PRESIDENT'S PROGRAMME TODAY

New Orleans, La.—Arrive 9 A. M. Sail on the river, followed by an address by the President and formal luncheon. Will leave New Orleans on a lightship-tender, on which he will pass the night.

LITTLE ROCK, Ark., Oct. 25.—President Roosevelt spent seven crowded hours in and around Little Rock today, and his journey from Fort Logan H. Root, in Big Rock, on the north side of Arkansas River, to the City Park in Little Rock was marked by enthusiastic demonstrations of welcome on the part of thousands of people appearing on the streets for the occasion.

Train Going to New Orleans. GRENADA, Miss., Oct. 25.—The special train bearing President Roosevelt arrived here at 11:30 o'clock tonight. After a five-minute stop, the train started for New Orleans, promptly on schedule time.

IDAHO TRIALS IN SPRING

WASHINGTON, Oct. 25.—Official information comes to the State Department from Nicaragua that the so-called Leon Court has confirmed the decision of the lower court in the case of the American citizen, Albers, and has fixed his sentence at 22 months imprisonment. Albers will take an immediate appeal to the Supreme Court at Managua.

Veterans of Both Armies

Nearly the entire morning was taken up at Fort Root, after which the start for the city was made. When the carriages were drawn up the mounted escort of honor took their places beside the President. This escort, which is known as the "Blue and Gray," consisted of 28 Civil War Veterans, 12 Union soldiers and 12 former Confederates, and it particularly pleased the President. It was announced that this escort would precede the President's carriage throughout the entire day and act as a bodyguard.

President of Whole Country

The party traversed Tenth street to the City Park, where an immense throng had gathered about the speaker's stand. The President was welcomed to the city and state by General Powell Clayton, former Ambassador to Mexico, and by Judge Treiber in an appropriate manner.

Vigorous Words on Lynching

"The worst enemy of the negro race is the negro criminal, and above all the criminal of the hideous type so often hideously avenged. Every reputable colored man owes the duty to himself and to his race to hunt down that criminal. Now, as to the white man's side: Now, to avenge one hideous crime by another would reduce the avenger to the bestial level. Another thing which makes such law so absurd is that three-fourths of the crimes for which it is invoked are for others than those against the women of the country. Governor, you and I and all others in authority owe it to our people to drive out the reproach and the menace of lynch law in the United States."

CROWD INSISTS ON SPEECH

MEMPHIS, Tenn., Oct. 25.—President Roosevelt and his party arrived here tonight at 8:30. The President's itinerary did not include a stop here longer than was necessary to switch his care to the Illinois Central, the original programme being that he would proceed at once to New Orleans. These plans were somewhat modified when a large crowd of citizens appeared at the Calhoun Street depot and loudly cheered the President as he called upon him for a speech. The President acknowledged these greetings and proceeded to a hastily improvised stand from which he made a short address, dwelling upon what constitutes good citizenship. Several members of the President's party left the train here and departed for Washington. The President, Secretary Loeb, Surgeon

Economy in medicine must be measured by two things—cost and effect. It cannot be measured by either alone. It is greatest in that medicine that does the most for the money—that radically and permanently cures at the least expense. That medicine is Hood's Sarsaparilla. It purifies and enriches the blood, cures pimples, eczema and all eruptions, tired, languid feelings, loss of appetite and general debility.
