Showing Compares Favorably With Oregon's - Four Divisions of State Exhibit Capture the Awards.

Washington fruits made a record at the Lewis and Clark Exposition of which that State has just cause to be proud. While returns of prize awards in other states will not be known until today or tomor-row, it is beleved Washington is second only to Oregon in the number of awards only to Oregon in the number of awards, received. Oregon is known to be far ahead of all competitors in fruit awards. The result of the horticultural jury's work on the Washington exhibits was usade known yesterday by Director of Exhibits H. E. Dosch. It shows Washington to have obtained a total of 468 premiums. Of these, 85 are gold medals, 72 silver, 291 bronze and 110 diplomes of honorable menion. This showing compares favorably ven with that made by Oregon when it s considered that the Washington entries were but half as numerous. Oregon secured a total of 207 awards—194 for gold medals, 153 silver, 348 bronze and 392 dimas of honorable mention.

In the Washington State exhibit there were but four divisions, and each of these carried a gold medal. These meritorious divisions of the exhibit were: Collective exhibit of fresh fruits in season, includberries, cherries, apples, peaches, ars, etc.; collective exhibit of miscella-ous vegetables during term of Pair; exhibit of cold-storage apples from crop of 1994; miscellaneous display of the fruits of Washington displayed in glass.

Twenty-one Washington counties claim the rest of the awards. These counties maintained separate booths in the Washhuilding during the Exposition. The greatest number of awards was taken by Chelan County, which has a total of of which 30 are gold, 22 silver, 71 bronze and 24 diplomas of honorable men-tion. Whatcom comes second with 55 awards, 8 of them gold, 8 silver, 23 bronze and 16 diplomas of honorable mention. Fun at the Grand.

For genuine fun, the moving pictures at the Grand this week will cure the most malig-nant case of blues. It is the story of an adventurous automobile trip, and is a film that causes the audience to acream with delight, The Thomas Meegan Company is the headline act. The company offers a bright and snappy little comedy that would make an ordinary farce look solemn. "On the Q. T." is the name of the playlet and it is well acted by artists. Kantanelli is the king of the slack wire, and his performances in the air are remarkable and daring. Madame Wanda shows the only troupe of trained coach dogs ever presented in a vaudeville house in Portland, and the Malcoms have one of these amusing comedy skits so popular in this class of high entertainment. Westen and True are singers and dancers who have new songs and jokes. Fred Purinton renders a beautiful ballad. The show is exceptionally

Investigating Committee Will Seek Out Faults in Management and Remove Them After an Impartial Inquiry.

NEW YORK. Oct. 25.—William H. Truesdale, one of the committee of three appointed by the trustees of the Mutual Life Insurance Company to investigate the affairs of that corporation, put himself on record today as being in favor of an investigation that will disclose all the weak spots in its management. Mr. Truesdale, who is president of the Delaware. Lackawanna & Western Railroad and the probable chairman of the investigating committee, said:

committee, said:

I have heard for some few weeks talk among certain of the trustees that the facts that are coming now before the legislative committee make it necessary that there should be an independent investigation of the company. That I was to be in any way connected with the situation was not known to me and the information that I had been chosen a member of the investigating committee came as a surprise.

Any impression that this committee was intended to be a white-washing committee or a committee pledged in advance to uphold any officer of the company or any particular set of transactions is an entirely erroneous one.

The committee will seek to get at the exact truth in regard to the affairs of the Mutual Life Insurance Company fairly, impartially and in a judicial manner, and will spare no effort to this end. Having ascertained the facts, it will then determine what changes, if any, are necessary in the organization and management of the company and will endeavor to have such measures as it may decide upon put into effect, to the end that the Mutual shall be placed on the highest plane as a life insurance company.

FROM THE TERRIBLE AGONIES OF RHEUMATISM.

Almost Hopeless Until He Used Dr. Williams' Pink Pills and Found a Permanent Cure. "In the lead mines I was at work on my

knees with my elbows pressed against rock walls, in dampness and extremes of cold," said Mr. J. G. Menkel, of 2975 Jackson avenue, Dubuque, Iowa, in describing his experience to a reporter, "and it is not surprising that I contracted rheumatism. For three years I had attacks affecting the joints of my ankles, knees and elbows. My ankles and knees became so swollen I could scarcely walk on uneven ground and a little pressure from a stone under my feet would cause me so much pain that I would nearly sink down. I was often obliged to lie in bed for several days at a time. My friends who were sim troubled were getting no relief from doctors and I did not feel encouraged to doctors and I did not feel encouraged to throw money away for nothing. By chance I read the story of Robert Yates, of the Klauer Manufacturing Co., of Dubuque, who had a very bad case of rheumatism. I decided to try Dr. Wil-liams' Pink Pills for Pale People, the remedy he had used. In three or four weeks after beginning to me the mills. weeks after beginning to use the pills, I was much better and in three months I was well. The swelling of the joints and the tenderness disappeared, I could work steadily and for eight years I have had no return of the trouble. My whole family believe in Dr. Williams' Pink Pills. Both my sons use them. We consider them a household remedy that we are sure about."

What Dr. Williams' Pink Pills did for Mr. Meukel they are doing for hundreds of others. Every dose sends galloping through the veins, pure, strong, rich, red blood that strikes straight at the cause of all ill health. The new blood restores regularity, and braces all the organs for their special tasks. Dr. Williams' Pink Pills actually make new blood. They don't act on the bowels or bother with mere symptoms of disease. They root out the cause of disease from the blood itself. It is through the blood that Dr. Williams' Pink Pills cure paleness, ausemia, indigestion, headaches, neuralgia, rheumatism, lumbago, sciatica, partial paralysis, locomotor ataxia, failing paralysis, locomotor ataxia, failing powers and the irregularities in the health of growing girls and women.
