Grand Jury Acts on New York Election Frauds.

HEARST AIMS AT LEADERS

Has Evidence Against Twelve Tammany Chiefs and Promises to Send Some to Jall-Cheated Out of 20,000 Votes.

NEW YORK, Nov. 19 .- Ten indictments for violations of election law and two for assaults committed at the polls at the election last Tuesday were oday drawn up by the grand jury. It was said tonight that Attorney-

General Mayer and State Superinten-dent of Elections Morgan had instiinted a searching investigation of the alleged election frauds, which would be continued until the Legislature nects. They tonight examined a numfrauds and also conferred with Henry E. Yonge, special counsel for Mr. Hearst, and discussed plans to proseoute persons against whom charges may be brought.

Two ballot-boxes were found today in a barber shop at 156 Third avenue, one of them full of half soiled and ballots and the other empty. This barber shop was the polling place of the first election district of the Eighdistrict of which Charles F. Murphy, head of Tammany Hall, is the leader. Hearst watchers found the two boxes. Deputies from State Superintendent of Elections Morgan's office took possession of the boxes.

President Joan R. Voorhis, of the

Board of Elections said that the grand jury today required him to deliver to it the registry book of the fifth election district of the Twenty-Sixth As-

Can Convict Tammany Leaders.

Mr. Hearst made public a postal card eccived today and signed merely "Truck Driver," which read: Wednesday night five ballot boxes

were taken from a boarding stable at 232 The situation today was described by

William R. Hearst as follows:
"The law committee has discovered some very amazing things, and the deeper we go into this thing, the uglier it looks. We have evidence against 12 district leaders. and I am confident that we shall send two or three of them to prison. I am just as much interested in the criminal prosecu-tion of this case as I am in the recount. In this case it makes no difference whether I am declared elected or not, in com-parison with the greater duty of sending criminals to jail."

"It was for this purpose," Mr Hearst added, "and to strengthen the evidence against a certain district leader that I made the offer of \$10,000 reward today for such evidence. We have at least sufficient evidence to prove the neces-sity of a recount, and I believe that re-count will show a difference of 20,300

otes in my favor." Here Mr. Hearst said that many letters had been received by his mana-gers purporting to show that men from Connecticut, Massachusetts and New Jersey had come to New York on election day, and after voting 15 or more times for the Tammany ticket, for which they received a \$5 note each, they returned to their nomes. Mr. Hearst denied the report that he had retained Joseph H. Choate as his

Denies Boxes Are Missing.

President Voorhis, of the Board of Elections, today said the talk about missing ballot boxes was foolish. The board, he said, knew how many boxes it gave out, and as far as he knew all that should have come back have been received. He declared that the story about ballot boxes

being found in the river is all false.
It was announced at Tammany Hall today that Tammany district captains have ared evidence showing frauds commitby Hearst's supporters on election day. Several leaders said that, while a recounter charges of fraud which they intend to bring against the Hearst organiza-tion will likewise bring about the lessening of the Hearst vote, and that in this way an equal reduction will be made in the vote, which will not affect the result. An offer was made in Wall street today bet \$10,000 against \$50,000 that W. R. Hearst will be seated as the next Mayor

MINOR OFFICES STILL IN DOUBT

Both Parties Continue to Claim Victory in Ohio.

COLUMBUS, O., Nov. 10 .- Complete returns from the state ticket, except for Governor, are still unavailable, with the result that both the Republicans and the ocrats continue to claim the election

of all minor state officers.
Official returns received from 18 counties show that Harris, the Republican candidate for Lieutenant-Governor, has an average lead in each county of 740 over Herrick for Governor. If this ratio should be maintained in the remainder of the Si counties, which is considered doubtful. Harris would have a lead of 65,000 over Herrick in the state. This would insure the election not only of Harris but all the remainder of the Republican state ticket. Attorney-General Ellis and State Treasurer McKinnon claim that returns received by them from a majority of the ounties indicate their election by a plur-

Have Faith in Your Old Friends

The people have faith in an old bank or business house, just as they have faith in old friends.

It takes time-sometimes quite a long time-to separate the just from the unjust, both in business and social life.

The Allen & Gilbert-Ramaker Co. has been in business in Portland fer 30 years—long enough for people to discover that their word is good, without witnesses or notarial seal.

We are proud of the fact that we are selling pianos to the second generation.

It makes us feel good to sell a piano to a young man or woman whose parents bought of us 25 years

We make just such a sale every few days. We sold a piano the other day to a school in Southern Oregon upon the recommendation of one of the teachers who took her first music lesson on an instrument bought from us nearly a quarter of a century ago. We got more satisfaction out of that transaction than merely the pleasure of selling a piano.

said:

The belief that great combinations of capital should not and cannot be allowed to operate unchecked and unwatched is not only natural, but seund and right. But there is a wide distinction between Government supervision and regulation of these enormous agencies for the conduct of business and Government ownership and operation of such agencies. The one is a necessity in the public interest, developed by modern conditions; the other is a revolution in our entire theory and practice of government Government ownership of the railroads of this country, to take but a single instance, would mean, in its fuffilment, the destruction of the inslitutions we have known and loved and under which our liberties have been won and preserved. We should have an oligarchy composed of a few office-holders, a despot at their head and all below on one sordid level.

GOOD NAMES AS DECOYS Carnegie Points Out Source of In-

surance Scandal. NEW YORK, Nov. 10 -- Andrew Carnegie, upon disembarking today from the steamer Baltic, on which he arrived here last night, talked on American politics

He spent the Summer at his castle in After expressing himself in favor of honest elections, and declaring that mu-nicipal ownership was bound to come some day, Mr. Carnegie said:

"The insurance scandals have made a profound impression throughout Europe. The root of the trouble is that there are so many men in America who are so good-natured that they lend their names to financial institutions and assume duties which they have not time to perform. Their respectable names are used as de-coy ducks by the real manners of the institutions over which they have no control. What we need to control such evils is men in office who are not moneygrabbers, who are retired from business and who will conduct public offices as

they would their own business.
"A bad impression is caused by the fact that business men will not protect their names as they protect their dollars. Their business and moral standing has been lowered. It has caused wonder that men have allowed their names to be used as a blind. I have been asked time and time again to become a director of some of the insurance companies, but I replied that if the institution is a good one I will trust my deliars with it, but not my name. CARVES STATUE OF SATAN

Detroit Stonemason Says Old Nick Is Only Truthteller.

DETROIT, Mich., Nov. 18.-Two Detroit policemen last night assumed the unique duty of taking up their station as guards at the site of a monument to Satan monument is 14 feet in height foundation to crown, a horned foundation to crown, a horned figure purporting to be Satan being shown in a stooping posture behind a pulpit. The grotesque affair created a sensation when unveiled in the front yard of Herman Mong a contracting stonemason, at 308 Stanton avenue, and last night a mob of boys gathered around it and began a hombardment of stones that threatened its destruction, the two policemen finally

dispersing the crowd and standing guard to prevent further attacks.

Explaining his action in erecting the monument, Mr. Monz said that he did not believe a word of the Bible, but that "Old Nick" told the 1801. "He is no

friend," declared the old man, pointing up at the image. "He spoke the first and last truth." Around the neck of the statue when it was unveiled was a ribbon of United States flags.
