

HEARS MEN SAY HE IS TRIERS

McClellan Makes a Tour of Brooklyn in an Effort to Win Votes.

VOTE FOR ME TO SAVE CITY

Frost Covers the McClellan Camp, While Gloom Can't Drive Smiles From Faces of Supporters of Hearst.

NEW YORK, Nov. 3.—(Special.)—McClellan, who at the opening of the campaign, announced that he would make only four speeches, toured Brooklyn from end to end tonight, speaking at nine meetings. This was in response to a plea of County Leader McClellan that the Brooklyn city and county tickets were in bad shape. "Everybody vote for me to save the city," was the keynote of the Mayor's speeches. The reception was admirably frosty.

Hearst men claim Brooklyn by 30,000. Last night Comptroller Robert and Edward M. Shepard, the former a majority candidate, had a small meeting at Chermont Bank last night. The Brooklyn Eagle, McClellan organ, admits the hall was not half filled. Hearst tonight invaded Staten Island and spoke to 5000 in the two halls, while fully as many more stood in the rain and cheered. Total Richmond Borough registration is only 14,721. The meeting was the greatest political turnout in the island's history.

FOLK SPEAKS ON GRAFT.

Says Remedy Is in Awakened Hearts of American Men.

CLEVELAND, Nov. 3.—The Central Army, with a seating capacity of about 5000, was tonight completely filled with an enthusiastic audience, which gathered to hear a political address by Governor Joseph W. Folk, of Missouri, in support of the State Democratic ticket. He was introduced by Mayor Johnson, and spoke in part as follows: A political reform is going on all over the land against graft. The people of Philadelphia, New York, Buffalo, San Francisco and Cincinnati are fighting for their city and to regain the government they have lost. A wonderful revolution has been found in the hearts of the people. The graft, as a rule, does not know good from bad; all he knows is politics; but he knows good politics from bad politics.

When any number of individuals secure a monopoly on essential life and exist from the people more than the natural price, it is graft. Such is the truth. This graft is the outgrowth of the greater graft known as the protective tariff, by which a class are given special privileges whereby they can prey upon the rest of the people. A special privilege is at the bottom of every graft. No one ever heard of a legislator being bribed to give equal rights to all. It is the privilege of the few that is the cause of all the special privileges of the few taken away, just to that extent will the inducements to corruption be lessened.

TOM BOOSTS FRIEND JOE.

Says Folk Is Choice for Democratic Candidate for President.

CLEVELAND, Nov. 3.—After the mass meeting in the Central Army tonight, at which Governor Joseph W. Folk, of Missouri, was the principal speaker, Mayor Tom Johnson, of Cleveland, Ohio, said that he believed that the people of Cleveland would support the Missouri statesman in a large vote that had been used during the campaign, and in which an audience of several thousand were waiting to hear Governor Folk. Mayor Johnson introduced the Missouri statesman as his choice for the Democratic nomination for the Presidency in 1908, and he predicted that he would be the man that would succeed President Roosevelt.

Sugar Men Fight for Tariff.

DENVER, Nov. 3.—The directors of the Chamber of Commerce last night voted to send a letter to the Chambers of Commerce throughout the West and Middle West, inviting them to send representatives to a convention to discuss the proposal on the part of the National Government to remove the tariff on sugar coming from the Philippine Islands. The letter in part is as follows: "We believe that it is very opportune to call a conference or a convention of representatives of the leading commercial bodies of the sugar producing states to take action looking toward a correct public opinion on this important subject, and also to secure the assistance of the representatives in Congress from the above states in preventing such tariff legislation."

Parker Had Tonsillitis.

NEW YORK, Nov. 3.—Former Judge Alton B. Parker, who was to have presided tonight at the lawyers' management meeting in Carnegie Hall, was prevented from doing so by an attack of tonsillitis, but sent a letter which was read. The letter was devoted chiefly to the denunciation of public ownership of public utilities, as proposed by Mr. Hearst and Mr. Ivin. He pointed out that the public has within its power to compel the proper operation of public utilities when conducted by corporations. John G. Carlisle and Edward M. Shepard were among the other speakers.

SMASHES RAILROAD PLEA

(Continued From Page 1.) The commission should take within such reasonable time as shall be prescribed by the commission in the order, and should be subject only to attack for unlawfulness in the Federal courts, where it would have to stand or fall upon its merits. "Such an act, with suitable provision for the regulation of joint rates and rates upon traffic by international carriers, would go to the full extent and no further, than the recommendation made by the President in his last message."

Salt Water in Rock Island's Boilers.

BOSTON, Nov. 3.—The four hours' endurance run for the battleship Rhode Island, which successfully passed the official standardization tests off Rockland, Me., was abandoned today, after a brief run on the way from Molokai Island to Boston light. The leaking condenser, which had caused the postponement of the official standardization trial Wednesday, was responsible for more trouble today, and after the great ship had run a quantity of salt water found its way into the boilers.

Airships for Coast Defense.

WASHINGTON, Nov. 3.—The Board of Ordnance and Fortifications of the Army, in its annual report, says: "Many tests have been conducted during the year of new designs of offensive and defensive appliances. Many appeals have been made for financial assistance for the development of designs for aerial navigation, but the Board has uniformly declined to give such aid until the design shall have been brought to a state of practical operation without the aid of the Government."

Message From Kaiser to Roosevelt.

WASHINGTON, Nov. 3.—Baron Speck von Sternberg, the German Ambassador to this country, was today received by President Roosevelt and was a guest of the President at luncheon. WASHINGTON, Nov. 3.—John F. Wallace, ex-Chief Engineer of the Panama Canal, was before the Board of Consulting Engineers today to give the result of his experiences while he was in charge of canal operations. Mr. Wallace strongly favors a sea-level canal and has gone on record to that effect.

POISONED CANDY FOR WIFE

Chicago Drummer Accused of Sending It—Daughter Eats It.

CHICAGO, Nov. 3.—The finding of arsenic in candy sent to Mrs. Lena Elizabeth Sangster, of Bloomington, Ill., has caused an investigation by the police and State's Attorney. The candy caused the severe illness of Mrs. Sangster's 12-year-old daughter. Mrs. Sangster, charging alienation of her husband's affections, is suing a Jacksonville, Ill., woman for \$2000 damages. Mr. Sangster is salesman for a candy company.

TOPEKA, Kan., Nov. 3.—S. W. Sangster, traveling salesman for the Chicago Candy Company, was arrested at a hotel at Lawrence, Kan., tonight, as a result of a telegram received from the authorities at Chicago. He is charged with sending poisoned candy to his wife, who gave it to their 12-year-old daughter, who afterwards became very ill.

Canada's Tax on Travelers.

MONTREAL, Nov. 3.—H. P. Hamilton, an American traveler, was arrested today for failing to pay the provincial tax of 200 on foreign and English travelers. This is the first case that has been made under the new law. No American or English traveler can do business in the Province of Quebec now without paying this tax.

road and a west-bound freight on the Michigan Central near Hartsville, Ind., where the lines cross. Several freight cars, including a carload of eight horses, were demolished and the animals killed. The sand train was being drawn by three engines. The four engines came together with terrific force and were piled in a heap at the side of the track.

Crashed Into Excursion Train.

SAN LUIS OBISPO, Cal., Nov. 3.—South Pacific Coast Line Limited, south-bound, crashed into an excursion train on the main line at Santa Margarita station, 11 miles north of here, late this afternoon. The excursion train was at a standstill preparatory to sidetracking when the collision occurred. The rear coach of the excursion train was reduced to splinters. Fortunately, the passengers were warned just before the accident, and rushed to the forward end of the car. Fifteen were hurt, seven seriously.

Fire Causes Panic in Hotel.

CHICAGO, Nov. 3.—Fire which started in the engine-room of the Alhambra Theater tonight, about 30 minutes after the audience had been dismissed, created a panic among the guests of the Alhambra Hotel, which occupies the second and third floors of the building. Nobody was injured. The damage to the theater was not over \$10,000.

Cause of Lincoln Massacre.

NEW YORK, Nov. 3.—The Rev. Arthur J. Brown, one of the secretaries of the Presbyterian Board of Foreign Missions in this city, received a cablegram in answer to one sent to Rev. Henry V. Noyes, of Canton, China, yesterday. Dr. Brown interprets the cable to mean that a religious festival of the Chinese brought together a great crowd of people and perhaps anti-foreign feeling; that lawless characters took advantage of the unrest and the mob swept over the mission premises.

Building Grant Is Exposed.

PHILADELPHIA, Nov. 3.—Continuing his investigation of the construction of certain municipal buildings, W. Biedyn Powell, the city architect, made another report, informing the Mayor that the power-house of the new municipal hospital is unfinished and that Henderson & Co., the contractors, have received the full contract price for erecting the building. The amount paid was \$11,700. The architect in his report also states that the power-house was not built according to the original plans.

immediately identified him as one of the two men who were in his cab with suitcases on the night when the girl's body was thrown into the harbor. He also identified the prisoner Howard as Crawford's companion that night.

Later the two pawnbrokers and one of the pawnbrokers' clerks identified the prisoners. The New York police announced, after this identification, that Crawford, who was reticent when arrested last night, said that he was one of the men who helped to dispose of the body. The prisoners were arraigned in the Tombs Court, but were remanded to the custody of the police without examination.

Miss Tannen a Relative of Doctor.

WALTHAM, Mass., Nov. 1.—Miranda Tannen, of this city, the young woman whose name was found on an envelope in the pocket of Louis Crawford, one of the men arrested in New York in connection with the Boston suitcase tragedy, is related to Mrs. Dr. James Bishop, formerly proprietor of a medical office on Tremont street, Boston. This office, which until recently has been conducted under Dr. Bishop's name, is the place where Miss Geary is supposed to have gone for treatment. Miss Tannen has not been in Waltham recently. Crawford's wife is a daughter of Mrs. Bishop.

Steals to Study Sociology.

CHICAGO, Nov. 3.—While friends and detectives have searched for Miss Marie Louise Hill, member of the choir at the Moody Church, student of sociology and commanding the respect of those who knew her intimately, she has been a prisoner at the Bridgeport, committed to the institution on her plea of guilty as a shoplifter. She was sentenced under the name of Annie Harold, October 10, the day following her disappearance. A newspaper picture betrayed her identity and friends paid her fine and secured her release. She says that, when arrested, she had plenty of money to pay it, but she went to the B. & O. to study the prisoners.

Peculiar To Itself

In what it is and what it does—containing the best blood-purifying, alterative and tonic substances and effecting the most radical and permanent cures of all humors and all eruptions, relieving weak, tired, languid feelings, and building up the whole system—is true only of Hood's Sarsaparilla. No other medicine acts like it; no other medicine has done so much real, substantial good, no other medicine has restored health and strength at so little cost.

"I was troubled with scrofula and came near losing my eyesight. For four months I could not see to do anything. After taking two bottles of Hood's Sarsaparilla I could see to walk, and when I had taken eight bottles I could see as well as ever." STANIS A. HAZARD, Withers, N. C. Hood's Sarsaparilla promises to cure and keeps the promise.
