

GRANT AND MORLEY

Many Coal Operators Oppose Concessions.

CALL NEW CONFERENCE

Meeting at Pittsburg Calls Forth Impassioned Speeches Against Raising Wages—Roosevelt Summons Mitchell and Robbins.

PITTSBURG, Feb. 28.—Before the conference of bituminous coal operators of Pennsylvania, Indiana and Illinois opened today, it was generally conceded that the proposition to grant a 5.55 per cent advance would be laid before the operators and that it would meet with opposition from some of the independent operators, who freely expressed themselves as against granting any increase in wages at this time.

The conference adjourned at one o'clock, having decided to issue a call for a general conference to be held in Indianapolis on Monday, March 19. A statement issued by the joint conference committee in explanation of this action says:

No Agreement Yet Made.

It is positively stated by all the operators joining in this call that said meeting had been called entirely in deference to the wishes of the President of the United States, and that no action has been taken or agreement of any kind has been made by any operator up to this date regarding any possible settlement of existing difficulties. No settlement is possible on any terms until after such meeting has been held and the views of all the operators of the four states have been obtained.

Fierce Opposition to Advance.

Neither Chairman Robbins, of the Pittsburg Coal Company, who presided at the meeting, nor any of the operators present, would say anything after the meeting tonight beyond the statements given out. It was learned from a reliable source, however, that the meeting was most tumultuous and that several of the operators present expressed their opposition to the proposed advance in wages.

No Arrangement With Mitchell.

Mr. Robbins took occasion to deny in an emphatic manner that he had any understanding with President John Mitchell, of the United Mine Workers, to restore the scale of two years ago. President John H. Winder, of the Sunday Creek Company, of Pennsylvania, O., which is the largest producer in Ohio, and a large operating interest in West Virginia, hotly contested the suggestion of any advance being made. Mr. Winder is recognized as the head of the J. Pierpont Morgan interests in the bituminous coal trade.

Roosevelt Summons Leaders.

It was reported here tonight that President Roosevelt had requested John Mitchell and Mr. Robbins to call on him within the next two weeks, but the report could not be confirmed. George A. Maxson, vice-president of the Pittsburg & Westmoreland Coal Company, and a member of the scale committee, said in a statement that "several of the men at the meeting were opposed to calling another convention of operators, but out of respect to President Roosevelt we resolved to call a meeting. That does not mean that we will meet the miners. About 500 operators will decide whether we will do that."

One Way to Settle a Strike.

CHICAGO, Feb. 28.—Some comic opera features will be seen tomorrow, when the annual walk-out of the Latherns' Union takes place. According to custom, the strikers will last about 24 hours. Two adjacent halls were engaged yesterday, one for the strikers and the other for the employers. In another room a big blackboard will show the names of the firms involved in the strike. As fast as one firm "settles" its name will be erased from the board and its employees will return to work. The Latherns hope that their employers will raise their wages from \$4 to \$4.50, but if they do not no real strike will follow.

SAVED HIS SKIN, LOST JOB

Plaza, fugitive from Ecuador, removed as Minister.

GUAYQUIL, Ecuador, Feb. 28.—General Leonidas Plaza, who was Minister of Ecuador at Washington, but who was recalled by ex-President Garcia to take command of the latter's troops here when the recent revolution broke out, has been officially recalled as Minister by President Eloy Alfaro.

MAKE SULTAN KEEP PROMISES

America Demands Just Treatment of Missions in Turkey.

CONSTANTINOPLE, Feb. 28.—The necessity for prompt official recognition of the demand that the American Scholastic Institutes in Beirut, Syria and elsewhere be entitled to identical treatment with the schools of other nationalities is being urgently impressed on the Porte by the American Legation.

Recognition was promised on the occasion of the American naval demonstration in August, 1904, but it has not yet been officially promulgated. In some quarters the impending visit of Rear-Admiral Sigsbee's squadron to Beirut is connected with this question, but the Legation points out that the warships will only remain three days at Beirut, the visit being part of the ordinary programme of the squadron for its cruise in the Mediterranean.

AUSTRALIAN DROUGHT ENDED

Good Crops Assured and Storage of Water Promised.

SAN FRANCISCO, Feb. 28.—News of the breaking of the terrible drought, which for years has paralyzed the industries of Australia, was brought here today by the steamship Ventura. When the vessel left Sydney, it was assured that record-breaking crops and plentiful pasturage would mark the return of prosperity. The lesson learned by the great famine will be put in practice by the establishment of storage systems to husband the water supply in future for use in dry years.

BUDAPEST, Feb. 28.—In response to a long manifesto of the coalition urging the nation to steadfastly resist the absolutist regime, and to an open letter from Count Andrássy to the electors denouncing the revolution and advising the people to refuse to pay taxes and to offer themselves as recruits, a government communique was published today which set forth the details of the Emperor-King's fruitless efforts at compromise and argued from the fact that the Hungarian people have remained quiet in spite of all the coalition agitation, the tranquillity he declared the coalition's death sentence.

Honeyymooners' Auto Scars Team.

BERLIN, Feb. 28.—There is a very slight basis of fact for the reports related to the United States today that Prince Eitel Friedrich and his bride, Princess Sophie, had been injured in an automobile accident. The couple entered an automobile last night at the station 20 miles north of Berlin, where they were spending their honeymoon. A team of horses took fright and ran away, dashing the wagon against the automobile car and breaking a window of the latter vehicle. No one was even bruised.

Troops Gain Control.

SPRINGFIELD, O., March 1.—At 2 o'clock this morning the military seemed to have the riot situation well in hand and no further serious trouble is anticipated. Negroes left the city during yesterday and last night, traction cars in all several hundred.

No Requisition for St. John.

DENVER, Colo., Feb. 28.—Governor McDonald today denied that he had issued a requisition for Vincent St. John, one of the officers of the Western Federation of Miners, now in prison at Boise, Idaho. "I have not been asked to issue a requisition for St. John," said the Governor. St. John was president of the Miners' Union at Telluride when the assassination of Arthur Collins and J. W. Barney occurred.

Made Friends by His Speeches.

MEDFORD, O., Feb. 28.—(Special.)—W. S. Dunaway, candidate for State Printer, was here today. Mr. Dunaway is quite well known in Jackson County, and has many friends. In 1893 he participated in a three-cornered debate in this county, at which time Mr. Dunaway, the French Minister to Morocco, had not assisted in obtaining \$300,000 for losses said to have been incurred in the purchase and sale of shares of stock by the company.
