APPLE IS KING OF FRUITS HERE

Horticulturists Make Fine Exhibits and Listen to Interesting Addresses.

CUPS AWARDED AS PRIZES

Hood River Leads the List, but Other Localities Make a Fine Showing with Varieties from Territorial.

UNION HALL, Portland, Jan. 8.

Few of the entries brought into the Horticultural Society's plant exhibitions here [are] more important than those of the Union Hall Horticultural League, who will send off a ton of apples to the fair, and who, we learn, have spent considerable time in the propagation of varieties of the fruit. The thickness of the pack, the fine condition of the fruit, and the beautiful specimens which are brought in, are a sign of the growing interest in the art of raising fruits in this part of the world. The Union Hall Horticultural Society is a thriving one, and we hope that the exhibit which they have prepared will do them credit.
