Land Board Has Made a Call for All Certificates Issued Prior to January 1, 1900 - Sift Out Bad Ones.

SALEM, Or., Dec. 4 .- (Special.)-All the state land certificates dated prior to Jan-uary 1, 1996, have been called for by the State Land Board, in an effort to ascer-tain the extent of the forgeries discov-ered by State Land Agent West. This order applies to all certificates bearing the signature of W. H. Odell, as clerk of the board. By complying with this order and sending their certificates to the State Land Board, holders of such papers will learn whether their certificates are gen-

uline or spurious.

It is possible, though not probable, that certificates were forged with the name of M. i. Chamberiain, who succeeded Odell as clerk. It is not thought that the name of Chamberlain was forged, for some certificates have been located that bear date after Clerk Chamberiain went into office, but on these the name of Odell was used. This fact indicates that the forgers learned to imitate the name of Odell only.

Comparison of the bogus certificates with the genuine shows several differ-ences which enable the holder to detect the fraud. During Odell's term the seal the fraud. During Odell's term the seal was impressed upon the paper without the use of a colored or gilt paper pasted on to receive the impression. All the forged certificates thus far discovered have a gilt seal pasted on them to receive the impression. It is safe to say, therefore, that any certificate bearing Odell's name and a gilt seal is forged.

As already stated, the forged certificates were printed on "Sterling Ledger" paper, and any person can ascertain whether his document is forged by holding it up to the light and reading the

Governor Chamberlain said today that be did not have such information at that time. It is assured that if each person, firm or company asked to con-tribute in this wise, should respond, the burden will be light upon each. It is expected that the amounts to be asked will range from \$5 to about \$100. After the information upon which the amount will be pro rated is secured, the Forestry Commissioner, J. R. Welty, will visit each person, mill and company interested and personally present the necessity for a contribution to keep up the work outlined.

Almost Hopeless Until He Used Dr. Wil-liams' Pink Pills and Found a Permanent Cure.

"In the lead mines I was at work on my

knees with my elbows pressed against rock walls, in dampness and extremes of cold," said Mr. J. G. Meukel, of 2975 Jackson avenne, Dubuque, Iowa, in describing his experience to a reporter, "and it is not surprising that I contracted rheumatism. For three years I had attacks affecting the joints of my ankles, knees and elbows. My ankles and knees became so swollen I could scarcely walk on uneven ground and a little pressure from a stone under my feet would cause me so much pain that I would nearly sink down. I was often obliged to lie in bed for several days at a time. My friends who were similarly troubled were getting no relief from doctors and I did not feel encouraged to throw money away for nothing. By chance I read the story of Robert Yates, of the Klauer Manufacturing Co., of Dubuque, who had a very bad case of rheumatism. I decided to try Dr. Wil-liams Pink Pills for Pale People, the remedy he had used. In three or four weeks after beginning to use the pills, I was much better and in three months I was well. The swelling of the joints and the tenderness disappeared, I could work steadily and for eight years I have had no return of the trouble. My whole family believe in Dr. Williams' Pink Pills. Both my sons use them. We consider them a household remedy that

we are sure about."
What Dr. Williams' Piuk Pills did for Mr. Meukel they are doing for hundreds of others.
