and an advance to record proces in important members of the group, including Reading. Delaware & Hudson and Central Railroad of New Jersey.

A complessor leadership in the operation was held by operators on the floor of the ex-change who have figured prominently in the transactions in Reading for many months past. No actual news was forthcoming to ex-plain the movement beyond general considerasome insistence upon the action of the com-pany in accumulating stocks as a safeguard against possible labor troubles. The market passed over this suggestion with an equanamity not always shown towards anything bear-

Some of these were influenced by special considerations. There were points of weakness among minor stocks throughout, some of the low-priced issues suffering sharply from ovements to take profits. The pressure upon

Hock Island was especially threatening.

Money continued relatively easy, but as a result of this condition foreign exchange made a further advance to within the immediate neighborhood of the gold export point. A decline in starling exchange at Paris and a further rise in the discount rate at Berlin were additional factors making toward gold

The special weakness of the Metropolitan stocks was commented upon. The fall in times stocks and the heavy selling of Rock Island were the principal factors in breaking the market and in causing the decline of the last hour, which carried prices comprehensively below last night's level. Hasty covering of shorts toduced a sharp rally, and the irregular closing tone left price changes very irregular and not important except in a lesser number of stocks.

Russian Disorders Stimulate All Wheat Markets.

GOOD ADVANCE AT CHICAGO

Private Cablegram Reports That Offerings in Czar's Country Have Ceased Altogether. Cash Prices Strong.

CHICAGO, Oct. 25.-The wheat market was strong from start to finish. 'At the opening, the December option was up 1604c to 1445c at STigGSTic. Higher prices for wheat at the leading European grain centers gave impetus to the market here. The advance at foreign markets was reported as mainly due due to news of increasing disorders in consection with the rallway strike in Russia. Cable advices today indicated that as a result of the stoppage of railway operations, all shipments of grain from Russia might be shut off in the near future. An English authority reported the cancellation of contracts for two cargoes of Danubian wheat. The situation was given a littile darker aspect by a private cablearam which stated that Russian offerings of wheat had ceased altogether. In the pit the demand for wheat was active and general throughout the greater part of the session. Offerings were chiefly from longs. Strength of cash wheat at all the principal grain centers of the United States heiped to stimulate buillah sentiment. At 85%, the December delivery touched the highest point of the day. During the last half hour the market reacted slightly on the profit-taking. The close, however, was firm with December %6% on at 87%c. May sold between 88% and 85%c and closed at a gain of %c at 85%c. Urgent export demand caused strength in the corn market. December closed ic up at 45%c. ings of wheat had ceased altogether. In the

December closed up at \$\frac{1}{2}\times at 25\frac{1}{2}\times.

Strength of grain had a sfeadying effect on the provision market. The volume of trading was small. January pork, lard and ribs closed a shade higher.

INJURED GIRL IS GRATEFUL

Fund Not Yet Equals Hospital Fees for Unfortunate.

The tund for the relief of Miss Anna Loubet was increased yesterday by the sum of \$13. The contributions were liberal in proportions, ranging from \$11 to \$5. The total sum now on hand is small, however, still being a triffe less shan \$25\$\$. which is less than enough to pay the hospital fees at \$8. Vincent's. There has been talk of sending the unfortunate young woman to the hospital yesterday, the helpless stranger in a strange land was propped up with pillows, busy with her needlework. She said she was making some fancy triffes in the hope of helping defray the hospital fees.

Helpless and alone, she bears her misfortune with touching fortitude. Her one hope that she may be given scientific treatment. It is possible she may never recover the use of her limbs. Yesterday she was in a cheerful mood at an unexpected pleasure that had come to her. Someone had found the rosary which was under her pillow the night she leasured to escape inchneration. The rosary was becaused the section of the contributions and the said and wife. Miss Wood, Grant's Pass; was the section of the limbs. market were so striking at times as to give it a decidedly feverish tone. Speculative in-terest centered on the group of coalers in which there was some degree of excitement and an advance to record prices in important

pust. No actual news was forthcoming to explain the movement beyond general considerations bearing upon the trade, but many surmises were aftent as a result of the large demand for Lehigh Valley in Philadelphia. That company's recent purchase of the Coze Bros. Company and the accompanying movement in the other coalers give rise to the conjecture that more effective combinations are working out in this group of properties. The publication of an elaborate analysis of the Reading property and of its capabilities was another stimulating influence. Reports that the Delaware & Hudson stocks had secured an option on the Wilkesbarre & Eastern were declared Butter, Eggs, Ponitry, Etc.
