POLICE STORM ORGAN-LOFT

Paris Priest Catches Inventory Commission Off Guard—Seven Police Badly Wounded—Severe Sentences on Rioters.

VERSAILLES, Feb. 8.—When the commissioner to inventory church property went to the Church of St. Symphorien today, he found the doors closed. Prefect Polsson ordered the military engineers to break into the church with hatchets. After the door had been broken open the prefect parleyed with the cure, who asked that the gendarmes be not permitted to enter. The prefect consented and entered the church with the commissioner. They were immediately bombarded with a shower of chairs and brickbats by people who had barricaded themselves in the organ loft. The prefect was hit on the head with a chair. The gendarmes, after a sharp tussle, stormed the loft, and in the fracas seven of them were so badly wounded that they had to be sent to a hospital. The inventory was then made, all entrances to the church being guarded with dragons and engineers. The manifestos were arrested, and taken before the summary jurisdiction court, which sentenced Devostin, Bosquet and Du Hamel to two years imprisonment and to pay fines of \$100 each. Malaterre, aged 39 years, and Touban were sentenced to six months imprisonment, Marchand, aged 22, to one year, and a priest named Briere to one month in prison.

REVOLT AGAINST PROGRESS

Russian Authority Explains Meaning of Persian Revolution.

ST. PETERSBURG, Feb. 8.—"In general I speak of the 'constitutionalism' in a country like Persia, where the basis of government is systematized robbery," said Nicholas Olfereff, director of the Russian Tariff-Teheran chancery, the great trade route from the capital to the Caspian Sea, constructed under Russian auspices, who is one of the best informed Russians on Persian affairs, in summing up today the situation in the Shah's kingdom. Contravening the expression that the present agitation in Persia is directed toward reform, Mr. Olfereff said that, while it might be classed as revolutionary since it was directed against the dynasty and foreign influences, it certainly could not be referred to as constitutional or reformatory, because the Persian clergy, under whose direct instruction and supervision the recent events occurred, are intolerant of all innovations or progress. The reigning Shah, although theoretically absolute, owing to the fact that his dynasty is of Turkish origin and that he is unable to trace his descent even fictitiously to the Prophet all, the source of spiritual power, is greatly hampered by the authority of the mullahs, who are opposed to the government tendency to strengthen the courts at the expense of the spiritual and to take education out of the hands of the clergy. The mullahs, Mr. Olfereff said further, are strongly supported by the derwishes, who are spreading their animosity toward the dynasty throughout the country. The Shah has been endeavoring to weaken the derwishes by imposing registration and passport regulations and at the same time is secretly encouraging the modernized sect of Babblers, who are irreconcilable enemies of the priesthood and opponents of polygamy and other Mohammedan practices. It is Mr. Olfereff's impression that the present revolution, especially in "justice" will, like the State Council, prove a flash in the pan and infringe only temporarily on the sway of the Grand Vizier.

MONEY FOR EXTENSIONS

CANADIAN PACIFIC WILL ISSUE \$20,000,000 NEW STOCK.

WILL PROBABLY BUY SPOKANE & INTERNATIONAL—New Branch Lines for Canadian Northwest. NEW YORK, Feb. 8.—(Special.)—The Canadian Pacific directors have decided to increase the authorized common stock to \$140,000,000. It is now \$110,000,000. The road will issue \$20,000,000 of new stock at \$100 a share at the rate of one share for every five shares held at present. The price of the new stock to stockholders will be \$100 at the price of stock in the market the right to subscribe for new stock is worth \$12 a share to stockholders, or practically a dividend of 12 per cent. No definite announcement as to what the new \$20,000,000 of money will be used for, but many important extensions are contemplated, especially in the Canadian Northwest and besides several comparatively recent purchases have not been permanently financed. It is thought probable that part of the money will be used to finance the purchase of the Spokane & International Railroad, which lets the Canadian Pacific into Spokane. There has also been rumor here from time to time that this new road may be extended beyond Spokane, but there has been no confirmation of this.

President Opposes Protest Against Wine at Wedding. NEW YORK, Feb. 8.—A special to a morning paper from Lockport, N. Y., says: "Whether or not wine is served at the wedding breakfast of Alice Roosevelt is none of the Woman's Christian Temperance Union's business," declared Frances W. Graham, of this city, president of the State W. C. T. U., today. "Yes, I know that some Western branches of the Union have protested against wine at the wedding of President Roosevelt's daughter, but I assure you that such action was not sanctioned by the state or National organization. So far as I know, none of the New York State Unions is contemplating such a protest. It would not be countenanced at all, but I do not think there is any possibility of such a thing happening. The majority of the Unions in the country realize the impropriety of such action. All of them ought to."

Change of LIFE

This perfectly natural change in a woman's life is too often accompanied by painful, distressing symptoms due to female troubles, and slight irregularities in her delicate organism.

Need Not Bring Suffering and Misery

The woman who passes this change without the development of tumors, cancers, or chronic invalidism enters a new field of happiness and usefulness in the domestic circle and in social activity. Her physical system should receive the necessary assistance at this critical period.

Lydia E. Pinkham's Vegetable Compound

is exactly suited to woman's needs at this time. It strengthens and cures all derangements of the female organism, it overcomes the hot flashes and dizzy fainting spells, and all other distressing symptoms.

I Was in Bed for Three Weeks

Dear Mrs. PINKHAM—I suffered a great deal during Change of Life. For eleven weeks I had hemorrhages and it made me so weak I was in bed for three weeks. I began taking Lydia E. Pinkham's Vegetable Compound, although it was against my doctor's will and I had to hide it. I took it regularly until I had taken five bottles, and it brought me out all right, a perfectly strong, well woman. Any one can tell how healthy I am by looking at my picture, and any one can write to me or my daughter about our wonderful cures.

Mrs. F. M. MUSEMAUS, East Chicago, Ind.

The whole secret of safety at this time of life is thorough preparation before the change begins. Fortify the system with a course of Lydia E. Pinkham's Vegetable Compound. This wonderful medicine has carried thousands of women through this danger period.

No such helpful advice to women who are sick can be had anywhere as will be received free by addressing Mrs. Pinkham, Lynn, Mass. Mrs. Pinkham is daughter-in-law of Lydia E. Pinkham, and for twenty-five years under her direction, and since her decease, she has been advising sick women free of charge.
