

DOWIE DEPOSED AS ZION'S RULER

Business Affairs Taken Out of Hands of Spendthrift Prophet.

NECESSARY TO AVERT RUIN

Wear of Pyrotechnics of Their White Elephant, Zionists Take Relations With Creditors In Own Hands.

CHICAGO, Jan. 17.—(Special.)—John Alexander Dowie has been permanently removed from financial control of the Zion City industries, according to assurances given the big creditors by the financial agents of the community. The appointment of the triumvirate, with great ostentation, it is now declared, merely cloaked Dowie's accession to the demands of Zion City and its creditors that all business arrangements be taken from his hands, leaving him religious leader only.

The awakening of the people of Zion has come at last, according to one of the large creditors in Chicago today. "They have been open in saying," he declared, "that they awoke too late and found that in Dowie they had something in the nature of a cross between a 'white elephant' and 'the old man of the sea' hitched on them."

Dowie a Spendthrift.

"Dowie has squandered money in a most profligate manner," said this creditor. "His trip around the world cost him \$1,000,000. He drew on the treasury for it. The trip to New York cost half as much. It was given out that the followers paid their own expenses. This was hardly true. The recent trip to Mexico was another expensive luxury for the old man. He spent thousands there. And for all these expenditures all Zion City has got out of it has been a few pale fireworks."

"The fact of the matter is that creditors have been promised for months that if they were lenient, Zion's officials would get the old person out of the way."

Remains Religious Head.

"To save Zion from utter ruin, which it was believed would come with the ridicule that would follow Dowie's banishment from their precincts, the scheme to retain him as the head of the church, to stand him in the role of 'First Apostle,' Elijah III, or any other character he desired to assume, was concocted by rational Zionists."

With a crisis at hand today, when Mrs. Dowie has been able to arrange for payment of pressing debts," said Deacon Judd today, "and will be able to defer drastic action."

In the meantime creditors were communicating with Zion City, and all that had not been told in ten days past of the ousting of Dowie and the reasons therefor were told today.

Up to a late hour today nothing, apparently, had been done to avert foreclosure proceedings. A man high in authority today asserted the belief that Zion will not try to clear up much of the property, as the 300 or 400 persons who leased lots and built thereon have no security if the foreclosures taken place.

PLAN TO MILK AMERICA

(Continued From Page 1.)
United States come under contract, which adds:

"God forbid that the American Government should read this."

Enrich Land of Nativity.

There is a tendency on the part of the Austrian government, he says, similar to that of the government of Hungary, to keep a strong watch over its people in America, and every effort is directed toward two objective points, namely: "to send us all the emigrants they possibly can for a temporary sojourn here to earn money with which to enrich the land of their nativity upon their return, and, secondly, to prevent such immigrants from becoming American citizens."

The emigration from the Turkish dominions, both European and Asiatic, says Mr. Braun, is nothing less than a menace to this country; from there we positively get the worst kind of people in the world.

Sources of the Evils.

Violations of the immigrant law will continue, he declares, as long as there are agents and subagents of steamship companies working on a commission basis. These violations are not confined to Europe alone, but are rampant in America. Bankers, publishers of newspapers in foreign languages, foreign clerks and others doing business here are ardent missionaries, inducing immigrants to come here for purposes of exploitation, and are equally interested in the return traffic. The foreign priest and minister, he says, is a most dangerous meddler and political agitator. It has become a favorite expression, he says, to speak of "our colonies in America."

He has a word of commendation for the Russian Jew. Once he becomes a resident of this country, Mr. Braun says, the Russian Jew stays, and his children become among the most patriotic and thrifty of our citizenship.

Needed Changes in Laws.

Based upon his investigation, Mr. Braun makes a series of recommendations: That the United States maintain a secret surveillance of undesirable immigration.

That a statute be enacted requiring aliens to produce at landing a "certificate of origin" from the nearest United States Consul, to be issued only in the event that satisfactory information has come to the Consul respecting the alien from secret service officials.

That a bond be required of not less than \$25,000 from persons engaged in the United States in the sale of steamship tickets, for forwarding money, contracting labor, etc., for faithful and conscientious performance of obligations and contracts.

That a law be enacted making it a criminal offense for any resident of the country to travel abroad for purposes of inducing immigration for temporary or permanent sale, excepting only relatives.

That naturalization laws be amended to re-

quire a longer period of residence before citizenship is granted.

HAVE ROW ABOUT STATEHOOD

Smith and Powers Quarrel at House Committee Meeting.

WASHINGTON, Jan. 17.—For two hours today the House Committee on Territories and the delegation of the Anti-Joint Statehood League of Arizona engaged in a "sparring" contest, which culminated in a personal clash between Representative Powers (Maine) and Delegate Smith (Arizona) that concluded with an apology by Smith.

The break came while R. A. Morrison, of Prescott, Ariz., was addressing the committee. Chairman Hamilton (Mich.) had asked Morrison many questions about inadequate taxation of mines and railroads in Arizona, to which Smith objected. When Powers began questioning Morrison as to the proportion of Mexican population in Arizona and New Mexico, Smith again objected.

Powers resented the interruption, and exclaimed: "I understand fully the sensitiveness of this delegation concerning these questions. I know whom they represent and all about them."

"I have seen enough of this, and I denounce the charge as false," Smith retorted. "You may impugn the motives of

me, but you cannot impugn my motives, I shall repeat."

JOSEPH STILL KING

Chamberlain Wipes Out Opposition at Home.

SEVEN UNIONISTS ELECTED

His Victory and Balfour's Defeat Make Birmingham Boss Leader of Unionists—Liberals Win in Most Other Elections.

LONDON, Jan. 17.—The most prominent feature of today's election returns is the wholly unexpected stand made by Birmingham. Not only were all of Joseph Chamberlain's seven candidates returned, but Mr. Chamberlain himself secured a majority of 500, while the majority of others averaged 300.

Even allowing that the Liberal candidates were not very strong, as the seats were practically uncontested at the last general election, and though the Liberal organization was not as good as in other parts of the country, the results at Birmingham are of the highest importance. They prove the soundness of the Liberal contention that this general election has killed the fiscal agitation for a generation to come.

Beside showing the confidence of Birmingham in Mr. Chamberlain, the results go also to confirm what already has been noticed in isolated contests, that the candidates who openly professed protectionist leanings had good support and in some cases were victorious.

Chamberlain Is Now Leader.

The outcome at Birmingham affords a striking contrast. While Mr. Balfour stands discredited as a leader, with his supporters all swallowed up and himself angrily criticized from his own side, Mr.

Chamberlain issued from the contest with flying colors. His courage to a large extent justified his position in his agitation, and he is in a position to argue that it was Mr. Balfour's timidity which lost the campaign.

A considerable section of the Unionists on the protectionist side had predicted such a result, and it is now hinted that the party must in future look toward Birmingham for hope and guidance. It is too late for the results at Birmingham to have any great effect on the campaign as a whole.

Liberal Tide Runs Strong.

Many of today's polls will not be declared until tomorrow, but those published tonight show that the Liberal tide still runs strong. London has gone distinctly Liberal, no less than 12 seats showing Liberal gains. While the total gains of the Liberals for today number 22, the Unionists have made only one solitary gain, Viscount Castlereagh having wrested the seat from the Liberals at Maidstone. Portsmouth, which has previously been represented by two Unionists, today elected two Liberals, and this despite the fact that a fifth candidate, a Laborer, threatened to split the Liberal vote. The Laborites, however, came third, with a very large vote, the Unionists being at the bottom of the list.

The members already elected are distributed as follows: Liberals 167, Unionists 73, Laborites 31, Nationalists 30. Of the 23 London seats polled today, 16 were won by the Liberals, 12 of them being net gains.

Mr. A. Conan Doyle, who ran in the Unionists' list for Hackney, Epsom, and Bournemouth, Scotland, has been defeated.

The present indications are that ex-Premier Balfour will not seek another seat in Parliament until after the elections, when one of the newly elected members will probably retire in his favor,

so as to allow Mr. Balfour to try to enter the House by means of a bye election.

BIRMINGHAM TRUE TO JOSEPH

Protectionist Leader Heads Solid Delegation From Home City.

BIRMINGHAM, England, Jan. 17.—Birmingham today remained true to Joseph Chamberlain, electing all of his candidates in the seven divisions and, except in the case of Sir John Stone, by large majorities. Sir John Stone's defeat in the east division was expected by the Unionists themselves, and hence his retention of the seat by a majority of thirty few hundreds is regarded as satisfactory.

The Liberals had been optimistically expecting that the results throughout the country would affect Birmingham, but even the Liberal sweep was not able to overcome Mr. Chamberlain's great personal popularity.

Enthusiastic crowds are parading the streets tonight. Mr. Chamberlain tonight issued the following message to the electors: "I am deeply grateful to all who have assisted in winning this great victory. 'We are seven.'"

WILL GET DOWN TO BUSINESS

Newspapers Say Labor Party Spoils Parliament as Club.

LONDON, Jan. 18.—The Daily Mail, in an editorial on the revolution in the political field, says: "When the survivors of the 'Unionist' wreck reassemble in the House of Commons, they will look upon a scene never hitherto witnessed in English assembly. They will find the First Club in Europe gone, and we hope that as a sequence the first business house in Europe will have taken its place."

The Daily Mail proceeds to argue that the members of the large labor contingent, knowing what they want, thoroughly organized and supported by probably seven-tenths of the population, will infuse an air of real business into the affairs of Parliament, whose atmosphere and prestige can be radically affected, whether for good or ill, remains to be seen."

Among other changes the paper notes the "great reduction of the power of the railroad magnates and other interests, which hitherto have been over-represented," and the decline of "Juster of the magic letters 'M. P.' after the names in the prospectuses of company promoters."

The Morning Post says: "Birmingham has begun the work of reconstruction. Joseph Chamberlain has proved beyond question that the British people demand for every one who submits himself to their choice a definite expression of convictions and not a theoretical exposition of the advantages of two-mindedness."

A Tower of Strength.

LONDON, Jan. 17.—Justin McCarthy, one of the leaders of the Irish Parliamentary party, in an interview in the Tribune this morning, said he thought that the growth of the Labor party was largely the result of putting John Redcliffe in the Cabinet. He said he saw no reason why the moderates on either side should fear the Laborites in the new Parliament. He did not believe they would displace the Liberal party, but the contrary he thought they would become a source of strength. Asked his opinion concerning home rule, Mr. McCarthy said: "It will not come now, but when it does come it will come with a rush."

Amnesty for Cuban Rebels.

HAVANA, Jan. 17.—The House of Representatives today, after a long discussion, passed, by a vote of 19 to 12, a bill granting amnesty to all alleged revolutionists. The members of the moderate or administration party voted solidly against the measure.

The Senate today passed an appropriation of \$3,000,000 for public works throughout the island.

Great Socialist Demonstration.

HAMBURG, Jan. 17.—Great demonstrations of Socialists were held here today to protest against the new law. They effected a complete blockade of traffic. The laborers at several of the docks, who left their work to attend the demonstrations without being excused, are threatened with discharge and are expected to make a lockout of several thousand will take place immediately.

NOT MURDERED BY SON

Aged Countess of Beaumont Died From Natural Causes.

PHILADELPHIA, Jan. 17.—Coroner Jermon, who is making an investigation into the death of Mrs. Anita McMurrow, also known as "Countess de Beaumont," who was found dead at her home here yesterday under mysterious circumstances, said today that he believed the remarkable old woman came to her death through natural causes.

John McMurrow, her son, who was arrested in connection with her death, was committed to prison to await the coroner's inquest. An autopsy held today by the coroner showed that she had beaten his aged mother, but the coroner deemed it best to hold the young man until an analysis of the dead woman's stomach could be made.

Miss Parker Admitted to Alpha.

NORTHAMPTON, Mass., Jan. 17.—(Special.)—One of the first five taken in by the Alpha Society, of Smith College today was Miss Lucille Parker, '08, of Portland, captain of the basketball team. It is always an important event at Smith when the first five are taken into Alpha, the leading Greek letter and literary society, as the newly elected members are interviewed by all the old members in a body and presented with the society pin, then escorted to the chapel.

Greene and Gaynor to Be Tried.

SAVANNAH, Ga., Jan. 17.—Judge Speer today overruled the objection of Greene and Gaynor to the connection of the four indictments returned against them by different grand juries, and their trial upon the combination of charges, instead of

upon the indictments separately. The defendants, therefore, will be brought to trial before a jury tomorrow upon the consolidation of the indictments.

SAN DOMINGO, Jan. 17.—A treaty of peace between the insurgent Generals at Monte Cristi and the government was signed today on board the American cruiser Yankee. This assures perfect tranquillity throughout the republic. Monte Cristi is now in the hands of the constitutional government forces.

Old Soldiers Are Witnesses.

OMAHA, Jan. 17.—Sanford B. Brown and Max M. Lentz, inmates of the Grand Island Soldiers' Home, testified today in

the trial of Rev. Mr. Ware, charged with land fraud conspiracy, to having filed on homesteads and to having made leases to the U. B. I. Cattle Company. Brown's filing was secured and the expenses paid by F. W. Lambert and that of Lentz by Harry Welch, according to the testimony.
