Col. L. L. Hawkins Will Be Laid to Rest.

BODY NOW LIES IN STATE

Mazamas Pass Resolutions of Respect to Memory of Their Late Companion and Friend, Deploring His Death.

Friends of the late Colonel L. L. Haw kins, whose death early Sunday morning came as a sudden shock to the whole city, will gaze upon his features for the last time today. His body will lie in state at the First Unitarian Church from I o'clock this morning until 1 o'clock it

It is expected that thousands of pergons will view the remains of Colonel Hawkins this morning and afterneon. Since his death his body has been at the Holman undertaking pariors, where hun-dreds of the friends of the deceased have

Man of Public Spirit.

The funeral will be one of the biggest ever held in Portland. Few men, if any, had a wider acquaintance than did Colonel Hawkins. He was a member of many different societies and organizations, and his public-spirited work brought him in touch with hundreds of persons whom otherwise he would never have uset. He was admired and loved by almost all who knew him, and most of his friends will undoubtedly attend the funeral. Practically all of the carriages in Portland have directly been engaged for the funeral have already been engaged for the funeral

Many beautiful floral offerings have been received. Most of the floral offerings are being held until today, when they will be sent to the Pirst Unitarian Church, where the remains will be uncovered,

Mazamas Will Attend.

The Mazamas will be in full attendance st the First Unitarian Church today to pay their final tribute of affection and respect to their comrade, who had accompanied them on many of their outings. Members of the Magamas and the Audu-ion Society will act as a guard of honor when the body is uncovered at the Uni-tarian Church. There will be about ten members from each organization, and ome of them will remain on duty all the

The funeral services at the First Uni-arian Church at 1:30 o'clock will be short but impressive. Dr. T. L. Ellot, who was probably the most infimate friend of the deceased will officiate. The services will not last more than half an bour, it is thought, and then the body will be taken to the Riverview Cemeters, where the last rites will be performed.

The members of Columbia Lodge, A. F. & A. M., of which the deceased was a member, will so to the competers in a

member, will go to the cemetery in a street-car, which will be awaiting them on the switch on Yamhill street, between ind and Fourth streets.

Masonic Services at Grave.

The lodge will have charge of the services at the grave. The customary Massing ceremonics will be performed, over which Master Philip Gevurtz will oreside, assisted by Senior Warden Walter O. Haines and Junior Warden Paul Chamberiain,

The pall bearers for the funeral have been selected from the various secie-les to which the deceased belonged. They are as follows: B. S. The St. Johns Council last night received a proposition from A. J. Richardson to erect a gas plant if the Council would give him a franchise. lie offered to supply gas at \$1.25 a thousand feet, give the city 2 per cent of the gross income, and give a guarantee that he would construct the

Councilman Brice asked if he would supply air with the gas as was done in Portland, and Mr. Richardson said he would supply good gas. He said that there was ample money back of the application to erect the plant. The Savior would think of some modern Christery.

Action of Health Board Relative to Portsmouth School,

As a precaution against the spread f diphtheria, the Portsmouth School was yesterday thoroughly fumigated under direction of Dr. C. H. Wheeler, the City Health Officer. Assistant Health Officer Beutelspacher, who performed the work, attributes the tagion to the lack of proper sewerage facilities, and says that five cases have already been taken from the school, four of which originated with members of the McCarthy family, re-siding at 1639 Portsmouth avenue.

Quarantine measures have been adopted relative to this household, but it is feared there is danger of the discase spreading in other directions un-less extraordinary precautions are ob-served. The school is not connected served. The school is not connected with any sewer, depending entirely upon a cesspool, which has become badly contaminated.

There is a strong probability of the Board of Health ordering the school to be closed, as this phase of the situa-tion has already been discussed.

A Suggestion to Dr. C. T. Wilson.

PORTLAND, March 13 - (To the Editor.) Wilson through the columns of your paper if it would not suit his kindly and Christian (1) disposition better if Judge Cameron were to sentence all failer women to death? Mr. Wilson seems to think the gospel no longer has power to save and he would rely upon rigorous fines to make bad people good. An excellent idea! How would it be to offer prizes also for women who remain virtuous Between hig fines in the Police Court on the one side and handsome prizes for virtue on the other, what woman is there who would go wrong? And may I in conclusion he permitted to wonder publicly what the Savior would think of some modern Christianity?

Citizens of the East Side Make Declaration.

WILL ASK COUNCIL FOR IT

Resolutions Unanimously Adopted by Improvement Association in Accordance With Edward Newbegin's Proposition.

Resolutions favoring the granting of a Third street were adopted last night at a meeting of the East Side Improvement Association, and will be presented to the City Council. The vote adopting the resolutions was unanimous, but was taken after a long discussion, in which considerable diversity of opinion on the propo-

sition was expressed.

Two applications for franchises on East
Third street have been made—one by the East Side Belt Line Railway Company, the other by the Southern Pacific, for a J. J. Johnson, master of the Evening switching track. The resolution as first Star Grange, was not indorsed for state presented last night by Edward Newbegin favored granting a franchise to the Belt Line Company, Several of those present stated that they were not ready to vote that any special company should have the franchise, and so the motion was amended to make the resolution general. The franchise would give over the use of the street from Sellwood to

Benefits From Belt Line.

Mr. Newbegin, in support of his a pointed out the benefit that the East Side might expect to derive from a belt line running the entire length of that district of the city. He called attention to the inconvenience that residents of the East Side now experience in going from one part of that district to another. In so doing, in many cases, it is necessary for them to cross the river and transfer to a line of cars running over one of the other bridges.

bridges.

The resolutions were supported by C. H.
Meussdorffer, Dr. C. H. Rafferty, Councilman Kellaher, Thomas Hislop and several others. W. L. Boise, president of the organization, took the floor against the proposition, stating that he believed that the proposition. that the proposal of the Southern Pacific was the best which had yet been made. He added that if any belt line company could make as favorable a preposal, he would support it, and that he was not opposed to recommending that a general resolution be passed. As several others held the same view, Mr. Newbegin amend-cd his motion to correspond with the suggestion, after which it passed by unani

East Side Fire Limits.

Another subject which received much attention during the evening was the pro-posed establishment of fire limits on the East Side. This matter had come up several times before at the meetings of the association, and each time has me with general favor. It is probable that at future meeting resolutions asking the Council to passean ordinance to this ef-

ect will be passed. Joseph Butchel led the discussion avor of the fire limits last night. He howed that insurance rates have been increasing with great rapidity in the warehouse section of this district, and would soon become almost prohibitive builders continue to construct wooden buildings.
