Constant Fluctuations in New York Stock Market.

CLOSING TONE IRREGULAR

Rumors Concerning Union Pacific and Coppers Play an Important Part in the Speculation. Money Continues Easy.

NEW YORK, Feb. 1 .- It is rarely that

Great play was made upon the assumption that negotiations were in progress for a settlement of the long-standing disputes in the copper trade. Copper opened both upon the stock exchange and upon the curb with a continuance of the upward rush in force at the closing last night. The abrupt reactions due to the heavy unloading which met these advances dashed the speculative confidence. The reports were revived in all their variety, including an alieged plan for a wholesale merger of copper, whelting, mining and lead companies.

Northwestern Pacifice were strong throughout. The United States Steel stocks made good resistance to the heavy seiling early.

Money continued easy, and foreign exchange yielded further. The speculative taste for dealing in rumors asserted itself in the late buoyancy of the Pacifics and the bregolarity of the market was maintained by remewed selling of Amalgamated Copper under cover of this movement. over of this movement. Bonds were steady. Total sales, par value,

\$2,980,000. United States bonds changed on call. CLOSING STOCK QUOTATIONS.
