WANTS CONVICT BUILT ROAD

HOW JUDGE WEBSTER WOULD EMPLOY PRISONERS.

Favors Construction of a State Highway as Far as the California Line.

County Judge Lionel Webster spoke very encouragingly about the plan to build a macadamized road from Portland to the California line by convict labor, at a meeting of the Christian Union at the First Unitarian Church Chapel last night. His subject was "Efficiency of Convict Labor for Building Roads." The Christian Union is a philanthropic organization and all the members who were present last night were very much interested in the address. Judge Webster began with the very first suggestion to have the convicts employed to build a road across the state. He told of the commission that had been appointed to investigate the feasibility of the proposed project, and said that all of the members were in favor of the construction of the road. He said a bill would be presented at the next Legislature to provide for the use of the convict labor for this purpose, and he has very high hopes that it will become a law. He spoke of the great advantages of the road, saying that it would be a great attraction for tourists and that it would be very convenient for the farmers. He added that if this road was built it would be such a great success that he

thought before many years the state would be interlaced with similar highways built by convict labor.

He laid stress on the fact that if the convicts were worked on the road they would in no way come in competition with free labor, as they would be working at something which otherwise would not be done. He said the labor element was very much in favor of the project, and would do all within its power to carry it through to a successful conclusion.

Besides, Judge Webster thought outside work was very beneficial to the convicts from a humanitarian standpoint, was better than keeping them confined in the Penitentiary. He thought the convicts who refused to work should be starved into submission. Judge Webster has taken a great interest in the work of helping the convicts and criminals to help themselves, but is a firm believer in discipline.

MUST BRING THEIR PAPERS

Foreign-Born Citizens Must Give Proof Before Registering.

Foreign-born citizens must bring their citizenship papers when they call at the office of the County Clerk to register. The law requires the production of citizenship papers and while some electors have been registered by the clerk's referring to the registration of the elector two years ago, this cannot always be done, and the time consumed in looking up all registrations is sometimes considerable and causes others in line to have to wait. County Clerk Fields says he will insist upon the exhibition of citizenship papers in the future.

POSTPONE A DISSOLUTION

EXPOSITION DIRECTORS HAVE WORK TO COMPLETE.

Must First Secure Releases From Claims of Owners of the Fair Site Property.

Pending further arrangements with the owners of property within the Exposition site to secure releases from any claims that might be presented, the directors of the Lewis and Clark Exposition Corporation postponed a final dissolution of the organization at yesterday's meeting. The corporation will not be actually dissolved until details in connection with the leases are settled, and this will take several days. There was a big attendance of stockholders at the meeting in the Administration building yesterday. The report of President Goode on the receipts and expenditures of the big Exposition was read and adopted. Then the resolution authorizing dissolution of the corporation was read and carried. The business was transacted in about 15 minutes. Before adjournment was ordered by the directors, Whitney L. Boise and seconded by A. R. Steinbach, expressing the appreciation of the stockholders for the successful management of the Exposition by the officials and directors. It was adopted unanimously. The meeting of the directors followed, and was attended by 14 members of the board. The report of President Goode was submitted and adopted, and Secretary

Reed gave his final report giving the details of the financing of the Fair. In closing he stated that prior to the opening of the Exposition on June 1, 1905, \$462,000, or nearly 50 per cent, was paid in.

The directors decided to postpone the resolution of final dissolution and the distribution of surplus funds until formal releases of the grounds covered by the Exposition are secured from the owners and the meeting was adjourned until the releases are secured. Certain details only are yet to be arranged and it is believed this work will be accomplished early next week. It is likely the final meeting of the directors will be called at that time to declare formally the Exposition corporation a thing of the past.

TO BUILD ELEVATED ROAD

County Commissioners Reach Agreement With Portland Railway.

The County Commissioners' Court yesterday agreed to pay \$700 to the Portland Railway Company for the construction of a new elevated roadway on the Oregon side adjacent to the Vancouver ferry. The railway company has just finished a new roadway line to Vancouver, and will establish a new ferry route about a half of a mile west of the old ferry. The old roadway connected with the old ferry, and it is necessary as a matter of convenience that it shall connect with the new ferry. The old road is worn out, and would have to be rebuilt soon. The railway company will maintain the new roadway, provide guards, railings, etc., and furnish a 30-foot right of way for teams. The price originally asked from the county was \$14,000, but this was thought too much, and a compromise was finally effected by an agreement for the county to pay \$700.

RAIDS THE OWL SALOON

SHERIFF WORD ARRESTS SEVERAL FOUND THERE.

Were Playing a Mexican Game With Cards and Were Charged With Gambling.

Dave Block, Clark Calloway, A. Goldie, Wm. Richardson, Wm. Weymen, J. D. Swipes and L. Olcott were victims of a gambling raid made in the Owl saloon at 3:30 o'clock yesterday afternoon by Sheriff Word and Deputy Sheriff Gravel. Goldie ran away, and William Richardson declared that the cause of his arrest was that he had just registered as a Democrat to vote at the primary election for the nomination of Joe Malley, Democrat, for Sheriff against Tom Word. Numerous persons in the Courtroom remarked in a joking manner that Sheriff Word and his assistant had "pulled" a whole bunch of Joe Malley's adherents, but the Sheriff only smiled when he heard these comments and looked wise. The men were released by Judge Sears on \$100 bonds each, furnished by John Sirey, Charles James and T. H. Richardson. County Auditor Carl Brandes was requested by several of the crowd to go their bail, but it was not necessary for him to do so, as there were others present willing and competent. The game played by the accused was

pagongee, a Mexican game, in which eight short decks of cards are used.

Martin Ready, a gambler, was arrested at the same time for selling people in connection with the County Club at Milwaukie. He was also released on \$100 bail. District Attorney Manning will file information in all these cases today. Sheriff Word will be the complainant.

ANNAPOLIS CANDIDATES.

Six Young Men Take Examination for Naval Academy.

Six young men, between the age of 16 and 20 years, began a three days' series of examinations in the Federal building yesterday, as a result of which one of them will receive an appointment to a cadetship in the United States Naval Academy at Annapolis. The examination is given at the request of Senator Gearin, who, instead of exercising his prerogative and making an appointment of anyone he desired, turned the matter over to the civil service department, which is giving a competitive examination in which the most proficient candidate will receive the Senator's appointment. Five of the young men who are taking the examination are residents of Portland, and the sixth comes from Ashland. Their names are withheld from publication until the results of the examination are known, as is customary under the Government Civil Service system. The papers will be sent to Annapolis and the name of the fortunate contestant will be made known in about three weeks. The examination is given by F. A. Bingley under the direction of Z. A.

Leigh, secretary of the local branch of the civil service. It is considered a hard test, containing separate sets of questions upon each of the following subjects: Punctuation and capitals, English grammar, general geography, United States history, modern history, spelling, arithmetic, elementary algebra and geometry. In addition to this test, the successful candidate will have to pass the regular entrance examination to Annapolis, including a physical examination, before he begins his work of preparation to become a naval officer of Uncle Sam.

NO WOMAN DETECTIVES

Chief of Police Gritzmacher Says He Needs None.

There is no necessity for a woman detective, as some interested persons claim, according to a statement made by Chief of Police Gritzmacher last night, and no recommendation for one will be made by him. It is said the agitation in this direction has been started in the interest of a certain woman who wishes the position, which, if created, would carry with it \$30 a month, as this is the regular salary paid to members of the detective staff.

It has been suggested by some persons who are said to be fostering the cause of a certain woman, that there is great need for a woman detective, who would be assigned to care for women prisoners and to handle special cases, but Chief Gritzmacher says this is untrue.
