

BANK PRESIDENT UNDER ARREST

Government Accuses John R. Walsh of Making False Statement.

\$3,000,000 IS INVOLVED

Also Charged With Misapplying Chicago National Bank's Funds to Own Use—Walsh Denies Truth of Charge.

CHICAGO, March 2.—John R. Walsh, president of the defunct Chicago National Bank, which closed its doors December 23, 1905, was today taken into custody on a Federal warrant which charges him with violation of the National banking laws in making false returns to the Controller of the Currency and also asserts that he converted to his own use without authority the funds of the bank amounting to \$3,000,000. He was released after giving bonds of \$50,000.

Made False Bank Statement.

The complaint alleges in specific terms that on November 15, 1905, the Chicago National Bank transmitted to the Controller of the Currency a statement of the financial condition of the bank at the close of business on November 9. In this statement, it says, "the said John R. Walsh unlawfully made certain false entries to the effect that at the close of business on the 9th day of November the amount of loans and discounts of the said banking association on which the officers and directors thereof were then liable either as payer or indorser, was \$545,000, whereas, in truth the amount of such loans and discounts was \$2,000,000, and another false entry to the effect that the amount of loans and discounts of the said association on which the officers and directors were not liable as payers or indorsers was \$2,500,000, whereas, in truth the amount of such loans and discounts was \$2,000,000."

Misapplied \$3,000,000 of Funds.

Another section of the complaint alleges that Walsh had possession of the funds and money of the bank amounting to \$3,000,000, with the intent to injure and defraud the bank. The \$3,000,000 mentioned in this complaint is identical with the amount specified as being loaned to officers of the bank.

It is further alleged that John R. Walsh, John M. Sullivan and William Best, directors of the bank, and other persons to numerous to mention, unlawfully misapplied this money by converting it to their private use.

Blizzard Causes Collision.

THE arrest of Mr. Walsh came as the direct result of the examination of the books of the Chicago National Bank, made by Special Examiner Arthur R. Cuddy, sent to Chicago from Washington. The data furnished to the Treasury Department by Mr. Cuddy was sent to District Attorney Morrison in this city, with instructions to take the proper steps.

TORNADO WRECKS TOWN

(Continued From First Page.) towns adjacent to Meridian, and all the trains entering Meridian are delayed. The Western Union Telegraph Company reported having lost 15 miles of wire and the Postal Telegraph Company also suffered great damage.

NAMES OF SOME OF DEAD

Many More Still Buried in Wreckage of Building. MEMPHIS, Tenn., March 2.—A large number of persons are reported to be killed by the tornado at Meridian and many are missing and unaccounted for. Among those known to be dead are: MRS. EMMA SINGLETON AND GRANDDAUGHTER. MAURICE SLAGHTER. CLAUDE WILLIAMS. T. W. STENNER, conductor of the Mobile & Ohio Railroad. WILLIAM B. NELSON.

MANY BODIES AMONG RUINS

Whole Section of Town Demolished, Burying 100 Persons. BIRMINGHAM, Ala., March 2.—A message received by Superintendent Griggs, of the Alabama Great Southern, at 10 o'clock tonight, from the operator at Toombsville, Miss., four miles north of Meridian, who had just come from the scene of the disaster, says that upward of 100 persons were killed and that the property loss will be heavy.

RIVAL ROUTE TO PANAMA.

Wallace Says Tehuantepec Railroad Will Get Business. CHICAGO, March 2.—John F. Wallace, formerly chief engineer of the Panama Canal, was the chief speaker at the banquet of the Illinois Manufacturers' Association tonight. He chose for his subject "Some Phases of the Panama Problem."

SCORES DEAD OR INJURED

Hardware Store Collapses and Buries All Employees. JACKSON, Miss., March 2.—A special to the Clarion-Ledger, from Meridian, Miss., says that it is estimated over 100 persons are dead and scores are injured as a result of the tornado there this afternoon. D. D. Bennett, Claud Williams and Frank Woodruff, employees of the Meyer-Neville Hardware Company, were buried in the debris when that building went down. Bennett escaped, but the other men are still beneath the ruins.

BODIES IN WRECK OF DEPOTS

Eighteen Already Recovered and Others Still in Ruins. MEMPHIS, Tenn., March 2.—A special to the Commercial-Appeal from Meridian, Miss., says: "The Union and Queen & Crescent were the depositors of the Enterprise National Bank. Mr. Talmadge stated tonight that the parties he represented contemplated extending the line from Meridian to

Albuquerque, a distance of about 12 miles, and from Torrance to Roswell, about 40 miles.

WYOMING TRAIN SNOWED IN

Passengers Rescued by Snowplow After Ten Hours.

CHEYENNE, Wyo., March 2.—The northbound passenger train on the Cheyenne & Northern Railroad, the Wyoming line of the Colorado & Southern system, which left Cheyenne at 8:35 A. M. yesterday, reached Iron Mountain, 46 miles north of this city, having been delayed 14 hours by the storm. A snowplow and relief train were sent from this city to the rescue of the passenger train, which had been stalled by the drifting snow. There were 39 passengers on the belated train. All telegraph wires entering Cheyenne were down last night save one over the Cheyenne & Northern. A. A. Blumenthal, who were sent out yesterday over the Union Pacific were obliged to wait at Archer until daylight, as they could not see the wires and poles in the storm last night.

Trains Stalled in Kansas.

WICHITA, Kan., March 2.—The worst storm of the season began here at 2 o'clock this morning. The temperature is below the freezing point, and a stiff wind prevails. Telegraphic communication to the south is impaired. Rock Island and Union Pacific passenger trains which should have arrived last night were stalled all night on the prairie to the west. A wrecking train was sent out this morning by the Union Pacific. Some of its cars are reported to have left the rails, due to the solid packing of the snow. In the mountain roads experienced very little trouble.

Stock Suffers, Irrigators Rejoice.

DENVER, March 2.—Six and one-half inches of snow fell in Denver yesterday, accompanied by a high wind, making it the worst storm of the winter. Railroad traffic in Colorado and Wyoming was delayed, and telegraph wires in the storm zone were rendered useless. Advice from Wyoming says that stock suffered in that state. Heavy snow fell in the mountains, in some places three feet on the level, assuring plenty of water for irrigation.

Worst of Winter in Nebraska.

LINCOLN, Neb., March 2.—Dispatches from Alliance, Norfolk and other Western and Northern points in Nebraska, state that the worst storm of the winter has been raging for 24 hours. All Alliance the conditions are growing worse and wire facilities are demoralized in the western part of the state. Northwestern Nebraska is feeling the effects of the first blizzard of the year.

Wires Down in Western Kansas.

KANSAS CITY, Mo., March 2.—A severe blizzard raged today in Western Kansas, extending from Ellis, Kan., a point 300 miles west of Kansas City, into Colorado. Although the weather was not very cold, a strong wind drifted the snow and played havoc with telegraph and telephone wires. No serious delay to railway traffic was reported, however.

Blizzard Causes Collision.

LINCOLN, Neb., March 2.—A local passenger and a freight train were in collision on the Union Pacific Railroad near North Platte, the engineers being unable to see ahead of their trains on account of the blizzard. Engineers Henry and Garman and Fireman Finn and Brown were badly hurt and several passengers injured.

MAY MAKE HIM ANSWER

Senate Committee Considers Cromwell Case.

HE AGAIN REFUSES REPLY

Canal Company's Lawyer and Alabama Senator Have Another Exchange of Compliments. To Americanize Canal.

WASHINGTON, March 2.—The letter from William Nelson Cromwell to the late Secretary of State Hay, under date of December 1905, which was taken up by Senator Morgan today in the examination of Mr. Cromwell before the committee on inter-oceanic canals. The period covered by the letter was when the Panama Canal Company was seeking a prolongation of its concessions on the isthmus.

Exchange of Compliments.

"I am compelled by the attitude of this committee to accept your unusual and indeed regretful reply," said Morgan. "They are no more unusual or indeed than your questions," asserted the witness. Senator Tallaferro interrupted and demanded to know wherein the question was indeed answered by the witness. The answer was in the assumption that he had been employed to do anything against the interests of the United States. Tallaferro then demanded that the witness reply to inquiries.

May Make Him Answer.

Tallaferro appealed to the chairman to know whether the witness could refer to the plan offered to the House committee and then refuse to explain its provisions on the ground that professional secrets were involved. Mr. Cromwell said the document would speak for itself. Tallaferro said that the witness should not dictate the manner in which the committee gets its information. After consideration, the witness outlined the House committee plan briefly. It was determined that the question of compelling the witness to answer reference to an issue pending in the House on an executive session.

Why Markel Hired Millard.

At the afternoon session J. E. Markel, of Omaha, was examined concerning the canceled contract he had with the Canal Commission to establish a commissary on the isthmus. Mr. Markel was questioned concerning his expense bill allowed by the Canal Commission with particular reference to an issue pending in the House. He said W. B. Millard was the son of Senator Millard and that his employment began September 18, 1905, 11 days after the contract had been made. He declared that the relationship of young Millard to the Senator had nothing to do with the employment.
