CHINESE TO USE EYES

TWO PARTIES TO STUDY THE WORLD'S GOVERNMENTS.

Both to Pass Through United States, and One Will Remain for Some Time.

JEW YORK, Dec. 17 .- According to cable advices received here today by A. W. Bash, who has extensive business interests in China, the two divisof the imperial Chinese commis sion appointed by the Empress Dow-ager to study the governments of Japan, Germany, Austria, France, England and America, will arrive in this country in Pebruary. One of the di-risions will journey leisurely across the American Continent from Senttle and take a steamer here for Europe. When the Chinese commission first started on its journey coming by way of Japan, it was rumored that the United States would be avoided on ac-count of its exclusion of Chinese laborers and the alleged ill treatment of students and other Chinese travelers at several American ports. The plan of crossing the continent through Canada was abandoned, however, when it was realized that a study of the Ameri-can form of government would be one of the most important features of the commission's labors, which it is declared, may form the basis for a con

Legislation Suggested to the ernor of New York.

ALBANY, Dec. 17.—The executive committee of the "Association to Prevent Corrupt Practices at Elections," of which ex-Mayor Seth Low, of New York, is chairman, gave out here tordight a letter which has been sent to Governor. Higgins, suggesting legislation for the purification of elections, which the committee regards as desirable. Attention is mittee regards as desirable. Attention is called to the fact that bribery is alleged to be rampant at elections in many parts of the state, and it is asserted that the explicit anti-bribery provisions of the penal code are disregarded, 'because no person has a motive for their enforcement sufficient to make him invoke the crimnal laws against one who may be a neighbor and a friend."

"We believe," says the committee.
"that the Legislature should give other weapons than the criminal law to protesting citizens. Campaign contribution by corporations should be prohibit corporations should be prohibited, emixed statements of accounts should required of political committees and others as well as of candidates; candidates should be punished for bribery by forfeiture of offices and parties should be punished by loss of votes."

Legislation is proposed differing from

that in force elsewhere in two important

respects:

"First—By providing that any citizen may force a judicial inquiry to which he shall be a party with the right of producing testimony and of examining witnesses as to the truth of statements and the existence of bribery.

"Second—By providing that where a

-TO-THE WOMEN

Rome women are just a trifle timid about going to a bank to transact business. And why? Emply because they are not familiar with the rules of banking.

This should not be so, and is not so with those who come to this bank. Miss Morehouse, Superintendent of our Women's Department, aims to make every transaction so clear and so plain that dealing with this bank should be so to become to the women an easy habit and a pleasure.

We appreciate the patronage of women. Their business with us is already large and steadily increasing. If you are not now a patron, then please consider this an invitation to become one.
