

Why Physicians Recommend Castoria

CASTORIA has met with pronounced favor on the part of physicians, pharmaceutical societies and medical authorities. It is used by physicians with results most gratifying. The extended use of Castoria is unquestionably the result of three facts: *First*—The indisputable evidence that it is harmless: *Second*—That it not only allays stomach pains and quiets the nerves, but assimilates the food: *Third*—It is an agreeable and perfect substitute for Castor Oil. It is absolutely safe. It does not contain any Opium, Morphine, or other narcotic and does not stupefy. It is unlike Soothing Syrups, Bateman's Drops, Godfrey's Cordial, etc. This is a good deal for a Medical Journal to say. Our duty, however, is to expose danger and record the means of advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge, Castoria is a remedy which produces composure and health by regulating the system—not by stupefying it—and our readers are entitled to the information.—*Hall's Journal of Health.*

The Kind You Have Always Bought and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher, and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

GENUINE
CASTORIA
Bears the Signature of

Letters from Prominent Physicians Addressed to Chas. H. Fletcher.

Dr. W. L. Leister, of Rogers, Ark., says: "As a practicing physician I use Castoria and like it very much."
 Dr. W. T. Seeley, of Amity, N. Y., says: "I have used your Castoria for several years in my practice and have found it a safe and reliable remedy."
 Dr. Raymond M. Everts, of Santa Ynez, Cal., says: "After using your Castoria for children for years it annoys me greatly to have an ignorant druggist substitute something else, especially to the patient's disadvantage, as in this case. I enclose herewith the wrapper of the imitation."
 Dr. R. M. Ward, of Kansas City, Mo., says: "Physicians generally do not prescribe proprietary preparations, but in the case of many other physicians, has taught me to make an exception. I prescribe your Castoria in my practice because I have found it to be a thoroughly reliable remedy for children's complaints. Any physician who has raised a family, as I have, will join me in heartiest recommendation of Castoria."
 Dr. W. F. Wallace, of Bradford, N. H., says: "I use your Castoria in my practice, and in my family."
 Dr. Wm. I. McCann, of Omaha, Neb., says: "As the father of thirteen children I certainly know something about your great medicine and aside from my own family experience, I have, in my years of practice, found Castoria a popular and efficient remedy in almost every home."
 Dr. Howard James, of New York City, says: "It is with great pleasure that I desire to testify to the medicinal virtue of your Castoria. I have used it with marked benefit in the case of my own daughter, and have obtained excellent results from its administration to other children in my practice."
 Dr. J. R. Clausen, of Philadelphia, Pa., says: "The name that your Castoria has made for itself in the tens of thousands of homes blessed by the presence of children, scarcely needs to be supplemented by the endorsement of the medical profession, but I, for one, most heartily endorse it and believe it an excellent remedy."
 Dr. B. Halstead Scott, of Chicago, Ill., says: "I have prescribed your Castoria often for infants during my practice and find it very satisfactory."
 Dr. William Belmont, of Cleveland, Ohio, says: "Your Castoria stands first in its class. In my thirty years of practice I can say I never have found anything that so filled the place."
 Dr. R. J. Hamlen, of Detroit, Mich., says: "I prescribe your Castoria extensively as I have never found anything to equal it for children's troubles. I am aware that there are imitations in the field, but I always see that my patients get Fletcher's."
 Dr. Channing H. Cook, of Saint Louis, Mo., says: "I have used your Castoria for several years past in my own family and have always found it thoroughly efficient and never objected to by children, which is a great consideration in view of the fact that most medicines of this character are obnoxious and therefore difficult of administration. As a laxative I consider it the peer of anything that I ever prescribed."
 Dr. L. O. Morgan, of So. Amboy, N. J., says: "I prescribe your Castoria every day for children who are suffering from constipation, with better effect than I receive from any other combination of drugs."
 Dr. H. J. Taft, of Brooklyn, N. Y., says: "I have used your Castoria and found it an excellent remedy in my household and private practice for many years. The formula is excellent."
 Dr. Wm. L. Bosserman, of Buffalo, N. Y., says: "I am pleased to speak a good word for your Castoria. I think so highly of it that I not only recommend it to others, but have used it in my own family."
 Dr. F. H. Kyle, of St. Paul, Minn., says: "It affords me pleasure to add my name to the long list of those who have used and now endorse your Castoria. The fact of the ingredients being known through the printing of the formula on the wrapper is one good and sufficient reason for the recommendation of any physician. I know of its good qualities and recommend it cheerfully."

Disputed Question of River Supremacy Is Settled in Race to the Locks.

CHAS. R. SPENCER BEATEN

In a Trial of Speed Between the Two Boats the Spencer Is Played With and Then Passed.

A public announcement made by Captain Charles R. Spencer that his boat, the Charles R. Spencer, would "throw water on the steamer Telephone as the way to the locks," was sufficient to put the officers of the latter boat on their mettle yesterday, and today Captain J. S. Cochran is chuckling in supreme satisfaction. With all conditions favorable for a river race yesterday, the steamers Telephone and Charles R. Spencer, on the Cascade Locks run, went at it, with the result that the Telephone won handsily.

Cochran Is Foxy

With the taunts and boasts ringing in his ears, Captain Cochran saw his chance yesterday to settle the discussion, and instructed his captain, E. W. Baughman, in command of the boat, to "go to it." The Telephone and Spencer left Portland at the same time, but neither captain showed any inclination to force matters while in the Willamette. When the Columbia was reached, however, the race began. The Telephone adopted teasing tactics and kept just astern of the Spencer until Lady Island was in sight. It was then that the Spencer got a surprise, and the boat that she could not be passed became a meaningless saying. Without apparent effort, the Telephone overtook her rival, and before the island was in the wake the Spencer had been beaten. The Telephone maintained her lead up to the Locks, arriving there seven minutes ahead of the Spencer. It is said that the officers of the latter were so chagrined over their defeat that they abandoned the

customary trip through the locks and returned to Portland from the lower entrance.

Was a Fair Test.

Captain Cochran, who made the trip on the Telephone yesterday, plainly showed his elation last night over the outcome of the race.

Work of Rescuing Columbia River No. 50 Begins.

ASTORIA, Oct. 8.—(Special)—The steamer Callender took two 500-pound mushroom anchors and a quantity of wire cable down to the stranded lightsip today, and tomorrow the anchors with 1000 feet of cable attached to each and leading from the stern of the lightsip will be placed in the channel, so that on the high tide tomorrow night or Wednesday morning the first attempt can be made to kedgie the vessel into deep water. On account of the rough and shallow water it is impossible for a steamer to approach anywhere near the stranded vessel, so at high tide tomorrow the steamer Melville will be anchored in the Baker's Bay channel and a barge with the anchors and cables on board and held by lines from the steamer, will be allowed to drift down through the breakers until opposite the lightsip. The kedgie anchors then will be dropped overboard and the lightsip crew will convey lines to the lightsip so the cables can be hauled on board. The stranded craft now lies head-on to the beach, and must be kedged off stern-first, but will have to be moved only about two ship lengths before she will float at high water.

Little Saved From Manzanita.

ASTORIA, Oct. 8.—(Special)—The lightsip tender Columbine went up to the wreck of the Manzanita today and removed the searchlight, whistle and other gear that was in danger of being stolen.

Marine Notes.

The steamer Oceano is expected to come off the drydock tomorrow. The repair work will be completed today.

KELLY FORETELLS CHUNKS OF PEACE

Coming Harmony Conference to Be a Gathering of Repentant Sinners.

"JAWN'S" VIEW ON MEETING

Democratic Statesman Declares Primary Election Law an Interrogation Point—Prophecies as to Reunion.

"They're makin' a great ajoo over th' raymonian an' confederate th' rayppentant an' raygenerate on Thursday, October th' twelfth," said "Jawn," otherwise known as J. J. Kelly, as he helped himself to the best chair in the Democratic caravanary.

Domestic and Foreign Ports.

ASTORIA, Oct. 8.—Condition of the bar at 8 P. M. moderate; wind, east; weather cloudy with rain. Left up at 6 A. M.—Steamer Whittier. Arrived at 9 A. M. and left up at 9:40 A. M.—Steamer Redondo, from San Francisco. Arrived at 8:45 A. M.—Steamer Anselma, for San Francisco. Arrived at 10:15 A. M.—Steamer Kelvinkbank, from San Pedro. Arrived at 11:30 A. M.—Schooner Ethel Zane, from San Pedro. Arrived at 2:30 P. M.—French bark Briseaux, from Hobart. Arrived at 10 A. M.—Steamer Honors, from Tillamook. Arrived at 5 P. M.—"Three-masted barkentine."

REPORTS HANDED TO PORTE

Six Embassies Interested in Financial Control of Macedonia.

CONSTANTINOPLE, Oct. 8.—Collective reports of the six embassies regarding the financial control of Macedonia were handed to the Porte Saturday. The financial delegates of the powers are proceeding to Uskub.

Fire Loss at Lowell.

LOWELL, Mass., Oct. 8.—(Special)—Barrister's Hall, owned by J. L. Chaffin, one of the oldest business blocks in this city, was damaged by fire today, causing a loss of \$100,000. Four stories were completely gutted and three others, including a number of offices, were damaged by water. It is believed the fire started from an overheated baker's oven in the basement.

DAILY METEOROLOGICAL REPORT.

PORTLAND, Oct. 8, 1905.—Maximum temperature, 57 deg.; minimum, 46 deg. River reading at 11 A. M., 2.25 feet; change in past 24 hours, none. Total precipitation, 5 P. M. to 5 P. M., 0.22-inch; total since September 1, 1905, 8.46 inches; normal since September 1, 1905, 2.25 inches; excess, 6.21 inches. Total sunshine October 1, 1905, 2 hours and 47 minutes; weather sunshine, 11 hours and 24 minutes.

WEATHER FORECAST.

Forecasts made at Portland for the 25 hours ending midnight, October 9:
 Portland and vicinity—Showers, probably followed by fair weather; westerly winds.
 Western Oregon—Fair, except showers extreme north portion; westerly winds.
 Western Washington—Partly cloudy, with probably showers; westerly winds.
 Eastern Oregon, Eastern Washington and Idaho—Fair and warmer.

WEATHER CONDITIONS.

The high pressure area noted last night off the California coast has advanced to Western Oregon. It caused sharp frosts this morning in exposed places east of the Cascade Mountains. During the last 24 hours light showers have occurred at scattered places in the North Pacific States, which have been followed by clear weather in Southern Oregon, while elsewhere cloudiness continues.

ASK YOUR PHYSICIAN

Rheumatism

Like Neuralgia, is now known to be a nervous disease. The kidneys become weak through lack of nerve energy, and fail to filter the uric acid from the blood; this acid attacks and burns the nerves and muscles, and consumes the oil in the joints, producing inflammation, fever, swelling—pain.

Hydrozone and Glycozone

By destroying germs, they assist nature to accomplish a cure. Send thirty-five cents to pay expressage on Free Trial Bottles.

ECZEMA

The Terrible Skin Scourge, Itching, Burning, Bleeding, Weeping, Crusting, Scaling.

HAND SAPOLIO

FOR TOILET AND BATH

Delicate enough for the softest skin, and yet efficacious in removing any stain. Keeps the skin in perfect condition. In the bath gives all the desirable after-effects of a Turkish bath. It should be on every washstand.
