ST. JOHNS FAVORS TWO-DECK BRIDGE

Citizens Ask Port of Portland Commission to Insist on Plan.

MASS MEETING IS HELD

Resolutions Passed Demanding That Hill's New Structure Be Designed for General Traffic-Mayor King Against Tactics.

A mass meeting of representative citizens of St Johns and vicinity was held last night in Woodmen Hall in which business of interest to that place was considered, chief of which was the matter of supporting the Port of Portland in requiring that the Portland & Scattle Railway Company should build a double-deck bridge across the Willamette River for use of street-cars and the general public. Mayor W. H. King was chosen enairman and Wil-lis Moson secretary. Mayor King an-tenanced the object of the meeting, but arged that the proceedings be cau-lieus and conservative. Mr. Moxon made a forcible talk in

which he declared that only a double-seck bridge should be built, that would accommodate the public, and thus avoid the building of another bridge for atrect-cars and general traffic in few years at another point, Mayor King called for expressions of opinion. Thomas J. Monahan spoke for the double-deck bridge, and remarked that such a bridge would shorten the dis-tance to the heart of the city and bring greater prosperity to St. Johns. He did not think that the requirement ould prevent the construction of the

He said that if the company would build such a bridge he should favor relieving the company from dredging near the bridge. Mr. Monahan then submitted the following resolutions as embodying the purposes of the mass

is, at the present time, greatly overtaxed in the handling of the traffic of the East Side, which traffic is increasing at a very rapid pace, which naw promises to continue, in which case all of the East Side and Peninsula

which case all of the fast Side and Pennsula districts must suffer; and,

Whereas, it will be necessary in the near future to build a bridge at a point somewhere between the present Sicel bridge and the contemplated Northern Partitic bridge to take care of the increasing traffic, between the Peninsula and Portland. This bridge would be an additional and unpresented obstruction to may tion, but will have to be built unless some angement is made with the Northern Pa-Ratiway to make their bridge a double-

After full discussion the resolutions were manimously adopted. T. J. Monahan, Willis Moxon, D. C. Rodgers and W. L. Thorndyke were appointed a committee to wait on the Port of Portland with the expression from the mass meeting.

Talks Fire Protection.

Mayor King called attention to the cipless condition of St. Johns in case of fire, and said that a fire engine costing 1890 was offered that would throw two streams 150 feet. He invited an expression of opinion. Willis Moxon said he thought the Council should take the initiative and provide fire apparatus, but Mayor King said the Council wanted an expression from the people. The subject was then dropped to be taken up at a meeting called specially for that purpose.

Although C. M. Levey, president of the Portland & Seattle Rallroad Company, came from Tacoma early this week while J. G. After they discuss it, and sugest any eded changes, an informal session is sely between the commissioners and the firead officials, each attended by their attorneys, when the conditions urged by the Port of Portland will be taiked over and either agreed to or refused. It is not likely the matter will be settled un-

DR. SEMLER GOES FREE

Jury Discharges Him on Motion of District Attorney.

On motion of District Attorney Manning, the jury called to try Dr. Paul J. A. Semler for performing a criminal operation on Winnifred McGrath, a girl 16 years old, returned a verdict of not guilty in Judge Sears' court yesterday. After the girl had given her testimony Mr. Man-ning arose and informed the court that if she had told the same story when she appeared before him, when he was sitting as a grand jury, he would not have filed formation against Dr. Semler. The District Attorney called attention t

additional evidence which, he said, he had not been given in his office, and then said: "If I was a juror I would not con-vict on the evidence which has been sub-mitted, and I would not expect this jury

There was also a legal question in th case, which Judge Sears would probably have decided in favor of the defendant, and such a decision would have taken the case from the jury and resulted in his final discharge.

ESTATE TAKES APPEAL.

Administrator Will Carry Johnson Case to Higher Court.

E. M. Cederberg, administrator of the tiled notice of appeal to the State Circuit Court yesterday from the decision of Lionel R. Webster, County Judge, as to the final report of R. O. Scott, the former administrator. Judge Webster allowed an Item of \$500 paid by Mr. Scott to R. W. Ruffin, an attorney. The latter did not account to the beirs as he should have done. Judge Webster also ordered Mr. Scott to turn over the balance in his hands, \$83, to Mr. Cederberg. The Ruffin matter is what is appealed from.

Rudolph Johnson was killed in a street-car accident at East Twenty-first and East Glisan streets about a year ago. The Portland Consolidated Rallway Company settled for \$2500, and the \$583 is all that is left for the heirs, unless the \$750 is re-covered from Mr. Ruffin or Mr. Scott.

McGinnis Gives \$1000 Bail.

B. P. McGinnis, the police officer arrested several days ago for contribu-ting to the delinquency of Myrtle Moore, a girl 16 years old, was released from the County Jail yesterday. Judge Frazer fixed his bail at \$1000, and the father of McGinnis and another surety signed a bond which was aproved by the court. Mrs. McGinnis, the wife of the accused, has visited him in the jail, and was present when he was re-leased. McGinnis, through his at-torney, C. M. Idleman, has filed a de-murrer to the information which will be argued within a few days.

Marquam Theater Will Comply.

City Attorney McNary filed a demur rer in the State Circuit Court yesterday to the injunction suit of the North western Theatrical Association to prevent the closing of the Marquam Theater, and the grounds of the de-murer are that the complaint does not state facts sufficient to constitute a

cause of suit.

The theater people now have an architect and a force of men engaged making the changes necessary to com-ply with the fire ordinance. If all the required changes are made the case will never be tried.

Claims Big Commission.

Mayor King, of St. Johns, Strongly Favors the Measure.

MAYOR'S OFFICE, St. Johns, Or., March MAYOR'S OFFICE. St. Johns, Or. March 18.—(To the Editor.)—I wish to call your attention, and through you, the attention of the Port of Portland Commissioners and the public generally to the importance of having an upper deck to the new Northern Pacific bridge across the Willamette River. If this point is not insisted on and the railroad company not compelled to make this provision, it will be a grave higher on the rare of the will be a grave blunder on the part of those in authority. It is a matter of only a few years when some means of getting across the river to Portiand, outside of the aiready overcrowded Steel bridge will be an absolute necessity, and this is the great opportunity to provide for the rapidly growing districts on the lower Peninsula. This matter is of the highest importance, and we earnestly hope that it may receive the help of The Ore gonian. W. H. KING.
