Fifteen-Cent Advance in Refined Sugars - Fruit Inspection on Front Street - Firmness in Country Produce.

The injury to the citrus crop of California by the late frost was not so severe as was feared. The Citrus Market Report of Berkeley, dated January 4, said the damage done was less than in other cold spells in past years.

Receipts of eggs were light again yesterday and buyers complained that they could not get enough to fill their orders. Prices quoted were 25 and 30 cents.

Very little poultry came in and it met with ready sale at former prices. Butter holds steady in price, though the supply is good.

Bank Clearings. Bank clearings of the Northwestern cities yesterday were as follows: Portland, \$1,600,000; Astoria, \$1,200,000; Tacoma, \$800,000; Spokane, \$600,000.

FRUIT INSPECTOR INDORSER. Leading Fruit-Street Wholesalers Have Only Praline for Mr. Reid's Work.

FRUD H. PAGE, OF J. H. PAGE & SON. Mr. Reid is a faithful, conscientious and hard worker and has done not only great good for the apple-growers of this district, but for the trade as well.

W. B. CLARKE. To find fault with Mr. Reid for his efforts to enlighten the apple-growers is what is absurdly thin. That is what should be done at this time of year.

MARK LEVY. Mr. Reid has been untiring in his efforts to improve the apples of this part of the state and deserves the highest praise.

JOHN A. BELL. The work done by Inspector Reid must be commended. It is only a beginning, but is sure to produce the best results.

HOP MARKET ACTIVE. Several Sales Reported in the Country at Full Values - Local Market Lively.

THE SECOND WEEK of the year has started off with no abatement in the demand for hops. At the same time, offerings are large, and this inclines some dealers to the belief that the market is weaker, but it is observed that when a choice lot is put up for sale it finds a ready taker.
