

LAUREN PEASE IS UNDER ARREST

Prominent Musician Charged With Embezzlement of \$1569.

MAKES INDIGNANT DENIAL

Declares St. Paul Fire & Marine Insurance Company Knew He Was Embarrassed and Lent Him the Money.

BOTH SIDES OF CASE.

CHARGE IS EMBEZZLEMENT.—Upon a warrant issued out of the Municipal Court at the request of General Manager W. F. Zwicker, of the St. Paul Fire & Marine Insurance Company, local agent here, Pease was arrested by Headquarters Detectives Carpenter and Reeling at his apartment in the Hobart-Curtis at 2:30 o'clock yesterday afternoon on a charge of larceny by embezzlement. The sum stated in the complaint is \$1569.54, alleged to have been loaned on policies and retained by the defendant.

DENIAL FROM PEASE.—In his own behalf, Mr. Pease declares that the company knew since last June that he was financially embarrassed, and that with their money collected from certain policies. He says he was given no warning of his arrest, and states he is not an embezzler in any sense of the word.

On a charge of larceny by embezzlement, Lauren Pease, prominent in society and musical circles in Portland, was placed under arrest at his apartment in the Hobart-Curtis at 2:30 o'clock yesterday afternoon. Taken to police headquarters by Detectives Carpenter and Reeling, Municipal Judge Cameron fixed bail in the sum of \$3500, which was given by the surety before nightfall. The charge is embezzlement of \$1569.54, which was given to Pease by the St. Paul Fire & Marine Insurance Company, is the complainant. The defendant is local agent of the concern, and it is alleged he has appropriated to his own use funds collected from policies to the extent of \$1569.54. He denies the charge.

"I am not an embezzler," said Mr. Pease last night. "I owe the company approximately the sum named in the complaint, but I loaned it to me. Since last June I have been hard pressed, and they knew it. With their full knowledge and consent, I used the funds, and they have never said a word about it until today, when I was arrested without a moment's warning. I guess the people of Portland know me well enough to know that I could not pay a sum like that in my pretty short order, if given the opportunity."

Frank Freeman has been retained as counsel for the defense, and he has filed a plea that the case be continued until next Monday, at which time he will be ready to enter a plea for his client.

Sensation in Musical Circles.

No such sensation has been sprung in Portland for years in society circles and among musical people here as occurred yesterday when Pease was arrested. The charge is embezzlement of \$1569.54, which was given to Pease by the St. Paul Fire & Marine Insurance Company, is the complainant. The defendant is local agent of the concern, and it is alleged he has appropriated to his own use funds collected from policies to the extent of \$1569.54. He denies the charge.

Singer in City Churches.

Five years ago, Pease succeeded ex-Municipal Judge Hogue as tenor soloist of the First Congregational Church, and later he assumed the same position at the First Presbyterian Church. Simultaneously, he accommodated the Temple Beth Israel. He finished his term in those places last June, since which time he has not held any choir position. Perhaps the most brilliant affair Pease ever managed was a musical he gave for Arthur I. Alexander. This was a year ago, when the latter reached Portland from Paris, and gave at his residence here. This was taken at the Hobart-Curtis, and was a most gorgeous affair. All of the most prominent singers in the city were present. A recent concert at the White Temple, in farewell for Miss Anne Ditchburn, who was about to leave for New York City, was under the management of Mr. Pease. It was a complete success.

MANNING PLACES BLAME

Says Acting Detectives Kay and Jones Were Too Hasty.

District Attorney Manning blames Acting Detectives Kay and Jones for the failure of prosecutions in the cases of three men recently arrested for living with fallen women, and the officers, in turn, think they were "jobbed" by the state in the matter. Municipal Judge Cameron hardly knows what to think, but he is of the opinion that something was wrong in the case of the three men.

opportunity to instill seeds of religious thought into the child mind.

As the actual practice of religious ceremonies, such as family prayers, Mrs. Montgomery feels that much depends upon the manner in which parents approach their children, and says they should have real religion practice in the course of each day, making it experimental, instead of theoretical.

WILL TELL OF OREGON

BOARD OF TRADE TO SPREAD MUCH INFORMATION.

Los Angeles to Be the Home of a Permanent Information Bureau for Advertisement.

A permanent Oregon information bureau in Los Angeles will be established if the plans are carried out which were adopted at a meeting of the executive committee of the Portland Board of Trade held yesterday afternoon. Such a bureau would maintain headquarters in that city, where printed matter about Portland and the state would be distributed among the hundreds of home-seekers that arrive in California each year, especially while the colonists' rates are in force.

The board of trade is willing to cooperate with the other commercial organizations of the city in raising funds to defray the expense of keeping a bureau of this character. The executive committee recommended that it be placed in charge of J. G. Carroll, who has been very successful in a work of similar character in connection with the Lewis and Clark information bureau in San Francisco.

The executive committee also decided to issue a book entitled "Industrial Portland," to be used in advertising the city. It will contain approximately 200 pages of descriptive matter. F. W. Carter, B. Lee Page and Seneca Smith were appointed a committee to collect data and arrange for its publication.

It has been truly said that "Music bathes the soul," and if this ever were true it was last night. Harmony in all its exquisite beauty, used as a powerful descriptive medium, was listened to by a spellbound audience at the recital at St. Helen's Hall. The attendance was large, the spacious study room of the Hall being crowded to its limit.

Counterfeit Dollar Passed.

Mrs. Labelle-Carmen, who during the Exposition has become familiar to the eyes of many Portland people as the snake charmer at the animal show on the Trail, was taken to the Uphur street station yesterday under suspicion of having passed a bogus silver dollar. The woman had sent a boy, Ernest Conley, to buy cigarettes with the money and the clerk notified the police that a bad coin had been given him.

LAUREN PEASE, WHO IS CHARGED WITH EMBEZZLEMENT.

George Antone, who charges him with fraud, Antone was engaged in the mercantile business on First street near Oak, and filed a petition in bankruptcy on January 20, 1904.

The petition protesting against his discharge sets forth that he concealed the fact that S. J. Basel of Chinkook, was indebted to him in the sum of \$2200. Antone, it is alleged, owed Mike Shar \$900, and to prevent Shar from opposing his discharge in bankruptcy, caused Basel to pay Shar, Basel, it is asserted, also paid \$900 to Mike Ellis, a relative of Antone. It is alleged further that Antone was indebted to Mrs. M. Basel in the sum of \$900 and that to prevent her from contesting his discharge in bankruptcy, Antone sold his stock of goods to Philip and A. Alan for the alleged consideration of \$2500. Other like transactions of a fraudulent character are said to have occurred.

SUIT TO DECIDE OWNERSHIP

Waterfront Lot in Dispute and Its Existence Denied.

Carrier M. Elwert, who owns lot 5, block 2, East Portland, at the foot of East Washington street, filed suit in the State Circuit Court yesterday against H. E. Noble and J. Olson, to have determined her right to the water-frontage. Mr. Noble, representing F. H. Marjary as attorney in fact, holds a tax deed to what is described as lot 4, block 2, which he contends is on the river front, and not lot 5. U. S. G. Marquam, attorney for Miss Elwert, contends that years ago A. St. Johnson brought suit against A. J. Knott, who was then the owner of lot 5, to determine the question of the frontage, and the Supreme Court decided that there is no property between lot 5 and the river.

FRIENDSHIP IS PLATONIC

Mrs. Martha H. Laisner Testifies in Her Own Behalf.

Martha H. Laisner, testifying in her own behalf in the divorce suit prosecuted against her by her husband, William F. Laisner, in the Circuit Court, yesterday, of improper conduct, denied all his charges against her. She said he beat her frequently and blacked her eyes and she called witnesses who saw her when her optics were discolored and her body bruised. She admitted that she struck her husband at the Oaks when he was dancing with another woman and said she did so because he called her vile name. She was with another man at the time. Regarding her associations with a man named Smith in the Kribbs hopards, she stated her aunt was there, and there was nothing wrong in their actions. It was purely platonic friendship.

Mrs. Laisner said she furnished nearly all the money that went into their home at Albina, having received it from the estate of her father, A. King Wilson, attorney for Mrs. Laisner argued that the husband had only put a few hundred dollars in the home, and as he gave it to his wife, the whole place belonged to her.

RECEPTION FOR GOODRICH

Mayor May Call Special Council Meeting for Purpose.

In all probability Admiral Goodrich will be accorded a public reception of some sort by the municipality when the flagship Chicago comes into port next week, as Mayor Lane now has the matter under consideration with Councilman Belding broached the subject to the Mayor yesterday, and the chances are a special meeting of the City Council will be called to make proper arrangements, as the cruiser will get here before the regular meeting of the body.

It will be remembered that upon the occasion of the Admiral's previous visit here, during the Fair, arrangements were made by the Council for a grand public demonstration in his honor, and he was obliged to sail, unexpectedly without having an opportunity to enjoy the projected function, and his sudden departure led to a great deal of criticism. It is thought the Admiral's presence here at this time is in a measure for the purpose of showing that he was not actuated by any unfriendly feeling when he went away so hurriedly.

ONLY A SUGGESTION

But It Has Proven of Interest and Value to Thousands.

Common sense would suggest that if one wishes to become fleshy and plump it can only result from the food we eat and digest, and that food should be albuminous or flesh-forming food, like eggs, beefsteak and cereals; that milk, the kinds of food that make flesh are the foods which form the greater part of our daily bills of fare.

But the trouble is, that while we eat enough and generally too much, the stomach, from abuse and overwork, does not properly digest and assimilate it, which is the reason so many people remain thin and under weight; the digestive organs do not completely digest the flesh-forming beefsteak, eggs and similar wholesome food.

There are thousands of such who are really confirmed dyspeptics, although they may have no particular pain or inconvenience from their stomachs. If such persons would try their preference aside and make a regular practice of taking, after each meal, one or two of Stuart's Dyspepsia Tablets, the food taken is quickly and thoroughly digested because these tablets contain the natural pepsines and diastase which every weak stomach lacks, and by supplying this weak stomach with these tablets, it reaches its natural tone and vigor.

Stuart's Dyspepsia Tablets digest every kind of flesh-forming food, meat, eggs, bread and potatoes, and this is the reason they so quickly build up, strengthen and invigorate thin, dyspeptic men, women and children.

Invalids and children, even the most delicate, use them with marked benefit, as they contain no strong, irritating drugs, no cathartic nor any harmful ingredients. Stuart's Dyspepsia Tablets are the most successful and most widely known of all remedies for stomach troubles, because they are the most reasonable and scientific of modern medicines.

Stuart's Dyspepsia Tablets are sold by every druggist in the United States and Canada, as well as Great Britain, at 50 cents for complete treatment. Nothing further and nothing to cure any stomach trouble or to make thin, nervous, dyspeptic people strong, plump and well.

Woman's Nightmare. No woman's happiness can be complete without children; it is her nature to love and want them as much as it is to love the beautiful and pure. The critical ordeal through which the expectant mother must pass, however, is so fraught with dread, pain, suffering and danger, that the very thought of it fills her with apprehension and horror. There is no necessity for the reproduction of life to be either painful or dangerous. The use of Mother's Friend so prepares the system for the coming event that it is safely passed without any danger. This great and wonderful remedy is always applied externally, and has carried thousands of women through the trying crisis without suffering.
