ASSAULT NOW IN JAIL

Came From San Francisco to Open Long-Expected Campaign of Murder in His City.

President and probably murder followed the news three days ago that in the Chinese quarter of a city of 400,000 the Chinese residents have long been in the fear of a race war in the territory they own and hold.

It is not the first time that a Chinese killing has led to the issue of what is known as the "China Question," the question of what is to be done with the Chinese in the United States.

The Chinese have been living in the United States for a century or more, and their numbers are estimated at 1,000,000.
