Many years of active practice convinced Dr. Pierce of the value of many native roots as medicinal agents and he went to great expense, both in time and in movey, to perfect his own peculiar processes for rendering them both efficient and safe for tonic, alterative and rebuilding agents. The enormous popularity of "Golden Medical Discovery" is due both to its scientific compounding and to the actual medicinal value of its ingredients. The publication of the names of the ingredi-ents on the wrapper of every bottle sold, gives full assurance of its non-sicoholic character and removes all objection to the use of an unknown or secret remedy. It is not a patent medicine nor a secret sone either.
