

# WE HAVE GOT TO MOVE

## We Have Got to Vacate These Premises

This building at Fifth and Alder streets—we will not disgrace its memory by speaking of it as anything else than a building, whatever its outward appearance may be—is an old building, built by the late Henry Failing some 50 years ago. Many of Portland's citizens have been sheltered beneath its roof, families born and reared beneath its shelter. It was an old building six years ago, when we moved our then small business into it; and as a crowning service of its long, useful life, this old building has given our business a business home and enabled us to grow, develop and expand until today our business will step forth from this old building—one of the Largest Ladies' Suit and Garment Institutions in the City.

### So We Have Got to Move, for "They" Are Going to Build Here

Comparatively speaking (we will say) that day and night we have worked on this old building to enable it to last until the proper time when its successor could arrive. The proprietor of this store, the clerks, the help and all have carpentered, patched, painted, plumbed, glazed, roofed, caulked, scrubbed, electrified, stopped leaks, papered, etc., etc., time and again until memory fails to recall—to enable this old building to hold our expanding business. Yes, expanding business, for when we started we paid 50 cents occupation license, which is the amount on \$2000 and under, now we pay a license on and around business transacted of nearly \$100.00. To look at the outside of this old building you would think there was not much room inside, yet we tell you that if all the different spaces, floors, lifts, garrets and corridors that we use, were spread out into one floor it would cover nearly a quarter of a block. Now, then, we have a tremendous stock; there is no—there can be no reserve—YOUR PRICES MUST OBTAIN. All Clearance Sales will take to a 50c appearance when compared to what we will—and have to do.

**LADIES' GARMENTS**  
Nearly \$50,000 worth of these will be thrown on the market for what they will bring. Our factory has been running steadily all this month on new Spring goods—coats, suits and skirts—besides thousands of dollars of goods have been arriving from the East and there are a good many on the way now by freight that we can't stop, all elegant stuff. All lots will go at ridiculous prices. You will want to come quick and often when you see our announcement of certain garments, for these will be elegant garments, maybe one or two only or three of another, one of another, etc., priced at little or nothing, almost.

**OUT-OF-TOWN CUSTOMERS**  
If you see something in our advertisement, don't hesitate to send for it including the price asked—When you get it, if you do not want it return it to us and we will refund your money. Our petticoats 15 cents must be added to price for postage.
