PRIMARY LAW IS CONSTRUED Candidate May Run for Office on Two Tickets.

SALEM, Or., Feb. 22.—(Special.)—That one man may be the candidate of both political parties was decided by Attorney-General Crawford today, in an opinion General Crawford today, in an opinion rendered in response to an inquiry from W. J. Moore, District Attorney at Lakeview. The hypothetical case submitted was that of a candidate whe, in the primaries, was on both the Republican and the Democratic tickets and received a plurality vote for the office in each instance. The ruling of the Attorney-General is that the office speker thereby becomes the number of both parties, and his name must be so printed on the general ballot at the election in June.

The same would be true if a man were an aspirant for a Republican nomination and his name were written into the Democratic primary helicit thereby eving him a plurality of the Democratic votes.

"It is now something like two years since I was afflicted with severe throat and lung trouble. My doctor did not seem to relieve me, and it looked at one time as if I would not recover. Though I have always been a strict and faithful advocate of temperance and a warm supporter of the Prohibition movement. nevertheless. I learned years ago to know that Duffy's Pure Malt Wnieky was a marvelous tonic and stimulant, and used only as a medicine. I asked my doctor about it, and he said he was sorry he had not thought of prescribing Duffy's Pure Malt Whisky before. I began to reover with the first bottle, and three bottles cured me. Today I am as well and strong as I was in my boyhood. I am a minister of the gospel, and I want to go on record as stating that there is no better medicine for bronchial or catarrhal affections than Duffy's Pure Malt Whisky." A. N. Stevens, Pastor C. M. ## It Quiets the Cough

This is one reason why Ayer's Cherry Pectoral is so valuable in consumption: it stops the wear and tear of useless coughing. But it does more-it controls the inflammation, quiets the fever, soothes, heals. Ask your doctor about it, then do just as he says.

We have no secrets! We publish the formulas of all our medicines.
