## Rebels Had Control.

ST. PETERSBURG, Jan. 26.-There is a long story behind the arrest of the Goy ernor and Vice-Governor of Kutals, who are alleged to have shown weakness and incompetency. if not actual treason, in dealing with the revolt of the Guerians. General Staroselski was appointed Gov-ernor in the Spring of 1905, after General Alikhanoff, with 5000 men, had subdued an incipient revolutionary movement. The first act of the government was to release the revolutionary leaders arrested by Gen eral Alikhanoff, and this was followed

immediately by a renewal of disorders Troops were sent to Kutals in the mid de of last September; but Governor Stare selski refused to admit them to the city, ind they had to find quarters in the suburbs, where they were subjected to cold and other discomforts. This had its effect on the revolutionists, with the result that the District of Gueria threw off all allegiance to the crown and the revolution ists took possession of the railroad to

Governor Staroselski was replaced and artial law declared. The Governor went Tiffis and succeeded in inducing the Viceroy to suspend martial law and to withdraw the troops. Following this, the City of Kutais passed into the full posses of the revolutionists, who occupied the government buildings and instituted a ovincial administration, which they continued until the arrival of General Alikhanoff, a few days ago.

ASTORIA, Jan. 26.-(Special.)-The

Warren Packing Company, of Portland, today purchased from the Trullinger estale a tract of water frontage 286 feet in length and extending from the Astoria & Columbia River Rallroad track to the harbor line, a distance of about 400 feet, for \$500. The property is a portion of the old Trullinger mill-site in the west end of this city. The purchaser will utilize the property for the erection of a salon cannery with a capacity equal to any plant on the river and which is to be ready for operation during the coming season. The new cannery will take the place of the Warren plant at Cathlamét, which will be torn down, and the manager there, Charles W. Warren, will have charge of the new cannery. The principal reasons Mr. Warren is moving his can nery to this place are to be near when the great majority of the fish are caught to secure rail as well as water transpor-

tation and to have the cannety close to four to Birmingham Man.
