Pittsburg Elects City Party Man for Mayor.

ALLEGHENY IS REPUBLICAN

Charges of Fraud and Many Arrests Mark Bitter Campaign-Allegheny Women Pray in Vain for Good Government.

PITTSBURG, Pa., Feb. 20.-After one of the most bitterly fought campaigns, of the most bitterly fought campaigns, with the greatest vote which was ever cast in this city, George W. Guthrie, Mayoralty candidate of the City party, the Democratic party and the Civic League, defeated his Republican opponent, Alexander M. Jenkinson, by a majority of 6006. Guthrie has a majority of 4000 in 200 districts out of 257.

In 1928 Mayor Hayes, the present Re-

of 4000 in 200 districts out of 201." In 1905 Mayor Hayes, the present Re-publican incumbent, received a majority of 7871. Since that time three new wards have been added to the city.

have been added to the city.

The campaign throughout has been one of vituperation and recrimination, and charges of crookedness amanated from both sides aimost hourly. Wholesale arrests were made during the last days of the campaign for repeating and colonising, lodging-houses were raided and men carrying illegal tax receipts were hustled to the police station. The day was charto the police station. The day was char-acterized by many fights at polling places and in two districts the election boards to the police station. The feature of the campaign in Allegheny was the part taken in it by women. Throughout the entire day they held meetings of prayer for the election of Logan and carried sandwiches and coffee to the workers at the polls, while brass bands' played patriotic and popular airs in the neighborhood of the polling places.

Philadelphia Election Shows That Tidal Wave Is Receding.

PHILADELPHIA. Peb. 26.—The Spring municipal elections were held today throughout Pennsylvania, Ideal weather prevailed and a heavy vote was cast in many localities.

Philadelphia elected two magistrates,

17 Select and 12 Common Councilmen, 12 School Directors in each of the 43 wards. Constables and division election officers. Outside of seven small dis-turbances in wards where there were spirited contests, there was very little disorder. There were, however, numerous arrests for illegal voting.

Great interest was taken in the elec-tion of Councilmen, notably in the Sec-ond and Fifteenth Wards, Party lines were wiped out in many instances. In some of the wards the city party and Lincoin Organization party, which swept the city last November, were split and were fighting each other, with the help of factions from the old Re-publicans. In the Second Ward Harry C. Rausiey. President of the Select C. Ransiey. President of the Select Council, who was opposed to Mayor Weaver in the gas lease fight, wis a candidate for re-election on the Re-publican and Democratic tickets and he defeated by a small majority P. J. Devitt, the city party and Lancoln party

In the Fifteenth Ward Alexander Crow, Jr., a member of the Select Council, who was one of the Mayor's strongest supporters in the recent political war, went down to defeat for German Ambassador to France, re-election before W. S. McInnes, the candidate for the Democratic, Lincoin and Liberty parties. Mr. Crow was backed by a portion of the City party and a faction within the Repub-

an party.
A feature of the election was the candidacy of 50 women in various wards for the position of District wards for the position of Distri School Director. Nearly all the wom were on the reform tickets, and a large percentage of them were elected.

End Negotiations With Germany

and Leave All to Conference. PARIS. Feb. 20.—Germany's rejec-tion of France's proposal at Algeciras that the proposed Moroccan police sys-tem shall be French and Spanish has given renewed gravity to the Franco-German situation. It is officially an-nounced that Germany's action leaves France no course but to terminate the private negotiations and appeal to the judgment of the world before the

open conference.

This decision suspends the meetings between M. Revoil, head of the French mission at Algedras, and Herr von Radowitz, chief of the German delegation, at which they have been seeking to find an accord. The failure to agree promises to result in a prolonged crisis, in which each side maintains the position which it took up before the open conference.

Reports are in circulation to the effect that France intends to withdraw from open conference.

\$3090 costs annually.....\$240.00 Total annual cost\$360.00

The above bond guarantees the payment of \$3000 at the end of ten years, and in addition thereto a share of the surplus earnings. The whole amount can be withdrawn if desired. If allowed to remain, however, a paid-up bond is issued guaranteeing 4 per cent interest annually. At the end of the first year the \$120 interest derived from the bond pays the insurance premium, and continues to do so thereafter. Thus giving the insured the equivalent of \$13,000 fully paid insurance, for both insurance and bond are paid in event of death. The bond and insurance are issued separately and where both are carried as in the above example, either can be surrendered without affecting the standing of the other.

The combination of insurance policy and endowment bond for providing paid-up insurance at the end of 10 or 20 years has many advantages over the old system of carrying insurance and investment under one contract. The public is invited to make the fullest investigation of our policies and bonds.

FRANCE NOT ACHING FOR WAR

Not Yet Pugnacious.

PARIS, Feb. 20.-Notwithstanding the mewed strain in Franco-German rela-ons growing out of the Moroccan question, public sentiment here remains entirely caim. The journals of this city, including those in the governmental in-terest, bitterly attack Germany's course in the Algedras conference. They agree that France has reached the limit of her concessions. However, there is no recurrence of public excitement over possibili-ties of war. Even the sensational newspapers make no allusion to war. La berte alone says: While France wants peace, she doe

not want the government to show weak-ness before the inflexible and almost hu-miliating pretensions of Germany." The comparative steadiness of the Bourse today also indicates a disposition to philosophically accept the events at Aigeciras.

Bishop Hartzell's Good Account of American Negro Colony.

NEW YORK, Feb. 20.-The Methodist Episcopal missionary bishop for Africa, Rev. Joseph C. Hartzell, arrived here today on the steamer Amerika. after an absence of two years in Africa. An English company has been granted large mining and rubber concessions, in return for which the government has secured a loan of \$506,000. With this sum it is intended to pay the debts of the republic, to establish a national bank and to open the interior." which were passed by the second, now the senior, class. Members of the com-mittee have expressed themselves as gratified at the action taken by the midshipmen in the matter. Representative Pagett said tonight that the greatest importance was to be attached to this action, as it was the result of a voluntary movement on the part of midshipmen. not only without threat or hope of favor, but without even a suggestion having been made to them. The members of the committee expect similar action by the third class.

LINE-UP OF TWO TEAMS

Williams Captain of Seals-Places for Oakland Players.

SAN FRANCISCO, Feb. 20 .- A. J. Clunic announced today that he had decided to make Nicholas Williams field captain of the Seals for the coming season; also that the big blonde college man will give up pitching and go back of the bat, where he is considered a star by his comrades, who have seen him perform. The full team is as follows: Captain, Nicholas Williams; catchers,

Nicholas Williams, Street and Parke Wil-son: pitchers Henley, Wheeler, Hughes, Corbett (doubtful) and one more not yet selected; first base, Sears; second base, undecided; shortstop, Gochnauer; third base, Charlie Irwin; left field, Hildebrand;

The Oakland line-up is as follows, as far as now decided: Pitchers, Graham, Hogan, Iburg, Blexrud, Hopkins and Smith; catchers, Hackett and Oswald; first base, undecided: second base, Kelly; third base, Deversaux; shortstop, France Has Said Last Word.

ALGECIRAS, Feb. 26.—The delegates to the Moroccan Conference are most pessimistic over the results of the negotiations. German's reply rejecting the French's proposals for policing Morocco adds that Germany is ready to examine further propositions France may wish to make, but the French seem not to have any further propositions to present.

Mississing Hackett and Oswald: Mirst base, Devercaux: shortstop, Francks; right field, Kruger; center field, Van Haltren: left field, Dunleavy. Of course, the final team may be slightly different from that named, but the present plans of the directors contemplate the use of the men in question. There has been some talk of securing Parks Wilson for a backstop, and the directors admit that there may be something doing in that three, but, if not, the work will fall on Hackett and young Oswald.

Charged With "Doping" The Hugueot Track.

LOS ANGELES, Cal., Feb. 26.—Judge A. W. Hamilton has granted J. J. McCafferty until temorrow in which to file his answer to the charge made by C. F. Durnell that he doped The Huguenot, which won the fifth race at Ascot yesterday. Durnell bid up The Huguenot after the race and had him examined by veterinarians, who, it is

said, stated that, in their opinion, the horse was "doped."

Director William Dunn, of the Los Angeles Jockey Club, went to Ascot Park this afternoon to arrange a meeting of the directors and horsemen at his office in this city tomorrow to investigate the charges made against Manager Brookc.

VARSITY LOSES TO RED WINGS

Experience of Visitors Tells Against Locals' Frantic Struggles.

UNIVERSITY OF OREGON, Eugene. Feb. 10.-(Special.)-Oregon basket-ball players met defeat at the hands of the foxy Red Wings tonight, in Armory Hall. The score, 25 to 11, represents the fastest, most exciting game of basket-ball ever played in Eugene. The desperate endeav-ors of the 'varsity team were overmatched by the coolness and accurate throwing of the veteran Reds, and the score at the end of the first half stood 17 to 4 against

Oregon.

In the second half, Oregon came on to win, and for a time took the Reds off their feet. Then the lights went out and delayed the game for seven minutes. On the resumption of the game Oregon threw three baskets and a foul, adding seven points, while the Red Wings annexed eight counters, two of which were due to the mistake of Perkins in throwing the ball into his own basket.
