## Harriman Gives Up Attack on Transcontinental Time.

## PRESIDENT WAS ANXIOUS

Feared for Miss Roosevelt's Safety on Breakneck Trip—Train Beats Schedule Time From the Coast to Cheyenne.

OMAHA, Neb., Oct. 24.—(Special.)—Flying across the Rockies at the speed of 50 or more, the Harriman special, with the President's daughter as a guest of honor, has already accomplished the difficult portion of its task of smashing transcontinental records. The train entered Nebraska at midnight, and with an easy down grade, carefree track and clear road, will cover the 400 miles across the state in eight hours, possibly better.

Throughout the day the train has received hourly bulletins of the world's happenings, from market reports to strike riots in Russia.

After breaking all records for fast time from San Francisco to Ogden and the completion of elaborate preparations for the continuance of its remarkable race against time from Ogden through Wyoming, Nebraska and the Eastern States, a new schedule was inaugurated and the train is making slower time than originally planned.

## HARRIMAN RUSHING EAST.

Has Already Beaten Record From San Francisco to Ogden.

SAN FRANCISCO, Oct. 24.—The Harriman special train, which left Oakland at 3:21 P. M. yesterday, made the fastest run on record between San Francisco and Ogden. The Overland Limited makes the run in 26 hours 5 minutes, while the Harriman train covered the distance in 19 hours 4 minutes, beating the limited by 7 hours and 1 minute.

OGDEN, Utah, Oct. 24.—The Harriman special train arrived at Ogden at 11:23 A. M., and departed after a change of engines, which was accomplished in the record time of two minutes. The run from San Francisco was made at an average speed of 45 miles an hour.

## AHEAD OF TIME AT CHEYENNE

Harriman's Train Will Beat Schedule Into Omaha.

OMAHA, Neb., Oct. 24.—The special carrying E. H. Harriman and party, arrived at Cheyenne, Wyo., at 11:20 o'clock, being a few minutes ahead of schedule time. The trip from San Francisco has been a very fast one, but has been made without incident.

## RECORD TIME MADE IN OHIO

Run of 72 Miles in 56 Minutes on Pennsylvania Road.

LIMA, O., Oct. 24.—An engine and four coaches, making a speed test on the Pennsylvania road, passed through here today, having covered the distance between Crestline and Lima in 56 minutes, a distance of 72 miles. All the previous records were broken.

## Fast Trip From Ogden East.

OMAHA, Oct. 24.—Reports received at Union Pacific headquarters in this city show that a fast run of the Harriman special train from San Francisco east is being made. The train was scheduled to arrive at Ogden at 11 A. M., and the Union Pacific is arranging to give the railroad magnate a fast trip between Ogden and Omaha. Only a brief stop will be made in this city, where the train will be transferred to the Chicago & North-western.

## GOES TO TALK TO CASTRO

American Minister Offers Mediation in French Dispute.

CARACAS, Venezuela, Oct. 24.—The Government at Washington has commanded the American Minister, Mr. Russell, to endeavor to arrange the Franco-Venezuelan diplomatic incident. Mr. Russell will go to Los Eques today and have an interview with President Castro.

The diplomatic incident which Minister Russell will endeavor to settle arose from the protest lodged September 19, at Caracas, by the French Charge d'Affaires, M. Taigny, against the closing of the Caracas station of the French Cable Company and the expulsion from Venezuela of the manager of the company, M. Brun. The Venezuelan government sent the following reply to M. Taigny:

The government holds documents proving that the French Cable Company has accepted the result of the judicial proceedings brought against it. The government is only waiting to establish new relations between it and the company. M. Taigny, the French Charge d'Affaires, knows this, and therefore the protest can be only considered as an act of personal hostility. For this reason the government will abstain from treating with the French government through M. Taigny.

This note gave offense to the French government, and the French Charge d'Affaires, M. Taigny, withdrew that part of the note which gave notice that Venezuela would not communicate further through M. Taigny until he apologized for his statement that the French Cable Company had not been treated justly. This President Castro has hitherto refused to do, although it was announced from Paris, October 10, that the Venezuelan President had made repeated advances to M. Taigny for the purpose of resuming friendly intercourse, apparently intending to ignore his previous action in refusing to deal with the French government through M. Taigny.

The latter, acting on instructions from Paris, declined to meet the advances or to resume intercourse with the Venezuelan government until Venezuela complied with the French request that President Castro withdraw offensive action.

## GLAD OF INTERVENTION.

Ready for Vigorous Action if It Should Fall.

WASHINGTON, Oct. 24.—At the French Embassy, when informed of the effort of the American Minister at Caracas to arrange an agreement between France and Venezuela, the following authoritative statement was made:

We are extremely happy to hear of the very kind intervention of the United States, and are sure that under the circumstances France would have been glad to render the same service to the United States. And the news of the intervention seems to us all the better because it will, without any doubt, enable President Castro to realize the error made by his Minister of Foreign Affairs and probably will have the result that France should not have taken recourse to such methods as she should desire very much to see, but for which, in case of need, all preparations have been made.

Senor Veloz, the Venezuelan Charge d'Affaires in this country, had not yet been officially informed of the statement, and therefore declined to make any statement.

## Taigny Incident the Trouble.

WASHINGTON, Oct. 24.—Pending the result of Mr. Russell's interview with President Castro, the State Department will not discuss its nature. It should be understood, however, that he will confine his efforts to a possible assistance in the solution of the Taigny incident and avoiding President Castro's alleged discourteous treatment of the French Minister at Caracas.

The Washington Government feels that President Castro made a mistake in this matter. As soon as it became known that this was the paramount grievance of France against Venezuela and the primary cause for the dispatch of the French squadron, the hope was held here that he might find a way for the settlement of her trouble with Venezuela without resort to force.

Recent conferences have been held at the State Department between the Secretary and M. Jusserand, the French Ambassador, and the Secretary and the Venezuelan Charge. The Charge is lending his efforts to diplomatic adjustment.

## PROSECUTION MAY COME

DISTRICT ATTORNEY ACTING ON ENTERPRISE BANK.

All Papers Handed Over for Investigation—Politicians Claim They Owed the Bank Little.

PITTSBURGH, Oct. 24.—At a late hour tonight it was learned that Bank Examiner Cunningham, while making an examination of the Bank of Pittsburgh, found a discrepancy between the reports made to Controller of the Currency Ridgely by the Bank of Pittsburgh and the Enterprise National Bank of Allegheny, which led to the closing of the latter institution.

Acting District Attorney Hoyt has directed United States District Attorney Denkle to make a thorough investigation into the affairs of the Enterprise National Bank, with a view to criminal proceedings.

Mr. Hoyt's order means that all the papers and other evidence in the possession of the examiner will be turned over at once to Mr. Denkle, and from now on the legal representatives of the Federal Government will have charge of the case.

Controller Ridgely has not yet arrived in the city, but is expected soon. A check for the Allegheny National Bank, which was made by M. T. Lee Clark, late cashier of the Enterprise National Bank, was president, was applied for today.

Walter Lyon, attorney for the Pennsylvania Development and the Santa Fe Central Railroad, gave out the following statement tonight:

There was furnished me today a statement by National Bank Examiner Cunningham regarding the obligations of the company I represent in the Enterprise National Bank. The Santa Fe Railroad owns nothing in the Enterprise of the Pennsylvania Company amounts to \$25,000, which is secured by the endorsement of the Santa Fe Railroad.

The will of T. Lee Clark, the dead cashier, dated March 24, 1897, was filed today, and after directing that his debts and funeral expenses be paid, leaves his entire possessions, real and personal, to his wife, Mrs. Lee Clark, who has appointed sole executrix. The estate will probably go to the closed bank, leaving the widow only the insurance money, of which she has received \$45,000.

The directors of the closed bank have been in session all evening, discussing plans for placing their experts on the books in an endeavor to ascertain the exact situation. Long after midnight the meeting was still in session.

No inquest will be held on the suicide of Cashier Clark.

## BOY ATTEMPTS ROBBERY

SHOT BY MAN IN SALOON AT HATTON, WASH.

Fred Wright Says He Was Robbed in the Place and Was Attempting to Get Even.

SPOKANE, Wash., Oct. 24.—While attempting to rob the Billbrook saloon at Hatton, Wash., about 8 o'clock last night, Fred Wright, an 18-year-old boy, was shot in the abdomen and seriously hurt by Tom Ochiltree, who was in the saloon.

After being shot, the robber ran and escaped, but was captured about 3 o'clock this morning and brought to a hospital in this city.

The boy, whose parents reside at Fisher, Or., says he was robbed of \$5 in the saloon several weeks ago, and took this method of recovering it, but not intending to rob anyone in the saloon.

## Milwaukee's Political Libel Suit.

MADISON, Wis., Oct. 24.—The Wisconsin Supreme court today affirmed the order appealed from in the libel case of ex-Governor Edward Schofield against the Milwaukee Free Press. The case will now be tried on its merits.

## ALL THINGS GERMAN

## BRITISH AMBASSADOR NEGOTIATES WITH RUSSIA.

Settlement of Asiatic Disputes Desired to Prevent Alliance of Kaiser and Czar.

ST. PETERSBURG, Oct. 24.—Sir Charles Hardinge, the British Ambassador, intends to leave for London tomorrow on a mission in connection with the proposed Anglo-Russian entente. Great Britain apparently is extremely desirous of taking advantage of the present opportunity to effect a complete understanding with Russia, covering questions relating to Tibet, the Indian frontier and Persia, and to thus prevent a rapprochement of Germany and Russia. Should the proposed entente be reached, Germany will be isolated.

Great Britain is understood to be willing to take the initiative, and Ambassador Hardinge today had an audience with the Emperor on the subject, which was described at the British Embassy as "satisfactory."

Russian sentiment as to the advisability of an Anglo-Russian understanding at this time is divided. It is warmly supported in some quarters, and bitterly opposed in others.

## FIFTY KILLED IN RIOTING

Santiago Mob Destroys Everything Till Troops Shoot.

BUENOS AIRES, Argentine Republic, Oct. 24.—A dispatch from Santiago de Chile, says that about 50 persons were killed and 500 wounded during the recent rioting there. It is hoped that order will be restored today.

SANTIAGO DE CHILE, Oct. 24.—The disturbances here caused by the opposition of the people to the import tax on Argentine cattle, did not cease until last night, when a small detachment of troops arrived here and a few shots were fired.

The people of Santiago have just witnessed the most shameful occurrence in the city's history.

Almost everything that could be destroyed was wrecked, including the city lamps, monuments and windows everywhere. The situation, as this dispatch is filed, is comparatively calm, but the banks and business houses will remain closed today. Several hundred arrests have been made.

The citizens say they are not responsible for the rioting, which they say was organized by rowdies. Anti-tax meetings which have been held elsewhere in Chile have passed off quietly.

The press criticizes the government and the local authorities for lack of energy in preventing the disorder.

The army maneuvers have been suspended and the troops are expected back to their quarters here in a short time.

During the day more troops reached Santiago, and with their arrival relative tranquility prevails and the city is gradually assuming its normal condition.

A bitter feeling prevails against the authorities. The outbreak is not considered to be political, but it is believed to be the work of rowdies.

The officials of the street railways estimate the damage done to their property at about \$200,000.

## SEVERE SLAP GIVEN ALFONSO

Address by Spanish Republicans to French President.

MADRID, Oct. 24.—The Senators and Deputies favorable to the establishment of a Spanish republic, having been forbidden personally to address President Loubet, who arrived here yesterday, have published an address of welcome, which, in reality, is a manifesto in favor of a republican form of government. It says:

"The Republicans of Spain greet the ruler who is the free choice of the people he represents. The adoption by France of a republican regime has carried the spirit of republicanism throughout the world. The visit of the republican President to Spain recalls the bloody struggle which the Spanish Liberals made against traditions. Republican France represents the freedom gained by revolution, and it is toward the same that Spain tends."

## HOLDS THE EMPEROR GUILTY

Dowager of China Imprisons Him for Causing Bomb-Throwing.

LONDON, Oct. 25.—The correspondent of the Daily Telegraph at Shanghai says a report is circulated at Peking, according to which the Dowager Empress has imprisoned the Emperor for alleged connection with the recent bomb outrage at a railroad station there.

## Discoveries in Roman Forum.

ROME, Oct. 24.—Professor Giacomini, who is directing the excavations of the Roman forum, made some important discoveries today after a most careful strategical exploration. The professor went through 23 archaeological strata and reached a muddy place where he found evidences that the place was at one time inhabited. These evidences were a vegetable coal, pieces of pottery and several human skeletons lying in such a position as to indicate violent death.

## IN THREE ALABAMA CITIES

(Continued From Page 1.)

operations of the South have increased so tremendously that there is a scarcity of labor almost everywhere, so that it is the part of wisdom for all who wish the prosperity of the South to help the negro to become in the highest degree useful to himself and therefore to the community in which he lives.

The South has always depended and now depends chiefly upon her native population for her work. Therefore, in view of the scarcity not only of common labor, but of skilled labor, it becomes doubly important to train every available man to the utmost use by developing his intelligence, his skill and his capacity for conscientious effort.

Dividends From Education.

Viewed from any angle, ignorance is the costliest crop that can be raised in any part of this Union. Every dollar put into the education of either white man or black man, in head, in hands and in heart, yields rich dividends to the community.

Merely from the economic standpoint it is of the utmost consequence to all our citizens that institutions such as this at Tuskegee should be a success. But there are other and even higher reasons that entitle it to the support of the entire American people as the public men, the publicists, the clergymen, the countless thousands of high-minded private citizens who have done heroic work in the South in arousing public opinion against lawlessness in all its forms and especially against lynchings.

Very earnestly hope that their example will count in the North as well as in the South, for there are just as great evils to be warred against in one region of our country as in another, though they are not in all places.

## War Against Lawlessness.

Lawlessness in the United States is not confined to any one section; lynchings are not confined to any one section, and there is perhaps no body of American citizens who have deserved so well of the entire American people as the public men, the publicists, the clergymen, the countless thousands of high-minded private citizens who have done heroic work in the South in arousing public opinion against lawlessness in all its forms and especially against lynchings.

Very earnestly hope that their example will count in the North as well as in the South, for there are just as great evils to be warred against in one region of our country as in another, though they are not in all places.

## HOW TO FIND OUT

Fill a bottle or common glass with your urine and let it stand 24 hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains the linen it is evidence of kidney trouble; too frequent desire to pass urine, or pain in the back is also convincing proof that the kidneys and bladder are out of order.

## What to Do.

There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage, and it corrects inability to hold water and effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go away during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest of all the wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50-cent and \$1 sizes.

You may have a sample bottle of Swamp-Root, the great kidney remedy, and a book that tells all about it, both sent absolutely free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing be sure to mention that you read this advertisement in the Portland Daily Oregonian. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

These men not merely serve a useful purpose in doing the particular work which they set themselves to do, but serve a lift to the cause of good citizenship throughout the Union.

It is to be appreciated what you have done at Tuskegee, and I am sure you will not grudge my saying that it could not possibly have been done by the loyal support you have received from the white people round about; for during the 23 years of effort to educate the black man here in the midst of a white community of intelligence and culture, there has never been an outbreak between the races, or any difficulty of any kind.

All honor is due to the white men of Alabama, to the white men of the other States, to the white men of the other nations, that they have done, and are doing, so much for the colored man. It is to be appreciated what you have done at Tuskegee, and I am sure you will not grudge my saying that it could not possibly have been done by the loyal support you have received from the white people round about; for during the 23 years of effort to educate the black man here in the midst of a white community of intelligence and culture, there has never been an outbreak between the races, or any difficulty of any kind.

Obligations of Negro.

Hitherto I have spoken chiefly of the obligations existing on the present white man. Now let us remember on the other hand that no help can permanently avail you save as you yourselves develop for self-help. You young colored men and women, educated at Tuskegee, must be precept and example lead the way toward sober, industrious, law-abiding lives. You are in honor bound to join hands in enforcing the laws and to war against all crime, and especially against crime which is an indication of the heaviest wrong done by the criminal is the wrong to his own race.

You must teach the people of your race that they must scrupulously observe any contract into which they in good faith enter, no matter whether it is hard to keep or not. If you save money, secure homes, and lead clean, decent, modest lives, you will win the respect of your neighbors of both races. Let each man strive to excel his fellows only by rendering substantial evidence to the community in which he lives.

The people have many difficulties to pass through, but these difficulties will be surmounted if only the policy of reason and common sense is pursued. You have made real and great progress. According to the census of the colored people of this country own and pay taxes on something like \$200,000,000 worth of property, and have blotted out over 50 per cent of the illiteracy. What you have done in the past is an indication of what you will be able to accomplish in the future under wise leadership. Moral and industrial education is what is most needed in order that this progress may continue.

## Harmony With Whites.

The race cannot expect to do everything at once. It must learn to wait and bide its time; to prove itself worthy of the respect of the white man; to show the possession of perseverance, of thrift, of self-control. The destiny of the race is chiefly in its own hands and must be worked out patiently and persistently along these lines. Remember also that the white man who can be of most use to the colored man is that colored man's neighbor. It is the Southern people themselves who must and can solve the difficulties that exist in the South. Of course what help the people of the rest of the Union can give them, must be given.

## IN FORMER REBEL CAPITAL

President Speaks Near Where Davis Took Oath to Confederacy.

MONTGOMERY, Ala., Oct. 24.—Amidst the booming of cannon, blowing of whistles and the cheering of many thousands of people, President Roosevelt arrived here at noon from Tuskegee. The general reception committee was headed by Governor Jenkins. The route of the parade was through the principal streets to the Capitol, where a platform had been erected within a few feet of the spot where Jefferson Davis took the oath of office. The welcome to the President was cordial and enthusiastic. His address was frequently interrupted by applause.

At the Capitol the President was welcomed on behalf of the city by Congressman Wiley. Governor Jenkins delivered the address of welcome for the state and introduced the President, who spoke briefly on the duties of citizenship.

The President's train left here at 3 P. M. and is due in Birmingham at 4:45 this afternoon.

## The Cause

In any abnormal condition which we wish to correct is the first thing to consider. We know that 99 cases in 100 of baldness is caused by dandruff, and that 1 per cent is a sequence to some infectious disease, such as fevers, etc. We know, further, that dandruff is caused by a germ. The problem has therefore evolved itself into a search for an effective destructive agent against this germ.

Kills the germ. Not only is this a positive germicidal agent, but a wonderful tonic and delightful dressing for the hair. If your hair is falling out, or, as some express it, coming out by the comb, then you owe it to yourself to give this remedy a thorough trial.

One bottle is sufficient to prove our claims.

THIS is not a dye—has no effect on the color of the hair other than to prevent premature graying by keeping the hair and scalp healthy and clean.

and will be gladly and cheerfully given.

The hope of advancement for the colored man in the South lies in his steady, common-sense effort to improve his moral and material condition and to work in harmony with the white man in upbuilding the commonwealth. The future of the South now depends upon the people of both races living up to the principle and letter of the laws of their several states, and working out the destinies of both races, not as races, but as law-abiding American citizens.

Platform of Cotton Bales.

President Roosevelt arrived in Tuskegee at 8:30 this morning, his train being on time. The city was beautifully decorated. A number of arches, the foundations of which were bales of cotton, had been erected and covered with bunting. The platform from which the President spoke to the people of the city was made from 20,000 worth of cotton in original bales.
