M. H. Durst Explains His Plan for Benefit of Growers.

TO FINANCE ARRANGEMENT

Proposes to Ship Portion of Unsold Crop to London to Improve Market for Remainder and Increase Values of 1906s.

HOPS-Plan of Durst for improve-

ment of values. POTATOES-Some shippers expect uprovement in market. ONIONS-Dull and weak.

EGGS-Local market has steadler

POULTRY - Good demand for BUTTER-Top grades work off.

M. H. Durst, of Wheatland, Cal. or largest hopgrowers of that state and well known to nearly all the raisers of hops in Oregon, reached Portland yesterday. He ha for the material betterment of the top market from a growers' standpoint, which s outlined in former communications to this saper, Mr. Durst's purposes are stated in letall in the following letter:

ferring to my proposition for each hos United States, in order to benefit market for the remainder, and to in rease values for the 1906 crop, as outlined my letters published in the issues of you 3, 1905, I wish to announce that I have come Oregon ready and willing to handle and finance the arrangement as suggested. will at once take the initiative we can arked degree. There are by all admissnot over 15,000 bales of 1905 hope left in growhands in Oregon. Dealers are buying up bulance as fast as possible. Within et to eight weeks we will probably see all of the hope out of growers' hands. Then if the arket advances, as it surely will, who is going to make the profit? Not the grower, cause he has sold out

If we ship even 5000 bales out of the try from Oregon, is there any doubt but the market will advance from 2 to 4 cents per With only 10,000 left in growers' hands in Oregon February 15, can the mar-Sectine further? .It must advance. And that will also help the outlook of the 1906

want to get in touch with every holder of hops in Oregon. If, after consideration, any one, and not calculated to help him individu ally or to strengthen the present and future market, then he is justified in refuting to o-operate. As soon as the hest time will ask all of the holders of hops to meet me in order to fully discuss the matter, and finally decide on action. I would emerciy advise every owner of hops in Gregor not to sell another bale until he investigates this

take for holders of good hope to sell them on a basis of 6 cents. They are intrinsically the best value on the market today, and dealgood market for 1904 hope. And all such hope bought lately are for that market. Every bale of sound 1904 hops sent there on a 6-cent basis will show a handsome profit within 90 days. The English brewer wants these 1904 hops for immediate use. There are some 2000 hales of 1904s left in Oregon. I ne me or write me here. I want to get the 1904s together and then I will cable London on the whole lot, and arrange for owners to get an advance without recourse, of nearly as much as dealers are now offering them to buy outright. Then if we secure the business I will pay the expenses of a growers' representative to go to London and see that the growers have a square deal. Can there be anything fairer than this? Who is taking all his hops are worth at time of shipment There is a good chance that bye time these 1904s reach London they will sell readily to net growers from T to 9 cents for them f. o.

which they will put in on the same terms We are ready to co-operate with Oregon growers to ship 8000 to 10,000 bales of hope from naterially strengthen the marker, 1906 crop, which is of vital interest to every happrower on this Coast. M. H. DURST.

Over Eleven Hundred Bales Changed Hands Yesterday—Demand for Olds. Yesterday was the livelest day in several

ers, and numerous transactions took place between local dealers. The most interesting business of the day was the sale by the it offered on the market some time ago. These were grown by Chinese on land leased from Krebs Bros. at Independence. The largest lot onelated of 261 bales and was bought by the E. Clemens Horst Company at 915 cents. Maurice Ethelmstein secured the better lot, 127 bales, at 10 cents. Mr. Reinstein also bough cente and paid 914 cente for 70 bales at La-

ranch near Oregon City to A. J. Ray. The cente. Seavey & Metzler purchased 126 balcs at Fisher's Landing around 8 cents. Another 8-cent purchase, involving 100 bales. s said to have been made by a total dealer cut the facts were not obtainable. The San ranch, was secured at 9% cents. In addition to their purchase from the United States Bank the Horst Company also bought 100 bales from Stein, of Middleton, paying 914

tay, but the strongest kind of a demand was said to exist for them, quite a number of New York dealers who have not heretofore been in the market for them sending in orders

tramp cars of bananas reached the

yards yesterday, and one was stopped

Sound. A mixed car of cabbage and cauli- Ste flower also arrived. Sweet potatoes are firm and higher on the advance at San Francisco. Celery bide fair to become scarce, as California growers wire that owing to the strong Eastern demand they will be n demand they will be unable to fill for definite shipment. The crange

Potatoes are dull and unsettled, but work itself out and that better prices may later be realized. Onions are a drug on the

EGG MARKET STEADIER.

Temporary Decrease in Receipts Causes the

day than it has been at any time since the decline began. Receipts fell off somewhat and this, with the Northern shippents of the previous day, left available stocks under requirements. Prices quoted were from 25 to 24 cents. The improvement, however, is not likely to be more than temporary, as this is the laying season with the hens, and prices may drop again today.

Poultry receipts were light yesterday, and, se was expected, chickens were in good de mand. Goese, ducks and turkeys, though,

did not sell readily. Creamerymen report that top grades of but ter are working off readily, but other kinds are

Bank Clearings.

Bank clearings of the Northwestern citie yesterday were as follows:

The sale for the day again fell below the 1,000,000 char-mark, thus putting an end to a series of 1,000, 000 to 1,500,000 chare days extending without interruption back to the first week in De-cember. The narrow dimensions of the mar-ket deprived it of any great significance it its bearings on larger conditions.

sence of obstacles in the shape of renewed liquidation. Such activity as there was contered largely in special stocks and the strength shown by these had a notable sympathetic effect on the general list.

The Hill railroads once more rose notably spon the repetition of long-familiar remore of the disposal of Great Northern iron-ore lands on advantageous terms to the United States Steel Corporation, the common stock of the latter sharing in their strength. Union Pacific showed its usual benefit from a rise in prices of Great Northern preferred. It was also affected by the conspicuous advance in Illinois Central, which was attributed to was also affected by the conspicuous advance in Illinois Ceerral, which was attributed to the rumors of absorption in the interest of Union Pacific. A widespread effect in the market resulted from these prospective move-

Reading was another completious feature, and its sharp rebound was due to some subsidence of the acute apprehension felt yesterday regarding a general strike in the coaltrade. Sentiment on this subject today took on the form of uncertainty rather than the
conviction felt yesterday that the srike was
inevitable. Southern Railway reported an increase in gross sentings of All per cent. Chilcrease in gross earnings of 31 per cent. Ch cago Great Western 25 per cent, Colo Southern 21 per cent for the month of J ary, Great Northern 23 per cent, and Illi Canadian Pacific disappointed some specula-tive holders who sold the stock, with cons-quent weakness. The price of copper was lower in London and here, but Amalgamated

Copper was in concert with the rest of the market. The Sub-Treasury continues to take fund from the money market, which was firmer for time loans today. Prices of stocks yielded easily to the professional profit-taking of the latter part of the day. The closing tone was easy and the earlier advances were much im-

WHEAT AND BARLEY OPTIONS BREAK AT SAN FRANCISCO.

More Movement Reported in Upper Grades of Potatoes-Decline in Dairy Products.

EAN FRANCISCO, Feb. 6 .- (Special.) -liquidation among holders of wheat and barey options was more pronounced today, and with support lacking, the speculative market broke sharply. Closing prices were the low-cet, May wheat fell to \$1.32% and Decemher to \$1.28%. May barley dropped to \$1.18 and December to \$3% cents. The decline was started by the duliness of Eastern and foreign markets and prospects for fair average crops in this state. Onto were steady, but the supply was ample and trade quiet. Feedstuffs were unchanged. Hay was weak. Arrivals of oranges were more liberal than would be lower only that the bulk of supplies taining the market. Choice and fancy navels are plentiful, but standards are rather scarce. Lemons and grape fruit are easy. Larger apples, chiefly red varieties, are in good de mand and firm, but small and ordinary stock is quiet and easy. Asparagus is becoming more plentiful, but still bringing high prices Today's sales were at 50 to 60 cents per

The market is well stocked with river and Oregon potatoes, but more movement is reorted in the upper grades at steadler prices Low grades are dull and weak. Onlone are dragging and casy.

Hitching-Posts for Albany.

ALBANY, Or., Feb. 6.—(Special.)—
Merchants of Albany have subscribed a fund for establishing the hitching posts for which farmers trading in Albany have been clamoring for so long. The posts will be placed back of First street, the principal huminess affect of street, the principal business street of the town, and near the water front, where they will be close to the business of the farmers, yet where they not be an eyesore to citizens.

Driven to Cover by Bullish Nature of Visible Report.

CLOSING PRICES STRONG

Other Factors in Chicago Market Are Reports of Crop Damage, Good Cash Demand and Promise of Larger Movement.

CHICAGO, Feb. &-During the first hour of trading the wheat market was inclined to be weak. Opening quotations on May were unchanged to 4c higher, at 844 684 5c. The unchanged to be higher, at 84% 684%. The demand was not sufficiently active to prevent a small decline, and the prices of the May option soon dropped to \$4%,684%. The market then became atronger because of buying by shorts who were driven to cover by Bradstreet's report of the world's visible supply, which showed an increase of only 182,000 bushels for the week, compared with an increase of 5,300,000 for the same period a year ago. Other factors strengthening the market were reports of damage to the Fall-sown crop from Kansas City and St. Louis, an importwere reports of damage to the Fall-sown crop-from Kansas City and St. Louis. an import-ant demand in the Southwest and Northwest for cash wheat and a prediction from New York that export business would soon show a marked increase. For May the highest point was reached at 55%, and the market closed eirong, with May 56% up, at 85%, 85%. The corn market early in the day was weak, but later the market became firm as a result of the strength of wheat. Prices, however, of the strength of wheat. Prices, however, showed but little change throughout the day. May closed steady and unchanged at \$4%c.

The oats market was inclined to weakness early, but became stronger. May closed un-

changed at 20% 92005c.

A decline of 10 cents in the price of live hogs caused a slightly easier tone in provisions early. At the close May pork was up ns early. At the close May pork was up lard was off 59714c and ribs were 500 The leading futures ranged as follows:

WHEAT. CORN. OATS. May30% .30% .30% .30% July29% .29% .29% MESS PORK. LARD. May 7.72% 7.75 7.65 July 7.85 7.85 7.77% SHORT RIBS.
