

HOW THE FAIR WILL BE ENDED

Brilliant Programme Is Now Arranged for Close of Exposition.

GRAND CLIMAX AT MIDNIGHT

It Is Thought That Fully Fifty Thousand Persons Will Be on Centennial Grounds Tomorrow to See Sights.

FAIR WEATHER PROMISED.

Fair and warmer with northwest winds is the weather forecast for today.

Stirring music, thunders of cannonading, cheers of a great multitude, brilliant pyrotechnic and electrical illuminations—such will be the knell of the Lewis and Clark Exposition, tomorrow night.

Not until the hour of midnight will the end come. It was long since ordered that the Fair close with October 14, and every minute of its declining hours are to be taken advantage of. While there will be features of interest for every hour tomorrow, the most interesting and most impressive of all events will be the scenes attending the grand climax at midnight.

The Closing Demonstrations.

The closing demonstrations will center on the lake front about the acoustical bandstand. As the hour of 12 arrives President Goode will proclaim the Exposition at an end. The band will strike up "Auld Lang Syne," and simultaneously charges of dynamite will be touched off to blow up the six ships of the Lewis and Clark navy. The din will last but a few minutes; the great crowds will pass out and the Portland World's Fair will become subject-matter for the historians.

In order that the late crowds may be held for the closing hour, arrangements have been made with the street-car company for a special schedule of late cars. Cars in sufficient numbers to convey all to the city will be held at the main entrance until 1 o'clock. Cars will leave transfer points in the city at 1:30 P. M. Thus no one will experience any trouble in getting home, despite the late hour.

Fifty Thousand Expected.

That the attendance will be exceptionally heavy there can be little doubt, and the Exposition management is preparing to handle a gathering of at least 50,000 persons. It should be a day second only to Portland day—the record-breaker of the entire Exposition period. Saturday visitors will see the Fair at its best. They

will find the most attractive programme of any day since the opening, while they will be the guests at receptions in the various state buildings. The list of special events includes military reviews, band concerts, hurdling exhibition by the Portland Hunt Club, Japanese day fireworks, three airship flights and a long list of other attractions.

Post-Exposition Period.

While Saturday ends the Fair officially, the gates will be kept open on Sunday. In the afternoon Eilers's band will give its farewell concert, for which a special programme of sacred music has been prepared. The Museum of Fine Arts will be open from 1 to 4 o'clock in the afternoon. The exhibit buildings will be closed. With Monday begins the post-Exposition period, during which the affairs of the Exposition will be adjusted and settled up and the buildings removed or sold. President Goode stated yesterday that 30 days will see all final reports submitted. During that time the work of demolition on several of the buildings will have been begun. Very few structures will be left

RESOLUTIONS ADOPTED AT THE REPUBLICAN CONFERENCE

PLEDGE FOR HARMONY.

RESOLVED, That the Republicans here assembled, proud of the brilliant achievements of the Republican party, and confident of its continued usefulness in the future, renew their enthusiasm in the faith, and pledge each other to work together in harmony and good fellowship, with the single purpose of securing to the Nation and to the state a perpetuation of the principles of the Republicanism of Lincoln; and to that end we unite in calling upon our fellow-citizens, whatever their party affiliations may have been, to join with us in an honest endeavor to put aside personal differences and local prejudices, and to establish the Republican party in Oregon upon a firm and enduring basis.

REPUBLICAN RECORD.

RESOLVED, That we reaffirm the principles of the Republican National platform, adopted at Chicago, June 22, 1904, and congratulate the country upon the continuation of the era of prosperity that began under the wise and beneficent administration of public affairs by a Republican President and a Republican Congress. They never before in the history of the world when the blessings of life were more bountifully bestowed upon the American Nation today. American citizens enjoy advantages that other well may envy; and while foreigners so fully appreciate the benefits to be had under the Stars and Stripes that they are now pouring into this country in unprecedented numbers, it is a source of gratification to our people that our great industrial growth and the unexampled development of the resources of mine and farm and workshop since 1897 is due to the fact that the Republican party, with its policy of protection, and with its firm stand for a safe and honest monetary system, has exercised the functions of government. With such a bright record of achievement, the Republican party expects a continuance of the confidence heretofore manifested in the public elections. And we, therefore, call upon the people of Oregon to give their support in the next elections to the party of protection and prosperity.

ROOSEVELT COMMENDED.

RESOLVED, That the unprecedented majority given by the voters of Oregon to the Republican Electoral ticket at the election last November, was an expression of confidence in the sincerity, the honesty of purpose and the ability of President Roosevelt. His administration of the affairs of the Nation, at home and abroad, and his activity in promoting the peace of the world, justify the faith that the common people have in him as a wise and patriotic executive officer. The Republicans of Oregon, here in convention assembled, respectfully extend to him congratulations upon the successful termination of his efforts to bring to a close the protracted and bitter war between two nations with whom our country has ever maintained most cordial relations of friendship and amity. We especially commend the steps taken by him to promote internal peace and contentment in the Philippines, and to encourage the trade relations of our people with the several nations of the Orient. In his battle for civic righteousness he is entitled to the co-operation of all good citizens.

RIVERS AND HARBORS.

RESOLVED, That, in the judgment of the Republicans here assembled, it is important to secure from the Government at Washington sufficient appropriations to complete the improvements under construction at the mouth of the Columbia River and at Celilo, as well as at other places upon the bays, harbors and principal water-courses of the State of Oregon, as promptly as possible, and that the growing importance of the commerce of this state justifies us in expecting at the hands of Congress such liberal appropriation for our rivers and harbors as will at once and for all time remove all barriers and open our state to the exchange of commercial products with the markets of the world.

DIRECT PRIMARY LAW.

RESOLVED, That it is the deliberate judgment of the Republicans of the State of Oregon in voluntary association convened— First—That the direct-primary law should be honestly, faithfully and loyally observed in spirit and letter in making all nominations of candidates for public office elective by the people contemplated by the same, and any defects that may be reasonably apparent in the administration of said law should be noted and referred to the next Legislative Assembly of the State of Oregon for correction, revision or amendment, as experience may demonstrate.

Second—That the Republicans of every precinct in each county of this state be urged to bring before the electors at such primary election to be voted for as candidates for nomination such leading, influential and representative Republicans as can be induced to stand for such nominations at such primary election, and that in making such selection the Republican electors should choose their candidates without regard to any past factional division or previous identification with any so-called faction, and solely with regard to their ability, integrity, honesty and fitness for the office for which the candidate may be nominated.

Third—That when capable, efficient and honest men have been nominated at the primary election, and have become the regular Republican candidates for the respective positions for which they have been chosen, they are entitled to and deserve the loyal, cordial and enthusiastic support of every Republican elector in the state, and to this end and in order that such nominations may be fully ratified and approved, it is the judgment of the Republicans of Oregon, in this assembly convened, that there should be held immediately after the primary election and as soon thereafter as the nominations shall have been made a convention in each county to ratify all nominations made by the people, and to elect delegates and to ratify nominations to ratify all nominations made by the people for state offices, and to elect delegates and to ratify nominations for Congress made in the respective Congressional districts of said state, and such other district nominations as may be made by the people.

Fourth—That said state convention, in addition to such ratification of candidates so nominated shall adopt and announce a platform giving authoritative expression to the principles of the Republican party upon questions of state, national and local concern, and shall pledge its candidates for office to a faithful adherence to Republican principles.

Fifth—That at said respective county conventions and such state convention the respective county, state and district committees to be chosen by the people under said primary law, and to be organized to carry out the will of the people and to promote the election of the Republican candidates, and to organize the Republican electors of the state into a complete, harmonious and perfect organization to the end that the interests of the people in the state and Nation may be faithfully protected and preserved.

Sixth—That the existing state, district and county central committees, until their successors shall have been elected under said primary law, are respectfully requested to carry out these resolutions to the best of their ability, and to call said conventions at an early date after said primary election as may be reasonably practicable, and that delegates to such conventions shall be apportioned and selected in the usual method obtaining in such cases and according to political and parliamentary rules existing in the absence of express provision of law, and that all Republican electors be earnestly urged and invited to participate in any precinct election to choose delegates to such county conventions, and that all leading influential Republicans, without regard to past political or factional differences, be respectfully urged and invited to become delegates to their respective counties to said various conventions, to the end that such conventions, when assembled, may be the free and untrammelled choice of the Republican electors of the respective counties, and that the state convention to be convened may be representative of the best leadership in the Republican party in this state.

RAILROAD FREIGHT RATES.

RESOLVED, That the members of the National Congress, representing the State of Oregon therein, be requested to support the measures recommended by President Roosevelt in his recent message to Congress, relating to the regulating of freight rates on the railroads of the United States, now before the National Congress.

BEWARE OF INITIATIVE LAW.

RESOLVED, That the State of Oregon should maintain its reputation for conservatism and reliability; that hasty and half-baked laws not only injure at home, but give the state an unfavorable reputation, and drive from it the investor and the settler. That it is the sense of this assembly that the Republicans of Oregon should be on their guard against fantastic and peculiar proposals for legislation under the initiative amendment to the constitution, especially as various schemes under the guise of remedial legislation are likely to be promulgated in the interest of the minority parties.

First—Such a proposal is that for ousting public officers by vote during their terms of office. A public officer rarely is elected without the opposition of a considerable minority of the voters, which can readily be increased to a majority in time of public excitement; and if the tenure of office is to be made uncertain and the office is likely to be vacated with temporary changes of public sentiment, the best persons cannot be secured for public office, nor will officers dare to act with courage and independence.

Second—The proposal to submit to the public, under the initiative method a scheme for giving members of minority parties representation in public office, without being chosen by a plurality of votes cast at public elections, should not have the countenance of Republicans. The principle that "the majority rules" has had trial in this country since before the creation of the Government of the United States, and has proved to be just and fair, and to work well in practice. The attempt of those interested to force themselves into office by use of the initiative amendment to the constitution should be discouraged and voted down.

FRANK C. BAKER.

RESOLVED, That we express our appreciation of the courtesy and wisdom of Hon. Frank C. Baker, chairman of the Republican State Committee, in convening this conference; we have confidence that his action will result in permanent benefit to the party.

G. R. DIMICK, Chairman. WALLACE McCAMANT, Secretary.

standing. The Forestry palace will be presented by the State Commission to the city. The New York building has been purchased by Paul Wessinger, who will keep it intact. So far as known at this time, the other buildings will be torn down for salvage. President Goode believes that by the first of the year the Exposition will be a closed chapter, with every detail worked out and adjusted.

Will Dismiss Employees.

All Exposition employees, excepting heads of departments, will be discharged tomorrow evening, or Monday evening at the latest. Those required for the post-Exposition period will be re-employed or new hands secured in their places.

SCHOOL CHILDREN ARE COMING

Yamhill County Will Be Represented by One Thousand Youths.

Reports received at the office of General Passenger Agent Craig, of the Southern Pacific Oregon Lines and O. R. & N., indicate that the attendance of the Exposition will be increased Saturday by the presence of not less than 1000 Yamhill County school children. Trains of the West Side and Yamhill divisions will bring the young hopefuls to the metropolis to witness the closing events of the Exposition. The special excursion was arranged by request of the Superintendent of Public Instruction at McMinnville. Along with the pupils of Yamhill County schools also will come some of those from Polk and other counties of the same section of the Valley.

Takes New Position.

Arthur A. Schell, who has been connected with the Lewis and Clark Exposition since March last, as secretary, department of special events and entertain-

ment, has accepted a position as advertising manager for the Eilers Piano House, and will reside in Portland. Mr. Schell will sever his connection with the Exposition October 15 and will commence his new duties on October 16.

Fair Officers Remembered.

D. C. Freeman, secretary to the president of the Exposition, received yesterday a handsome after-dinner silver service, presented by the office force of his department.

TOTAL ADMISSIONS, 2,462,624.

The total attendance at the Lewis and Clark Exposition, revised to date, is 2,462,624. As the admissions have been averaging about 24,000 daily, the total attendance for the entire Exposition will easily pass 2,500,000.

Catholic School Children's Day.

Nearly 1000 Catholic school children were made happy yesterday, being the guests of the Lewis and Clark Exposition. The children, under the guidance of the priests and their parents, visited the Fair grounds in parties and had the time of their lives. No exercises were held, the children going from building to building seeing the sights. Four little tots strayed away and were picked up by the Exposition guards, but their parents were soon found.

Robber Deserted by Wife.

SAN FRANCISCO, Oct. 12.—Charles C. Hatfield, who last evening surrendered himself to the police as the man wanted for robbing Louis Compant in Golden Gate Park, remains in custody pending an examination. He says that, falling to make a living at his trade of wireworker, he took to "holding up" people to support his wife, formerly Miss Claire Staley, of Reno, Nev. Then they separated, she visited him to prison last night, but on leaving said that under existing circumstances reconciliation was impossible.

Schools Will Not Lose Money.

ABERDEEN, Wash., Oct. 12.—(Special.)—The schools of Aberdeen will not lose by the failure of the letter of the St. Ignace of Dominican to reach the clerk of the Board in time. The State Superintendent will admit the report and allow the money to which Aberdeen is entitled.

week. An excellent musical programme was rendered by an orchestra, Mrs. Wenatchee Band gave a concert during the afternoon.

Tom L. Johnson Disappears.

Tom L. Johnson, manager of the Burns cottage at the Lewis and Clark Exposition, and his friends are alarmed. He left about a month ago and has not been heard from since. It is alleged that he owes several large bills in Portland which will aggregate about \$500. Johnson brought the Burns cottage to Portland and he is under bond to return it to St. Louis, along with his furniture. It was only left to the Burns Cottage Association of Portland. It has not been a financial success, and it is said the Portland men who are at the back of it will lose more than \$2000.

Will Improve East Water Street.

Relief is in sight for those residents of East Water street, between Hawthorne avenue and East Morrison, who have been clamoring so long for improved conditions, as the street committee of the Executive Board yesterday let the contract for improving the highway to George W. Brown upon his bid of \$3224.08. The street has been in a deplorable condition for several months and complaints have been numerous in consequence, but now it is believed the thoroughfare will be put in shape as rapidly as possible.

Spawning of the Clams.

ABERDEEN, Wash., Oct. 12.—(Special.)—Since the heavy storms of the past week millions of clam spats have appeared on the ocean beach. Clam canneries men allege that this proves that the spawning season is as late as July and that the close season, which has been fixed by law to begin May 1, is a great injustice to them.

Buried Under Tons of Rock.

BUTTE, Mont., Oct. 12.—Two miners, named O'Neill and Anderson, were caught in a cave-in in the Speculator mine early this morning and instantly killed, both bodies being badly mangled. They were working on the 100-foot level and were buried beneath tons of rock.

BEACHEY MAKES FLIGHTS

TWO SUCCESSFUL ASCENSIONS BY AIRSHIP.

Aeronaut Circles Government Building and Returns to Starting Point Without Trouble.

During a short cessation of the rain yesterday afternoon, at the Lewis and Clark Exposition, Lincoln Beachey made a successful airship flight in the City of Portland. The airship arose about 4 o'clock in the afternoon, and returned to the landing place after it had been in the air not more than 15 minutes. Beachey made a tour of the west end of Guild's Lake, circling the Government building and beach heading back across the Bridge of All Nations and the Trail. He landed without difficulty within a few feet of the trestle from which he started.

Beachey also made a flight at 11 o'clock yesterday morning, which was fully as successful as the one in the afternoon. He described practically the same course, circling the Government building towers. To date, Lincoln Beachey has made a total of 22 successful flights with the City of Portland at the Lewis and Clark Exposition, more than all the other satisfactory flights ever made in the world.

Beachey will make three ascensions at the Exposition today. His first flight will start at 11 o'clock in the morning, and the others will be made at 2 o'clock and 4 o'clock in the afternoon. The last flights of the City of Portland at the Exposition will be pulled off on Saturday, when Beachey will ascend three times, the same as today.

Captain Baldwin and Beachey will then say farewell to Portland and go to New York, where they will inspect some new gasoline motors, whence they will go to Los Angeles, where they will probably remain until next Spring. Next Summer they expect to go to New York, where Beachey intends to sail under and over the Brooklyn bridge in the City of Portland.

Weak Stomach.

A weak stomach is most frequently caused by the overworked and exhausted nervous system.

The power that runs the stomach is the nerve force sent to it from the brain through the nerves. When the nerves are weak or exhausted the supply of energy is insufficient and the action of the stomach is impaired, and results in imperfect digestion—dyspepsia. Dr. Miles' Restorative Nerve increases nerve force. It strengthens and builds up nerve tissue, gives vigor to the nerves and muscles of the stomach; this produces a healthy activity. Nerveine allays the inflammation, heals the membranes, and makes the stomach strong and healthy. There is nothing that so quickly gives energy to the whole system as Restorative Nerveine.

"I can't say enough for Dr. Miles' Nerveine. I don't know what it will do for others, but it certainly cured me of stomach trouble, and now I am as well as I ever was. Two physicians failed to relieve me, but in three or four days after taking Nerveine I was much relieved. Four bottles made me a sound man at the cost of \$1.00."

Dr. Miles' Nerveine is sold by your druggist, who will guarantee that the first bottle will benefit you. If it fails, he will refund your money. Miles Medical Co., Elkhart, Ind.
