

### HARRIMAN WANTS IT

Will Ask for Front-Street Franchise.

M'CUSKER WILL APPLY

Request Will Be Made for Practicality of the Same Route Which Sheridan Asks of the City Council.

The Harriman interests have at last come out in the open, to all appearance today their contracting freight agent, Thomas McCusker, will make application for a franchise down Front street, covering the same territory petitioned for by Thomas R. Sheridan, whose application is pending.

Mr. McCusker has been busy for several days interviewing the warehouse, dock, mill and property-owners along Front street and explaining to them the purpose and scope of his plans. He claims any connection with the Harriman people, but the sages of Railroad Row argue differently.

The Contracting Freight Agent. "Who is Tom McCusker?" one asks, and the other answers: "Why, he is the contracting freight agent of the Southern Pacific. The Southern Pacific wants this franchise for freight uses and this franchise for a franchise down Front street, covering the same territory petitioned for by Thomas R. Sheridan, whose application is pending."

Thus it is figured out. Today, when the Council meets, Mr. McCusker will unfold his plan and present his petition. He is confident of success, having gone into the confidence of many of the prominent property-owners along the street and having secured their promise of support. He declares he is backed by prominent business men.

Sheridan is Confident. On the other hand the people back of the Sheridan franchise are confident that they will be able to conform with the objections which have been raised. It is said that changes have been made so that there will no longer be the opposition on account of the crossings near and on the grounds of the Northern Pacific Terminal Company.

The franchise has also been changed to allow the passage of cars from all railroad companies over the tracks, which will serve the same purpose, it is urged, as though the city owned the line and operated it. The line road for the joint use of all transportation companies wishing to utilize it in the transaction of their business.

The Sheridan franchise will not come up for consideration by the Council at the meeting today, according to the present plan. It was not considered at the meeting of the street committee on Friday last and seems to be buried or at least tucked away for future reference.

### SANITATION OF CHINATOWN

HEALTH OFFICERS WILL MAKE INVESTIGATION.

Conditions in the Mongolian Quarter Are to Be Made Subject of Rigid Inquiry.

Some time next week City Health Officer Matson and State Health Officer Yenny intend to take a trip through Chinatown for the purpose of inspecting existing conditions there. A few days ago they together went through the Chinese quarters with this object in view, finding much that concerned the sanitary situation, and yesterday afternoon Dr. Matson made some additional inquiry along the same lines.

It is the intention to enforce rigidly the cubic air ordinance, as well as other measures affecting the pestilential status of Chinatown, and it is thought the trip of the two health officers next week will be prolific of results. Contagious diseases of nearly all kinds are known to exist among the Chinese on account of their unsanitary habits, and it is believed nearly all the malignant cases of small-pox that have to a close, were reported to the local Health Department, owe their origin to these precincts of the city where the Mongolians are huddled in vile quarters like so many cattle.

Dr. Matson is said to be an expert upon the subject of bacteria, and some interesting results may be expected from his investigations along these lines.

### BROWNSVILLE WOOLEN MILL STORE

Starts a Great \$12.50 Suit Sale.

As the Fall season draws to a close we find that we have manufactured fully 3000 suits more than we will be able to sell in the regular course of business. We anticipated a larger trade during the Exposition than what came to buy clothing, and now that the season draws to a close, we must either sell these suits at a loss of profit or carry them over until next year. We have decided on the former, and to do this in the quickest time we now offer the pick and choice of any high-grade suit in our store for only \$12.50. These suits are fully worth the regular retail prices of \$15, \$16.50, \$18, \$20, \$22.50, \$25 and a few up to \$30; from now until January 1, \$12.50 takes the choice. This is a bona fide sale. About half the suits are made from the Brownsville pure wool goods, the balance are hard finished worsteds, including all the new and popular silk mixed weaves. At \$12.50 these suits are a greater snap than most people can realize, as most of them are made to sell at from \$18 to \$22.50.

### CORSET WONDER.

Sales in corsets yesterday were enormous; they will be larger today and keep on increasing until the special lots are sold. No wonder, when prices for up-to-date styles are less than half. Come and see. The store that has no competition.

M'ALLEN & M'DONNELL.

### BUSINESS ITEMS.

If Baby is Cutting Teeth. Be sure and use the only well-erected remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, kills all pain, cures wind colic and quiets the nerves.

Hood's Sarsaparilla ensures good digestion and strength to the vital organs. Insist upon Hood's.
