FERRY TO BE ESTABLISHED

Manager Brink to Begin Work or St. Johns Approach.

J. El Brink, manager of the St. Johns Ferry Company, writes he will be in St. Johns within the next two weeks and start work on the approaches to the ferry landing, preparatory to establishing that route. On the St. Johns side the landing will be at the foot of Pittsburg street, cear Jobes' Mills, and on the west side sear the Claremont Tavern. At the start Mr. Brink will operate a barge fitted up with cabins for shelter of passengers, and

which can carry four vehicles.

After it is ascertained what sort of a raft is needed to take care of the traffic the company will build a suitable boat, but it is estimated that it will take several months to determine this. In the meantime Mr. Brink assures the people of St. Johns that he will take care of all of St. Johns that he will take care of all the traffic that is offered. The ordinance granting the franchise for the ferry company has been drawn up and approved both by the Council and the St. Johns Ferry Company, and will be passed the latter part of November, complying with the 60-days limit in the charter. The owners know they have a good thing, and have given the town valuable concessions, including free transportation of gravel including free transportation of gravel for improving the streets of St. Johns and 3% per cent of the gross income.
