STEAMER DALLAS CITY, WHICH SANK YESTERDAY IN THE COLUMBUS.

DIAMOND RINGS STOLEN

A Fair Offer

The following was the notice issued by the manufacturer of the 'Mumbo-Jabber' concern on Thursday evening:

THE MUBMO-JABBER, a四个意识, manufactered by tne Communicating Electric Telegraph Company of New York, now on exhibit at the World's Fair, is not a toy for the young, but is a machine with a purpose. The manufacturers say it is an invention that will revolutionize the telegraph business. It is a telegraph machine that will send and receive messages by electricity, without the aid of any human agency.

PORTLAND AND ALASKAN TRADE

By Tom R. Smith.

The joint meeting held yesterday morning was well attended and was highly successful. The subject of discussion was the development of the trade between Portland and Alaska. The meeting was addressed by Mr. George A. Dix, of Seattle, who gave a detailed account of the trade between Portland and Alaska. He stated that the trade was increasing rapidly and that the prospects were bright.

In General Demand.
