Taft's Argument for More Barracks in Philippines.

WASHINGTON, Feb. 2.-When Secretary Taft was before the Senate of mittee on appropriations, which was con-sidering the urgent deficiency bill, he requested an appropriation of \$100,000 to be expended for additional barracks and quarters for the army at or near Manila. When asked as to the necessity for this appropriation, he stated that the situaon in China was such that it might be necessary at any time to send troops there and that it would be wise to have troops near to be used for that purpose. The committee did not think it expedient to make the appropriation at this time.

BAY CITY JUDGES CROOKED

F. J. Heney Electrifies Bench and Bar by Statement at Banquet.

SAN FRANCISCO, Feb. 2.-Francis J. leney has stirred the bar and bench, and the public generally, by a declaration that "a majority of the Judges on the Superior beach of the City and County of San Francisco are crooked."

The statement was made in response to

a toast at a dinner at the Family Club, in honor of Judge M. C. Sloss, who has just been raised from a Superior Court Judgeship to the Supreme Court by ap-pointment. Hency's contention came like a thunderclap, as several members of the court whose honesty he assailed were guests at the banquet. He explained that by "crooks" he did

not necessarily mean men who accept bribes, but men who are not influenced in rendering their decisions, by facts nor

a bid for popular applause.

Mr. Hency refused to name the seven members of the Superior Court he dubbed man of the insurance committee of the American Bar Association. The opposite clew of the question was presented by George Whitlock, of Baltimore.

The Bar Association, by a vote of 113 to 25, sent to its insurance committee for consideration a resolution declaring Fedural control of insurance illegal and unconstitutional under the decisions of the Superior Court he dubbed "crooks." As at present constituted the court is made up of Judges Graham, Coffey, Lawler, Hunt, Troutt, Hebbard, Dunne, Kerrigan, Hosmer, Segwell, Cook and Murasky. In discussing his speech, Mr. Hency said to a reporter:

BEST ATHLETES FOR ATHENS

Although the committee in charge of the work of picking the team has not made any announcements as to how it will se-lect the men, it is pretty well understood that the plan will be to give the American and intercollegiate champions the prefer-ence, and then make the rest of the team

from the country at large.
Ordinarily this plan would be satisfac tory, but last year the A. A. U. champlon ships were held in Portland, Or., and the East was not represented on account of the impracticability of sending mer on the long journey. Only one Easterner took part in the games, and he won his event. As the same man could only get fourth place in the same event in the Metropoli-tan championships, it looks as if the win-ning of an American title this year did not signify very much, and to give first choice to the A. A. U. champions of this year would not be fair to some ten or a dozen Eastern athletes who are far persor, in time at least, to the winners at

Vanderbilt Cup Race in America.

NEW YORK, Feb 2.-For the third year the Vanderbill cup race will take place in this country in 1806. For the seccult, on Long Island. The distance will be approximately 36 miles, as in the last race, and the date will be either Saturday, October 6, or Saturday, October 12.

These facts were made known in a cablegram received in this city yesterday from W. K. Vanderbilt. Jr., donor of the trophy, who went to France a forinight ago to consult with the sports committee of the Automobile Club of France concerning the disposition of the cup. By virtue of the victory of Hemery in the last cup contest, the Automobile Club of France had the privilege of naming a route in that country for the race of 1906. The stand taken by that club, however, against the encouragement of speed com-petitions placed French automobile interests in an embarrassing position, to relieve which and to insure a race for his trophy, Mr. Vanderbilt went abroad. It was there agreed that, as an America finished third, the race should be held
