, Boc.\$1 per pound, 200 corporate, however, final returns showed \$1 per sack; garite, 125c per pound. ONIONS-Orgon, \$1.00 per sack; Globe, that the preliminary estimates were much too low, for whereas the jestiminary figure for wheat in De governments was \$52,000,000 bushels. The expert movement estimates on a liberal scale, and there is even some talk that the supply of railway magons will be increased before long, which would permit of still larger supplies being sent in the poers.

area affected by drouth. area affected by dreath. It is not thought that the rains have come in time to save the food grain crops, but they will permit the water of some fodder crops for early use, and will make Autumn sewings (wheat and olimede) possible. The United Provinces have not been mentioned in any of the latest cable advance, and our Agra correspondent cabled last Friday that the rainfall was still uncrean and sowing delayed, but it would seem that the recent rains may have extended in that the recent rains may have extended to these important provinces, as the Times mentions abundant rains throughout the whole area affected by drouth. In Bombay, Bengal and Central India rains came its good time and crup prospects are tormal.

Ametralia. We have no from crop news from this prower, but the list of vessels chartered for the new season continues to grow at a fair rate, which is a very good indication that prospects are pright. It is not throught

deat at about the same price. In the meantime, the activity in the Washington murket Go is dwindling, proving that the weak sellers

at the willingness at which Washington grow-

Oregon samples get to London, the English will commence to buy here, and then proper prices will be paid."

"It is hard enough to buy Oregon ho a local dealer yesterday, "but it is a good deal harder to sell them in the East. I have made all kinds of offers to my cu houses that I have had for years, but I can get no response from them. It is those fel owe up in Tacoma that have paralyzed the Eastern market. They have picked up a lot are offering them at correspondingly low prices in the East. The result is that the Eastern buyers have come to believe that they can ger hops at any time at their own price fowever, I believe the supply of cheap Washington hope is about exhausted, and that the tide of the market is going to turn."

GOOD DEMAND FOR FRUIT.

Frost in Toppenish District Will Cut Off Cantaloupe Supplies From There.

terday, notwithstanding the weather, as to day will be practically a holiday on the street. Supplies of nearly every variety were ample Peaches were particularly abundant, and 75 ents was all that was asked for the best offerings. Cantaloupes ranged in price from 75 cents to \$1.25, according to quality. the heat commanding ready sale. Word was received from Yakima of a heavy frost in the Toppenish district, which may shut of supplies from that quarter.

CONTINUED CLEAR WEATHER SENDS DOWN PRICES.

Chicago Market Closes With Loss of a Cent-Rapid Progress in Winter Seeding.

CHICAGO, Sept. 28.-Continued clear weather n the Northwest was a reason for lower prices today in the wheat market here. The December delivery closed Willie down. Corn is off Sc. Outs show a loss of MSSc. Provisions are down a shade to 16c

The wheat market was weak from start to finish. At the opening, wheat for December delivery was off Willie at 85%c. Pit-tradure and commission-houses were free sellers. As the session advanced, selling became general, many of the smaller holders offering urgently. The favorable weather for the movechief factor in the situation. Another in-fluence of considerable importance was rapid progress in the seeding of Winter wheat, as shown by reports published today by two prominent trade journals. Prices continued to decline throughout the section. A report from Kansas Cits that the weather in some localities southwest is too dry was about the only item of bullish character. The civeling was weak with final quotations at practically the lowest point of the day. After touching 84%c. December closed at 84%c.

Sentiment in the corn market was decidedly bearish as a result of continued favprable weather for the maturing of the new crop. The market closed weak with prices at the lowest point of the day. December opened a shade in he lower at 44% 644%, sold off to 44c and closed at the hostom. The oats market held comparatively steady.

December opened unchanged to bic lower at 28% 92860, sold off to 28% and closed at

Weekness of grain had a depressing influ-ence on the provisions market. At the close, January pork was off 10c, lard a shade lower

Advances to Seven Per Cent at New York.

SMALL EFFECT ON STOCKS

General Belief in Speculative Quarters That Rate Will Relax Next Week-Drain on Bank Reserves Is Expected.

NEW YORK, Sept. 28.-Today's stock market showed remarkable resistance to the squeeze in the money market. As loans made at the Stock Exchange on Friday carry over until Menday, this was practically the last day of the month for stock exchange borrowere and consequently making-up day previous to the quarterly settlements of October 1. The heavy special requirements at this time, in addition to the ordinary demand for the quar terly settlements, have been so well understood that the stock exchange community was quite prepared to see a 6 per cent rate for call money today.

When the rate went above that almost immendiately after the opening, the market fol owed slightly and there came a light spillng out of stocks which carried the price evel comprehensively below fast night. heavy offerings of money brought into the market from some of the principal Wall street banks by the 6 per cent rate carried call loans back again to 5% per cent. Stocks thereipon recovered, and when the rate for money went higher than before, the stock market was practically unaffected. Today's rate was the highest of the year, with the exception of a few loans made late in the afternoon preceding the Good Friday holiday, when I per cent was quoted to carry over until the following

The equanamity with which today's flurry was accepted is due to the general hope in-dulged in speculative quarters that the rate will relax next week. The Atchison and Pennsylvania bond subscription payments are expected to be pretty closely confined to shifting of book accounts and the proceeds are expected to be quickly available for re-

turn to the money market. The same is true of the tax payment to be made in this city next Monday.

The compliation of the current movement for the week makes sufficiently plain, however, that other causes than the syndicate and tax transactions go to account for the stiffer money market. Banking authorities expressed the opinion that on the regular express move-ment with the interior, receipts have about balanced the shipments, but the sub-Trensury had taken from the banks up to Thursday vening \$6,679,000. The Government instit tion had a credit balance at the clearing-bouse this morning of \$265,700, thus indicat-ing another day's very heavy drain to figure

n tomorrow'e bank statement.
'After this week's bond transactions are or of the way the Japanese bond subscription for October 16 will come into consideration The beavy drop in sterling exchange here to The heavy drop in sterling exchange nere to-day awakened hopes of a revival of the im-port movement of gold. The money rate showed a tendency to settle at about 6 per cent late in the day, after having run up to 6% per cent at one time and having fluctu-6% per cent at one time and having fluctu-ated below that figure with a belated flurry to 7 per cent. The effect to raily the market centered on

the Reading stocks and an increase in the dividend in Railway Steel Spring caused a jump in the stock and speculative advances in a number of other low-priced industrials. The market closed strong in spite of a dilliness. Honds were irregular. Total sales par value, \$2,764,000. United States bonds were

all unchanged on call. CLOSING STOCK QUOTATIONS.

Prices at San Francisco Are Again Soaring.

LARGE ORDERS ON HAND

December Shorts Become Alarmed and Run Up That Option-Wheat Futures Work Other Way. Grapes for Portland.

SAN FRANCISCO, Cal., Sept. 29.-(Special.) The receipt of some large orders from Hono-lulu by the steamer Korva, for whole and rolled barley, greatly excited the local barley market. There was a sharp demand for spot goods and available stocks being only a few thousand eacks. Choice feed mivanced to \$1.08%@1.10. The shorts on December became slarmed and ran that option up to \$1.00%, closing at \$1.00. Wheat futures worked con-trary to harley and had a marked decline, fol-lowing the drop in Chicago. December sold owing the drop in Chicago. December sold fown to \$1.354; and May to \$1.38, both atterward rallying a little. Cats were firm for seed and weak for feed. Feedstuffs and hay

A feature of the fruit market was the arrival of several carloads of Cape Cod cran-berries, the first of the season, with sales at \$9.05 per barrel. On this account less interest was taken in Oregon cramberries, which are easy at \$2.7500. Table grapes were in fair demand at steady prices for the Portland steamer leaving today. The apple market is quiet and steady. Two carloads of Oregon Graveneteins are several days overdue. Fine peaches are scarce and higher. Lemons and lines are decited weekler with above others. lmes are decidedly weaker, with a sharp cut in prices. Valencia oranges are very firm. Potato handlers complain of a dull and weak market. Onions are firmer on lessened re-

Butter and eggs are steady. Cheese is to brisk demand and higher. Receipts, 19,600 pounds butter, 46,400 pounds cheese, 21,510

UNEXAMPLED PROSPERITY IN ALL COMMERCIAL LINES.

Confidence in Future of the Country's Business - Good Start in Next Year's Crop.

NEW YORK, Sept. 29.-Bradstreet's tomoractivity in all lines of trade and industry activity in all lines of trade and industry with optimism as to the future. Favoring a satisfactory winding up of the month's work have been good weather conditions allowing the maturing of all food crops without damage from frost. Additionally helpful to distributive trade and collections have been the beginning of a free movement of Spring wheat, large makes of cotton at good orders South. large males of cotton at good prices South, an unprecedented demand at top prices for all kinds of building material, marked freedom from strikes and a good market for labor.

Winter wheat seeding is active. A very large acreage will be planted and sell and plant conditions seem to insure a far better start than a year ago. Heavy shipments of raw materials and of goods to communing centers combine to tax transportation facilities early in the season. Business failures in the United States for

transportation facilities early in the season.

Business failures in the United States for the week ending September 28 number 180.

against 173 last week and 179 in the like week of 1904. In Canada, failures for the week number 28, as against 30 last week and 21 a year ago.

Wheat includes four expects for the week of \$36,000 worth of securities by presenting a forged check for them at the National City Bank yesterday to dispose

BETAIL TRADE STIMULATED.

Weather Not Cold Enough to Menace Late

Crops. NEW YORK, Sept. 29.-Dun's Weekly Review of Trade will say: Lower temperatures stimulated retail trade and Fall openings are largely attended, but the weather is not cold enough to menace late the weather is not cost enough to menace late crops. Certainty of a successful season on the farms contributes more than any other single factor to the confidence that is felt in all sections of the country. Comparatively in all sections of the country. Comparatively little new grain has been marketed thus far, which is largely due to the planting of Winter with the loan department of the National City Bank.

Vice-President Frank A. Vanderlip, of Vice-President Frank made a state-

market. Failures this week number 240 in the United Bank Clearings. NEW YORK, Sept. 29.—The following table compiled by Bradstreet shows the bank clearings at the principal cities for the week ended September 28, with the percentage of increase as compared with the corresponding week last year:

Deled Frait at New 100.

Deled Frait at New 100.

FORGER KEEPS HIS BOOTY National City Bank Tries to Fix His

Identity.

number 28, as against 30 mas need to the week of them.

Wheat, including flour, exports for the week of them.

Detectives and the financial men induced last year. From July 1 to date the fort to prevent the negotiation or sale of the securities and to find the young man who presented at the bank a forged man who presented at the bank a forged man who presented to be the man who presented at the bank a forged check bearing what purported to be the signature of Pearl & Co., the owners of

signature of Pearl & Co., the owners of the securities.

Much significance is attached to the fact that the certified check exchanged for the valuables was made out with one day's interest at 4½ per cent, instead of 4½ per cent. Pearl & Co., owners of the securities which they had deposited as securities, which they had deposited as collateral on the previous day, thought the rate was \$45, although the bank authorities put it down at \$45 on their books, and this fact tends to show, according to the detectives at work on the case that the forger must have been in close touch with the loan department of the National

unusually extensive.

Rallway traffic reports suggest a larger husiness if rolling stock and locomotives could be obtainable. Gross earnings thus far reported for September surpass last year's by 1.1 per cent, which in turn were 6.5 per cent greater than these of 1963. Foreign commerce at this port for the last week shows gains of \$3.165.374 in the value of merchandise exported and \$2.265.302 in imports as compared with last year.

Heavy receipts of cattle at Chicago and other Western markets do not be the details of the loan, the firm the rate of interest this week number 246 in the United Failures this week number 240 in the United States, against 221 last year and 21 in Canada, compared with 18 a year ago.

The forgery of the name of Teller Burns, of the Hanover Bank, Mr. Vanderlip pronounced especially good. He said that no one in the employ of the National City Bank was suspected in the

To Consider Tietan Project.

NORTH YAKIMA, Wash., Sept. 29 .-(Special.)-A meeting of the consult-ing engineers of the reclamation service will be held here October 5, to cor sider the Tietan irrigation project. This information was sent here today by 14.4 Chief Engineer Newell, of the Recla-mation Service, to Congressman Jones. The board is composed of Attorney 8.8 Morris Bien, Engineer D. C. Menney and Engineer Wiley. They have been directed to go to Conconnily to con-

siler the Okanogan project on October 5, and from there they will come to Yakima.

The Tietan project is west of this city and covers about 40,090 acres of land. The surveys have been completed and everything is ready for the consulting board to act.
