FRIDAY "ECONOMY
SALE"**

The "Different Store"—Fifth, Sixth and Washington Streets
Eight More Days of the Twenty-Eighth Annual Clearance Sale—Every Article in the House (Contract Lines Excepted), is Substantially Reduced.

A Genuine Carnival of Matchless Friday Bargains

From now on till February 10—the start of the store's next fiscal year—we shall push with might and main to rid our stocks of all surplus, all ends and oddments and short lots, remainders—balances. We're willing to take a loss on these goods right through. Now to run a store at a positive loss for two weeks—and two days—would hurt mightily. But, luckily, we have helps like these: Millmen and importers are also "cleaning shop," and they allow us a good, liberal margin to sell their ends of lots—all generous portions for a retail store to handle. So, all in all, we will come out about even—and help the store. It's our aim to have stocks at their lowest on February 10 for stock-taking, or annual inventory, and there's a lot of fun ahead for you—the fun of saving. The fun starts in earnest today, when the bargains told of on this page will be ready.
