## SEEK THE DOCTOR

Boston Police Near Solution of Suitcase Mystery.

NATHAN HAS CONFESSED

Susan Geary's Lover Tells Pittsburg Police Who Performed Fatal Operation, and Boston Is

on Hot Scent.

BOSTON, Oct. 30 -- Yesterday's investigations have satisfied the police authoredy was Susan Geary, of Cambridge, a chorus girl. They were making every ef-fort today to discover who was responsi-

for today to discover who was reposited bit for the death of the young woman.

As the torso found in the sultcase off Winthrop September 21 showed that only a skilled surgeon could have dissected body in the manner in which it had been done, the police are endeavoring to learn what physician the young woman y have consulted at the time she left "Shepherd King" theatrical company,

Provided with photographs of the dead an, detectives are scouring the city in efforts to trace the movements of Miss Geary from the time she was last n by her mother at her home in Camdge on Sunday afternoon, September At that time she left, saying she was going to join the "Shepherd King" com-pany, with which she was connected, on its trip to Lowell. The police have learned from members of the company that the young woman did not join them.
She failed to appear at the opening performance in Lowell, but the management received a note signed estensibly by a doctor, saying that Miss Geary was

too ill to fill her pisce. The name signed to the note was "P. H. Smith, M. D., One of the most important features of the police work today was the effort to establish the identity of the writer of the missive. The name apparently was ficti-tious, there being no P. H. Smith among

the registered physicians of Boston. It was recalled today that a doctor whose name had been given to the police in connection with the purchase of the sutpage which held the dismembered body had left the city, and that two seks ago, in a hotel, he privately met the pawnbroker who sold one of the suit-cases, the broker failed to identify the ctor, but stated later that there were many points of resemblance.

This afternoon, Inspector Armstrong searched the office of a female physician on Tremont street. Later he began searching for a physician who, it is understood, had been employed at the Tremont-street int, and who answers the de scription of the man who purchased the s-sult cases.

The place searched on Tremont street is widely advertised as an institution devoted especially to the treatment of women. When the police made inquiry in Worcester for the practitioner alleged to be the head physician at this institution, they were told that he had not been in the city since last August. Another doctor, who is said to have been connected with the institution was said to be "in New

In connection with the search for the second doctor, it is learned that the theory had been developed that, when an operation upon the woman seemed likely to prove doctor, more skillful than the first, was called and that after death had taken place he dissected the body.

Mark Nathan, a brother of the man detained in Pittsburg, stated today that Jesse W. Grove, a prominent attorney of tals city, has been engaged by Nathan's father to defend the son. Mr. Grove left for Pittsburg this afternoon.

### Admits Miss Geary Proposed Having Operation Performed.

PITTSBURG, Oct. 30 .- The heads of the local police and detective bureaus are firmly of the opinion that they now have in their possession enough information to clear up the celebrated Boston suitease

As the result of admissions made by the prisoner, Morris Nathan, when ques-tioned this afternoon, they are almost positive that the death of Susan Gears resulted from a criminal operation per-formed by a woman in Boston, and that the body of the girl was afterwards mu-tilated to hide the fact. The name of the woman has been divulged by Nathan, and upon receiving this information the officials dispatched word to the Boston authorities to apprehend her.

Nathan admitted under pressure that, while the last time he saw the girl was on September 9, he knew that the girl had contemplated and discussed with him the advisability of submitting to a criminal operation, and that during more than one of these conversations the name of the woman to whom she proposed to go had been mentioned, and the conclusion is that she finally carried out this plan, with a result fatal to herself.

Superintendent of Detectives McQuaid says Nathan will be held until the arrival of an officer from Boston. Clarence Bur leigh, a local attorney, has been engaged to defend Nathan. Attorney Burleigh says he will fight extradition proceedings

Accidental Shooting of a Woman Arouses Anger of Boycotters Near Nankin - Officials Support Mob.

LONDON, Oct. 30.-A dispatch to the Evening Standard from Shanghai says that Rear-Admiral Train, commander-in-chief of the American Asiatic squadron. and his son, Lieutenant Train, have been victims of a savage attack by Chinese outside of Nankin. The American officers were pheasant shooting, when the Admiral accidentally shot a Chinese woman, slightly injuring her. Hundreds of vil-lagers thereupon surrounded the officers, took away their guns, knocked the Admiral down in the mud, and held Lieu-tenant Train as a hostage.

Forty American marines were landed as a rescue party. They were attacked by a mob of Chinamen, who tried to pitchfork the officers. The marines were obliged to fire twice. The Chinese officials refuse to restore the officers' guns and support ed the villagers.

Nankin has been active in the move ment for boycotting American goods, and s the center of activity on the part of the Japanese students.

Chinese Difficult to See in Fields of Tall Rice.

WASHINGTON, Oct. 30 .- The State Department has cabled to the United States Consul at Nanking, China, asking particulars about the case of Ad-miral Train, who, according to a cablegram from Shanghal, got into serious trouble in Nanking, after having accidentally wounding a Chinese woman. In view of the present strained relations between the United States and China, and on account of the fact that Nanking is the center of the boy-cott movement on American goods, the incident is regarded as serious. However, neither the Chinese Minister in this city nor the State Department has been officially notified.

Naval officers state that such inci-dents as this are not infrequent in China. It is the custom of the naval officers of all nations, but particularly the Americans and the British, in the China stations to go fowling whenever opportunity offers among the Chinese rice fields at certain seasons

Shooting in the tail rice is certain to be followed by some accident, but the naval officers say these are easily adjusted, as a rule, by the payment of a small sum of money to the victims or their friends.
