With Public Service, Building of Plant by City Is
Advocated.

KANSAS CITY, Mo., March 8-Many
Kansans are considering the proposal
of the Kansas City Bricklayers Union
that a contract be reached with the public
service company. They feel that a
reasonable rate of compensation has
already been established for the
bricklayers, and that the company
should be given an opportunity to
present its case before the rate
commission.

Ghirardelli's Coca is a food. Why?
Because the D. Ghirardelli Co.
uses a new process that retains in
the cocoa every property of the
cocoa-bean.

In the cocoa-bean is more nitrogen
—mental force than in wheat flour
twenty times as much horse power
—reserve of energy.

The delicious aroma and flavor in
Ghirardelli's Coca

includes the richness and the appre-
tation. The color of the cocoa is darker
than in other cocoas. That makes
the cream of the cocoa-bean oil,
the most important accomplishment of the
new process.

Ghirardelli's Coca

is the healthful food of the future.
