The rival ball clubs finally managed to get in a full game of baseball at the Vaughn-street grounds yesterday afteron, and the locals came out victorious by the close score of 2 to 1.

Virgil Garvin was the star performer for the big Texan and the leaders on his staff, and had Van Buren heaved Dun-leavy's hit true to the plate in the seventh, the tall twirler would have been credited with another shut-out. As it was, Van was a trifle unsteady at the time be threw to McLean owing to the treacherous footing in the outer garden, and the result was that Van Haltren crossed the pan with the only run of the day for the

Dun, after pasting the swar that scored the ancient one, ambled to second on Van Buren's beave to the register, and stole third, whence he es-mayed to purion the home station, and had crossed the pan in safety, for Mc-Lean, who had dropped the ball, at the same time claimed that it was a foul tip, in which assertion the umpire concurred. The Onklands did not see the play this way, and Kelly, who was at the bat, to-gether with Van Haltren and the whole Oakland Club, surrounded the official and endcavored to demonstrate to the czar of the diamond that the batsman had not

Kelly had really fouled the ball, but Rankin, in making the ruling, could not change his decision, and, as he was im-mediately behind the batsman, could tell as well as any one whether it was a foul

Portland annexed a tally in the first inning, when Atz led off with a hit and was sacrificed to second by Van Buren, and scored when Mike Mitchell connected with

the Spaiding for a two-ply kiss.

The locals maintained their lead of one for six innings, during which it looked as though the lanky Texan was going to make a record, for up to the inning when the visitors broke into the score column the visitors broke into the score column there was not one commuter left on the sacks, the only two securing life during that period being thrown out by McLean while in the act of purioining the middle scored 18 to 6 for Montana, and at the

Stanford Feels Confident With Long Row of Victories in Practice.

STANFORD UNIVERSITY Cal., Oct 13.—(Special.)—All interest on the univer-sity campus today settles in the twelfth annual intercollegiate freshman football game, which will be held on Berkeley Field tomorrow afternoon. The Stanford team is in prime condition physically, thanks to the careful training of "Dad" Moulton, and under the coaching of the varsity ex-quarter-back, Louis P. Baus-bach, has developed a variety and style of play which all the teams encountered in preliminary matches have found impossible to check.

In the back field, the team is unusually strong, both in offense and defense. Both strong, both in offense and ceretary halves are excellent ground-gainers, and Goodell, at fullback, is a powerful man on defense. Quarter-back Holman's ability as an all-round player has been proved. The two tackles are unusually strong players, and both play in 'varsity' form. Center is well taken care of, but at the guard and end positions the blue and gold bocks may find vulnerable

In the kicking departmen Berkeley cannot hope to compare with the Stanford youngsters. At least three of the cardinal "bables" can average from 40 to 60 yards on their kicks. Good-ell will probably take care of this department tomorrow. Following is the Stanford freshman record so far this season:

New York's Big Advantage in Championship Race.

MONTE CROSS' BAD ERROR

Fumbles Ball Which Lets in Only Run in Game, but It Decides. Quakers Feel the Loss of Waddell.

NEW YORK, Oct. 12.-Three to one is now the advantage which the New York Nationals hold over the Philadelphia Americans in the struggle for the world's championship. The New Yorks scored their third victory today, and, if they succed in getting the better of the visitors in tomorrow's contest, the world's champlonship flag will fly from the big mast in the Polo Grounds. Philadelphia, heavlly handicapped by the loss of the services of the erratic pitcher, Waddell, has succumbed to the masterful work of Mathewson twice, and today McGinnity pitched gilt-edged ball, which partly atoned for his defeat at the hands of Bender last Tuesday on the same dia-

Managers Mack and McGraw arrived on the battlefield today with firm determina-tion, and, while the betting, which at times was lively, indicated that the local not a few of the Philadelphia adherents were willing to risk money on the visitors' chance of victory. These bets were snapped up quickly, and before the game had gone two innings, all wagering was at a standstill.

Mack decided that his Indian pitcher should have a sufficient rest, and put Plank in, who, with good backing, would have done better. In the fourth inning, however, Monte Cross was so anxious to get a bounder from Mertes' bat that he fumbled the ball and juggled with it long enough to let the batter reach first base safely. This was the only error recorded in the game, but it was an expensive one, as it formed the nucleus of a run-the run which won.

McGinnity and Plank were equally effective, but Plank managed to get a hit, which the "Iron Man" falled to do. At-tendance (official), 12.598. The score:

The Na-tionals were held down to three hits, two of which were made in the first inning. In the second inning, White gave a pass, made a wild pitch, and, with Slagie's triple and two errors, the Nationals made their three runs. White pitched superb ball after that, and the Americans railied in the eighth, but could not overcome the lead against them. Callahan's running catch of Chance's long fly was a feature

YOKOHAMA, Oct. 13.-The Pacific Mail steamship Siberia sailed for San Francisco at 3:25 o'clock this afternoon with Miss Alice Roosevelt and her traveling companions and E. H. Harriman, president of the Southern Pacific Company, and his party, on board. The distin guished Americans were given a great send-off by the Jananese, the resident for-eigners and the civil officials. Before his

departure Mr. Harriman said:
We have been treated with the utmost courtesy and consideration by all classes of the Japanese people, I believe largely because we are Americana. We had no disagreeable experiences. At Toklo, Dr. Lyle was accidentally his with a stone when not with the party, he being unknown to his assailants. From all we met with the same direct, straightforward treatment as at home, and experienced no dirficulty with the Orientals,

I believe there is a market here for American goods, but they must be handled by Americans, directly representing the shippers, who should closely follow the styles and quality of goods demanded in this market. The market here, like others, must be carefully watched and competed for. Then there will be a gradual increase in the trade between the two countries, but it cannot be developed suddenly. Some previous statements regard-tys the Oriental trade have been exagerated. It is very much like trade elsewhere—needs
