A Monster Purchase of Women's Handsome New Suits

In latest models, man-tailored, and finished in exquisite workmanship, presents saving possibilities never before equaled thus early in a season. When we tell you that we're going to sell women's new

\$25.00 Suits \$19.95
32.50 Suits 26.78
35.00 Suits 28.95

FOR TODAY AND SATURDAY ONLY, you can come expecting to receive the actual values we state, and even more than we promise. Here's a stroke of good fortune at the very threshold of the new season—splendid luck for you and for us. Our buyer, Miss Bernard, now in New York City, came across a maker of high-class tailored suits who was about to close his Winter lines preparatory to entering upon Spring business. Some of his choicest models remained. In conjunction with a leading Chicago house we took his entire remaining numbers at prices so advantageous that you get them at a big discount off their intrinsic value. We could easily get regular prices for them, but that's not our way; our prices are based absolutely on cost to us. These Suits are bona fide bargain worths. They'll prove genuine surprises for you, but we want you to raise your bargain expectation to its highest pitch, and still we'll surprise you with the values. The lots are so varied that the word of description can only be brief. Materials of Cheviot, Broadcloth and Tweeds, in plain black, blues, browns, garnets, grays and plums of varying shades, and a splendid assortment of fancy "mannish" mixed effects; are expertly tailored in the long-coated models, some tight-fitting at front and back, others tight at back with loose fronts. All are severely tailored, coats with leg-o'-mutton sleeves and velvet collars, others having collars of material. Skirts in plaited effects. For today and Saturday only—two days—
