

CITY'S BUDGET IS SUBMITTED

Deficit of More Than Ninety Thousand Dollars Must Be Made Up.

HOW FUNDS ARE DIVIDED

Reductions in Fire, Police and Street Lighting Estimates Will Prob- ably Be Made to Meet the Situation.

Estimates of expenses of the various municipal departments for the ensuing year were submitted to Mayor Lane yesterday morning, and from this data he will make up the budget for 1906. An analysis of the figures indicates that there will be a probable deficit of \$95,282.34, unless steps are taken by the Council to relieve the situation, although the estimates this year are nearer the actual resources than ever before known, there being a difference of \$240,000 last year.

Provision for the impending deficit will probably be made by reductions in the fire, police and street lighting departments, in which cases the appropriations asked for are considered sufficient ample to stand curtailing to some extent. The approximate expenses of the fire department for 1906 are given at \$296,965, while the estimates for 1905 aggregate \$281,966, without including the cost of new buildings and ground. Upon the basis of a 4 1/2-mill tax levied on \$150,000,000 valuation, the Auditor estimates the Fire Department's share for next year at \$162,990.

This year the expenses of the Police Department will amount to approximately \$128,947, while \$104,519 is the estimate for 1905. The street lighting fund calls for an appropriation of \$65,000 for next year, as against an estimated expenditure in 1905 of \$60,885.77. Auditor Devlin thinks that the deficit can very readily be made up from these three funds without entailing any serious inconvenience. Following are the estimates for the different funds:

The special bridge fund of \$112,000 is the levy provided for by the last Legislature to pay for the First and Front-street bridges over Marquam Gulch, and the Thurman-street bridge over "Salch Gulch."

Interest on the bonded indebtedness fund will be met by an appropriation of \$140,700, of which \$15,780 is to come from taxes, while \$124,920 will be transferred from the water fund for the payment of interest on the East Portland water bonds.

The improvement bond interest fund, amounting to \$22,000, will be transferred from the general fund.

STABBED BY A STRANGER

Harry Wheatley Suffers Injuries and Is Treated at Hospital.

Harry Wheatley, recently arrived from Omaha, was found by Policeman Wade in front of Blazier's saloon, North Third street, about 10:45 o'clock last evening with a knife wound in his left breast which, he says, he received at the hands of a man with whom he had been drinking but a few moments before.

Wade took Wheatley to the station, where his injuries were dressed by Dr. Matson, and found to be merely flesh wounds, which would not have any serious consequences unless bloodpoisoning should set in. Wheatley's claim that he invited a man to have a drink in Blazier's saloon, and shortly after made his way to the street, and while passing through the Third-street entrance, the one with whom he had the drinks accosted him and attempted to put his hand in his pocket, and, upon being shoved away, the stranger drew a knife and slashed Wheatley over the left breast.

The police are inclined to scout the statement of the wounded man, and think there is more behind the stabbing than the victim has been willing to tell. Wheatley has been in the city for about three weeks, and has no occupation at present. He gave his residence as the Everett House.

Fund for Miss Loubet.

The more thoughtful have not forgotten one less fortunate than themselves and contributions continue to arrive daily at the Oregonian office.

Miss Anna Loubet lies in the hospital here awaiting transfer to the French hospital in San Francisco. These contributions are to make that transfer possible. In the State House Inn fire Miss Loubet not only lost all her worldly goods, but her health and part of her happiness for the fell and sustained a broken back. Her relatives are all in France, and it is a duty of others more fortunately placed to help her in her suffering.

Letters of sympathy inclosing checks or cash are always welcome in this cause—none better ever existed—and the fund grows daily. The amounts received yesterday were: Collected by Miss Schloth, \$11.75; H. B. H. and G. J. B. H. making a total for the day of \$14.75.

Insulated Wire Burns.

By the crossing of two electric wires on Seventh street, between Washington and Alder streets at 8:27 o'clock yesterday evening, the insulation was completely burned off between two poles, causing an alarm to be sent in from box 131. The gorgeous pyrotechnic display attracted a large crowd.
