

# NO SEAT, NO FARE ORDINANCE NEXT

Councilman Rushlight Has Had Drafted Measure to Be Introduced.

WILL GO TO THE COUNCIL

City Attorney McNary and Others Are Passing Upon Legality of Proposed Act to Prevent Street-Car Congestion.

To compel street-car companies to supply seats for passengers, Councilman Rushlight will present to the city fathers next Wednesday a bill for a city ordinance declaring the collection of fares from a person required to stand on a car a misdemeanor, punishable by fine, the penalty to be imposed on conductors.

Mr. Rushlight has presented the legality question of the ordinance to City Attorney McNary and other counsel, and is waiting for their studied opinion. They have already given him the offhand opinion, he says, that the ordinance will stand court tests.

The ordinance, if passed by the Council and approved by the Mayor, will bring the "no-seat-no-fare" demand of the public to the car companies at once, and if it shall achieve its purpose, will relieve passenger congestion by compelling car companies to run more cars. Mr. Rushlight will endeavor to have the ordinance drafted so as to force operation of sufficient cars; otherwise, the companies might endeavor to make the public sick of the ordinance by running too few cars, thereby causing delay to many persons.

## FOR EQUAL SUFFRAGE.

Miss Gail Laughlin Delivers Address in Montavilla Church.

Miss Gail Laughlin, of Maine, delivered an address last evening in the Montavilla Baptist Church in behalf of equal suffrage in this state. She is an easy and fluent talker, and held the attention of her audience to the close. Miss Ring presided and introduced Miss Laughlin, who based her plea for ballot for woman on the grounds of unselfishness.

**YESTERDAY'S FIRE RECORD.**  
 Box 94 at 9:35 A. M.—A roof fire at Twenty-fourth and Sawyer streets in the residence of B. Metzger did damage amounting to about \$150.  
 Box 31 at 10:27 P. M.—A chimney fire at the residence of Everett Whitmore, at 247 Arthur street, was extinguished without damage.  
 Box 86 at 12:03 P. M.—A small blaze at the Exposition building, at Nineteenth and Washington streets, supposed to have been started by a lighted cigar stump, was put by the department with practically no damage.  
 A still alarm at 2:40 P. M. called the department out on a false call to West Park and Alder streets.

and declared the ballot was the open door for women for the betterment of both men and women. Miss Laughlin went into the wage question extensively, and pointed out the terrible abuses to which girls and women were subject in New York City and elsewhere because of the fact that she has not the power of the ballot to protect herself and gain her rights. Along these lines Miss Laughlin spoke with much force, and declared with the ballot woman would be in position to fight many of the wrongs she suffered because of her sex, and also those which the public suffered because of the election of corrupt men to public office. However, the speaker declared that the ballot was not the end sought, but was the means to the end and the door of opportunity to promote the general betterment of all classes. She gave many vivid illustrations of where she could wield a power for good if given the opportunity. At the conclusion of her lecture many of the audience went forward and were introduced to the speaker.

Clothing that can stand the X-Ray glance of an observant, quick-thinking successful business man need not be thick, but it must be in good business taste.
