Steamer Sutherland Will Make Two Successive Trips to the Orient.

WILL BRING RETURN CARGO

Large British Tramp to Call at Manila for Freight After Having Delivered the First Lumber Shipment.

The large British tramp steamer Sutherland, which is now two days overdue from Japan for this port, was chartered yesterday by the Pacific Export Lumber Company to take a second cargo of lumber from local mills to China and to bring out a general cargo from Manila on her return from the Orient, after having delivered her first lumber cargo.

The Sutherland left Mororan, Japan, on February 14 for Portland, and the look-out at North Cape has been expected to see her boom up off the river for the past two days, but he has looked in vain, and she is still at sea.
