Executive Council Declares for Enforcement of Chinese Exclusion and the Abolition of Competitive Convict Labor.

PITTSBURG, Nov. H.-A determined ENTERPRISE BANK PRESERVED stand was taken for the enforcement to the letter of the Chinese exclusion laws of the country, the legalizing of the eighthour workday in all work of the Govern-ment, the abolition of convict labor where it competes with unlon manufactured goods, and the renewal of the agitation for the abolition of the injunction laws of the country by the executive council of the American Federation of Labor in its annual report, which was submitted at roday's session of the convention in the old City Hall. The report was unanisumed the greater part of the proceedings.

The council voiced the sentiments of the organization as being opposed to the pres-ent immigration laws as applied to all classes of labor. An investigation was nsked of the Government of the many re-ports and rumors of assisted immigration. The report took the National Administration to task for its failure to enforce the eight-hour law in all Government work and a plea was made for every state federation organization immediately to in-stitute a campaign for the establishment in their respective states of the eightor law

A popular chord was struck when First Vice-President James Duncan, who was reading the report, made a ringing appeal for equal rights in all elections for wom-en. The report cited the four states in the Union which now grant equal rights to women, and predicted the purification of the ballot when universal suffrage was granted.

In the matter of a change in the system of electing all officials of the state and National Government, the council went into detail in explaining the workings of the initiative and referendum system of

Mr. Hyde algned the syndicate agreement at Mr. Harriman's DUPLICATE BOOKS suggestion, and talked only with Mr. Harriman on the subject. The executive committee was not informed of this operation, as Mr. Hyde said that Mr. Alexander did not think it necessary, and that Mr. Harriman requested that the co mittee be not informed of it. Frick and Harriman Conspire.

Charges of conspiracy to get him out of the country were made by Mr. Hyde against Henry C. Frick and E. H. Harriman in connection with the reported aspirations of Mr. Hyde to become Ambassador to France. He said Mr. Frick inpired the idea, and witness took it as a

joke at first, but, when Mr. Frick brought it up later, Mr. Hyde was flattered, and both Mr. Harriman and Mr. Frick promised to use their influence to secure the

appointment. Again Mr. Hyde waxed bitter in his explanation of the extraordinary interest these gentlemen had in his abfrom the country. He said he thought their idea was that "they would arouit themselves of their friendly stew-

ardship with great profit to themselves," and added that the nature of their interest had since become very obvious. Mr Hyde charged Mr. Frick with

breach of faith in leading him to believe that the Frick committee was "friendly" to him and with doing all-he could to dissuade witness from sellng his stock, "at the same time," Mr. Hyde said, "doing everything on that committee he could to knife me and

When Mr. Hyde made calls on the Squire account, the amount was borrowed from the Equitable Trust Company, but Mr. Hyde said he did not know about this. His curiosity as to the Squire ac-count was not aroused when he was asked to make the allotment, but he has since learned that it was the purpose to apply the profits of this account to the payment of the \$85,000 loan account, of which J. W. Alexander and Thomas D. which J. W. Alexander and Thomas D. Jordan were trustees. Instead of profits there was a loss. Mr. Hughes said that matter would be taken up later. Bargain in Irrigation Works.

WASHINGTON, Nov. 14 .-- A nonpartisan delegation from New Mexico call-ed on the President to discuss with him the proposed sale to the Government of an irrigation project which has been built to irrigate the Pecos Valley. The dam and its contingent system were constructed by private individuals at a cost of \$750,000. Last Spring a flood carried away a part of the dam and left the reservoir practically dry. The farms, orchards and gardens, which were irrigated by the system, are threatened with total destruction unless the dam is rebuilt. The delegation proposes to sell the entire plant to the Government for \$150,000. The Presipromised to give full consideration
