St. Paul Road Lets Contracts for Rails and Ties.

GRADERS ALL ALONG LINE

Pacific Extension Causes Largest Rail Contract in Years-Ties From Many States-Building Camps for Workmen.

CHICAGO, March 3t (Special.) The St. Paul road has placed an order for the manufacture of 125,000 tons of steel rails with the Illinois Steel Company, the Chicago branch of the steel trust. The order necessitates an expenditure of \$5,500,000, and it is understood that all of the rails be rolled in the mills at South Chi-

A large portion of the order is for the St. Paul's Pacific Coast extension upon which it is expected that 40,000 tons of rails will be laid before the close of the ear. Quite a portion of the rails is stended for renewals upon present lines. The order is one of the largest single contracts secured by a single steel corporaare split up among nearly all of the steel companies and are divided among the trust and the independent concerns,

included in the material recently ordered by the company is 2,600,000 ties for use on the new extension. Great difficulty was experienced in securing the orders, and the company was compelled to into half a dezen states. The ties will cut in Alabama, Georgia, Tennessee, Wis-

the new road graders' camps are being rapidly established, and ere long con-struction will be in full blast. Contracts have been let to Melintosh Bros., of Milwankes, for the construction of 400 miles of the road from Evarts west, and con-tracts have been secured by H. C. Henry, of Seattle, for the construction of 200 miles of the line from Seattle cast. The exact route, both from the east and the west ends, will be determined within a week or two.

BRIDGES FOR ST. PAUL ROAD

Bills Allowing Six Over Navigable Rivers Before Congress.

OREGONIAN NEWS BUREAU, Washington March 30.-There was evidence about Congress today that the Chicago, Milwaukee & St. Paul Railroad means to extend its line from Chamberlain, S. D., to some point on Puget Sound. Bills were introduced in the Senate and House authorizing this road to construct six bridges across navigable rivers between Chamberlain and the Sound. One bridge will be across the Missouri in South Dekota, another across the Yellowstone River, Montana, a third across the Snake River near Lewiston, Idaho, and there will be three bridges in Washington, one crossing the Snake between Whitman and Columbia Counties, another crossing the Columbia between Douglas and Kittitas

These bills were drawn by George R. Peck, general solicitor of the Chicago, Milwankee & St. Paul road, and were escented by him to Senators and memnot believed these bills will encounter the man, who introduced the Washington bills, is a member of the interstate comreferred, and will see to it that they are

Bill for St. Paul Road's Bridge.

WASHINGTON, March 20.-Representaive Dixon, of Montana, introduced a bill teday authorizing the Chicago, Milwaukee & St. Paul railway to cross Fort Keogh treservation and to bridge the Yellowstone

OFFENDS THE JEWS

Another Reason for Recall of Bellamy Storer.

BARRED FROM EMBASSY

Ambassador to Vienna Intensely Dis liked by American Colony-Absent From Embassy-Whereabouts Kept Secret.

VIENNA, March 20,-(Special.)-The recall of Ambassador Bellamy Storer came as a complete surprise to the American embassy, which has had practically no communication with him months past. Although both Mr. and Mrs. Storer are ardent Catholics and in constant communication with Rome and other Catholic centers, it is not believed the reason for the Am-bassador's recall is his propagandist activity or the efforts of Mrs. Storer to obtain the appointment of a second American cardinal. It is thought rather that there must be some private and personal motive, but what it is has not leaked out. Nothing in the recent official work of the Embassy could of-fer a ground for his dismissal.

Doubtless a contributory cause th Mr. Storer's unpopularity among the members of the American colony in Vienna. No Hebrew-American has been permitted to enter the Embassy draw ing-rooms since Mr. Storer's advent. Special offense was given last Thanks-giving, when it was announced that there would be no reception, but nevertheless a private party of personal friends was given at the Embassy. The press here makes no secret of this side of the question, which it discusses in a manner quite unprecedented in the

case of foreign representatives.

The date of Mr. Storer's return is uncertain, as his present whereabouts is unknown. Unless his successor, Mr. Francis, arrives by June, he cannot be received before September, as the Emperor does not grant audiences during the Summer. It would be idle to pretend that the American colony regrets Mr. Storer's departure.

HOP POOL SCARES BRITISH

Premier Refuses to Interfere When British Growers Protest.

LONDON, March 20 .- In the House of Commons today, Premier Campbell-Ban-nerman said he declined to embark in a crusade against "hop pools" in America or elsewhere. A member asked for information about an alleged pool formed by a hop exporter of Wheatland, Cal., and employment of Chinese coolles by oregon hopgrowers, and expressed the hope that the British government would take steps to prevent the pool from de-stroying the British hop industry. The Premier said he had no information

regarding the pool referred to, and added that he had been informed that Chinese labor was not largely employed by the to suppose that it was employed under other than free conditions. The Premier, therefore, declined to take any action in the matter.

POOL WAS NOT ORGANIZED

California Growers Refused to Adopt

fair wages. On March 7 last, M. H. Durst, a wellknown grower, presented a proposition for the formation of a hop pool to a convention held in Santa Rosa under the auspices of the Sonoma County Hopgrow-ers' Exchange. He made an offer for 2000 bales of the old crop, to which he proposed to add 5000 bales obtained else-where. He proposed to dispose of his stock in London at market rates, and after deducting expenses and interest, to divide the proceeds among the growers, the object being to dispose of the sur-

A committee was formed to obtain sig-A committee was formed to obtain ag-natures to the pooling agreement, but on March 25, when the time limit expired, only about 26 bales had been signed for, and the attempt to organize a combina-tion was abandoned.

The hop crop of Oregon for 1905 amounted to 112,000 bales, of which 11,000 bales remain unsold. It is estimated that 125. 000 to 140,000 bales will be packed this
