

FISH LEADS ATTACK

Champion of Policy-Holders of Mutual Life.

SEEKS INQUIRY AND REFORM

Railroad President Asks Insured to Support Movement Against Management—Hires Emminent Lawyers to Help.

NEW YORK, March 1.—Stuyvesant Fish, president of the Illinois Central Railroad and until recently a trustee of the Mutual Life Insurance Company and a member of the Mutual's investigation committee, has announced that he will lead a movement in that company for investigation and reform. It was practically decided today that Mr. Fish will lead a committee of policy-holders of the Mutual in the United States and Europe.

Invitations to prominent policyholders in all parts of the United States were mailed today and many acceptances are expected by those in charge of the movement.

The proposed committee will work independently of the so-called "governors and lawyers" committee. Reports that Mr. Fish may be asked to accept the proxy of the committee in the event of the overthrow of the present regime are said to be without foundation.

E. Cady Herrick, who was one of the counsel to the Trustee until Mr. Fish withdrew, will be retained as legal adviser to the committee. Samuel Untermyer will be associated with him and other eminent counsel will be engaged.

SEIZE COUNT BONI'S GOODS

French Moneylender's Suit Resisted by His Cousins.

PARIS, March 1.—An application was made to the Civil Tribunal of the Seine today in behalf of a money lender for permission to levy on the household goods in the Castellane mansion to satisfy a claim for money advanced to Count Boni. The lawyers of the Countess resisted the request on the ground that the goods are her separate property. The case finally was referred to a Judge in Chambers to determine whether a portion of the Count's belongings are in the mansion. The case is considered to be a test affecting numerous creditors.

SUITS AGAINST THE M'CURDYS

Mutual Life Acted Before Family Sailed for Europe.

NEW YORK, March 1.—Suits have already been instituted by the trustees of the Mutual Life Insurance Company against ex-President Richard A. McCurdy, ex-General Manager Robert H. McCurdy and the firm of Charles A. Raymond & Co., formerly general agents of the Mutual, according to an announcement made by the board of trustees today. These suits were begun some time ago on the advice of Joseph H. Choate, Mr. Choate's formal report was not made to the trustees until today, but the suits were begun on preliminary expression of his views.

The trustees at their meeting today accepted the resignation of William H. Morris, of Philadelphia, and Stuyvesant Fish and after considering the report of the Armstrong investigating committee, which was recently submitted to the board, adopted the following resolutions:

Resolved, That so much of the report of the committee as recommends remedial legislation be referred to the President and Council with authority to appear before the legislature and to introduce a bill introduced by the committee and to present such facts and considerations as in their judgment may most effectively protect the interests of the company and its policyholders.

Resolved, That as to the other matters contained in the report the same be referred to the President and Council with authority to take such action, if any, as should be taken thereon; and that until the receipt of his report further action on the part of the committee be postponed.

BANKERS' LIFE IN BAD SHAPE

Capital Impaired and Reorganization Ordered by Hendricks.

NEW YORK, March 1.—The Herald tomorrow will say:

Called upon by the State Department of Insurance to make good a serious impairment of its capital, stockholders and directors of the Bankers' Life Insurance Company of New York held important meetings yesterday, the result of which will be that within a few days the men who control the present management will retire and successors will be named by interests opposed to the committee.

The Bankers' Life has nearly \$25,000,000 of outstanding insurance on its books. Examinations by the State Insurance Department last December disclosed an impairment of capital to the extent of something like 20 per cent. Under instructions from Superintendent Hendricks, the company immediately ceased writing new business until the shortage could be made good and as rapidly as its license for doing business in other states had expired the company has been withdrawing from operations outside the domestic field.

H. K. Stokes, a brother of Governor Stokes of New Jersey, is the acting president, W. I. Little third vice-president and other vice-presidents having retired some time ago. William Scherrer, manager of the New York Clearing House Association, is the vice-president and his brother, Arthur Scherrer, is the company's general counsel.

The officers have reported a voting trust charged with the election of the company's directors. Members of the voting trust are Foster M. Voorhees, ex-Governor of New Jersey and until recently president of the bankers' company, and William Scherrer.

M'CURDYS OFF TO EUROPE

Takes Wife, Daughters and Son-in-Law Thebaud With Him.

NEW YORK, March 1.—Richard A. McCurdy, ex-president Mutual Life Insurance Company, and Mrs. McCurdy, Louis G. Thebaud and Mrs. Thebaud, Mr. McCurdy's daughter, left Morristown, N. J., last night and boarded the Hamburg-American steamship America at its pier at Hoboken. Several servants accompanied them. The America sailed today.

When the carriage containing the McCurdys and the Thebauds arrived at the pier, a reporter tried to obtain an interview with Mr. McCurdy. Mr. Thebaud's coachman, Thomas Beddow, struck the reporter, the police say. Beddow was arrested on the charge of assault and battery. He was held in \$300 bail.

At McCurdy's home in Morristown, it was said that enough servants had been left there to keep the place in order, and that the silverware and china had been placed in the vaults of a local safe deposit company. The Thebaud place was also placed in the hands of caretakers.

Mr. McCurdy has reserved what is known as the "Imperial suite" on the America. It gets its name from the fact that the German Emperor has the privi-

RIOTING IS RENEWED

Springfield Mob Burns Houses, Wounds Soldier.

THREAT TO STORM JAIL

Attacks on Negro Quarter Continue and Company of Troops Stoned.

SPRINGFIELD, O., March 1.—After a day of quiet from the mob which held sway for two nights, this evening was ushered in with indications that more depredations against the colored population of the city had been planned for tonight. Anticipating that the attack, if made, would be in the vicinity of Section street, a squad of soldiers was sent to that locality at 7:30 o'clock. Just before its arrival a crowd of rioters sprang from the house of Fear Howard, against whom threats had been made. The house had been set on fire, but the troops sent in an alarm and the structure was only slightly damaged. The rioters escaped.

The street sales of all newspapers have been forbidden and the crowd is reported to have in contemplation various other measures destined to hinder or destroy the efficiency of the press in reaching the public. Oppression in the autonomous county governments is being continued. Public meetings are being forbidden and one ex-Deputy has been arrested on the charge of treason because of a speech which he delivered before a political club.

SOLDIER FATALLY WOUNDED

The first serious clash between the rioters and militia took place tonight on Section street, when a crowd of hoodlums stoned Company I, Fourth Regiment. One of the missiles struck Private Arthur Stimmel on the head, fatally injuring him. The troops then charged the mob and dispersed it.

REBELS BLOW UP LOYALIST'S STORE

EKATERINOSLAV, March 1.—Revolutionists today exploded a bomb in a store, the proprietor of which yesterday refused them demand for a contribution and summoned the police.

DAVIS IDENTIFIES DEAN

Guarded by two companies of soldiers, the prisoners, Edward Dean and Preston Ladd, were brought here from Dayton today and taken to the City Hospital to be identified by Martin Davis, the wounded brakeman. Davis identified Dean, but could not identify Ladd. When the identification of Dean became known, murmurings were renewed. The police learned of threats against the military was to surround and employ colored laborers. Threats also have been made against Police Judge Miller's residence.

Twenty-six rioters were arraigned in Police Court today and fined.

Rioters Arrested in Squads.

It was not until Charles Ammel, commanding the eight companies of soldiers,
