# PUT OFF TEN YEARS

Chicago's Hope of Municipal Ownership Deferred.

DUNNE READY TO GIVE UP

Disgusted at Resignation of Lieutenants and Failure of Plans, He Will Not Run for the Mayoralty Again.

CHICAGO, Nov. 12. - (Special.) - The transportation committee of the City Council today practically closed negotiations with the traction companies, which means that Chicago will not have municipal ownership of the traction lines for at least ten years. The companies argued that they had been held back from making improvements solely through politics. Had they been permitted to go ahead and keep the service at a high point, it would have deprived political aspirants of their campaign thunder.

Under the tentative arrangement enin the best possible condition, and the city is to have three opportunities to purchase the plants, one at ten years hence and again at intervals of three years thereafter. The ten-year period will give the companies an opportunity to recoup for the great outlay they must make in rehabilitating the lines.

Supporters of Mayor Dunne were star-

tied today by the apparently well-founded report that he would not again be a can-didate for the Mayoralty. The story is urrent that the Mayor's wife has exactcurrent that the Mayor's wife has exacted a promise from him to this effect. The Mayor is sorely disappointed because of his failure to push municipal ownership through. It is said, however, he is bending all his coergies to building a machine to dictate his successor and to prevent Carter H. Harrison from again becoming

Resignations from his Cabinet and the constant reiteration of the probable resignation of Corporation Counsel Lewis and other men upon whom he leans heav-ily have borne heavily upon the Mayor, and it would surprise no one if he himself were to lay down the reins. But he to be sure they will not be picked

READ HEARST OUT OF PARTY

#### Many Democrats Demand Action, but Southerners Are Divided.

WASHINGTON, Nov. 17 .- (Special.)-Are the Democrats in Congress to serve notice on William Randolph Hearst that he is no longer a member of the flock by re-fusing him admission to the fold of the caucus-noom? If John Sharp Williams distens to the advice of several of Mr. Hearst's New York colleagues, the man who ran for Mayor on a Municipal Own-ership ticket will be told that he is faithess and that the Democratic party in Congress will have none of him. Mr. Williams is in Washington. It is

known to an absolute certainty that the question of Mr. Hearst's right to vote in the party councils has been raised and that Mr. Williams has been urged strong-ly and even vehemently to use his influ-ence to deny it to the man who broke

The Southern Representatives, to whom the New York fight was a thing afar off, have counseled their leader not to make a martyr of the New York editor in the eyes of the people. The, pressure from the other side, however, is strong, and back

other side, however, is strong, of it there is exceeding bitterness. Some of the Southerners would prefer that licerst be read out of the party, if the bearst be read out of the party, if they considered it good policy. They don't like his governmental ideas, for most of the Southern men in Congress, despite the Populist craze which a few years ago affected the whole South, have in them a certain conservatism which revolts at the thought of such policies as the triumph of the Hearst ideas would in-

ATLANTIC CITY, N. J., Nov. 17.—Illegitimate profits formed the leading theme of the report of the executive committee of the National Grange, Patat today's session of the convention.

This evil has invaded even the homes in the form of adulterated food and has become so formidable that Government action must be taken to curb its growth.

The report also scores dishonesty in politics, saying:

CHICAGO, Nov. 17 .- The Tribune today says: The California lines have by an order, issued yesterday, put a stop to the personally conducted tourist excursions which have been flourishing in that field for years.
